

POWDER RIVER GATES

Classic 52-inch Gate with Lever Latch

Made to the same heavy-duty specifications as our Classic Panels, and featuring the same Classic Five-Year Limited Warranty, this gate is a must for crowding situations. Like the Classic Panels, this gate can withstand large amounts of pressure and spring back to its original shape. The hinge is another key ingredient in the formula for strength. Made of 1/4-inch x 3-inch steel, these 180-degree hinges can be mounted to wood or welded to steel posts. A double-piston lever latch provides opening ease while on the ground or on horse back.

CLASSIC 52" LEVER LATCH GATE SPECIFICATIONS

Boss Gate

1600 Tube Gates

The 1600 Series Tube Gates are built to the same tough specifications as the 1600 Tube Panels. Powder River's 1600 Tube Gates come with a choice of our 180 degree steel hinges or our 12" long threaded bolt hinges. These gates are perfect for pasture, lanes, driveways and limited crowding.

Classic Bow Gates

Ideal for free-standing portable systems. The Classic Bow Gate frame is made from a heavy schedule 40 pipe, while the bottom section is manufactured from a 7-gauge steel. Our Classic Gates are hung within the bow, making this the strongest Bow Gate on the market.
