

ELECTRO PHOTONIC IMAGING (EPI)

Experimental Group

CASE 1

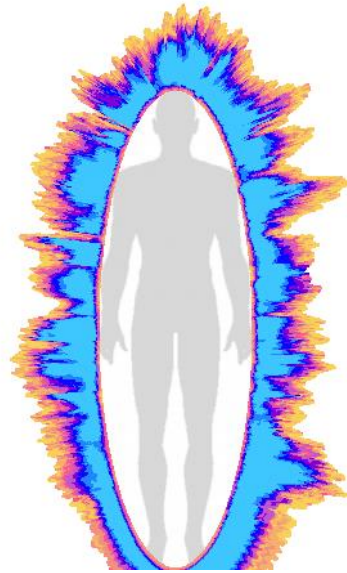

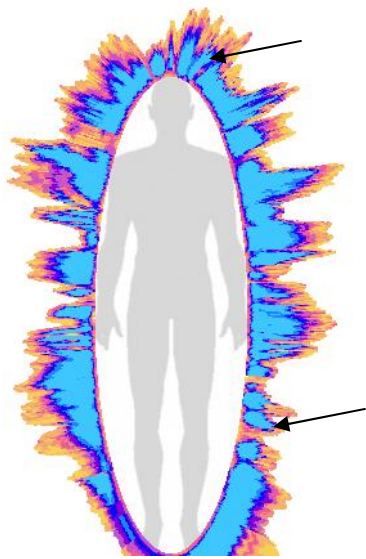

HGH2977033994 Before

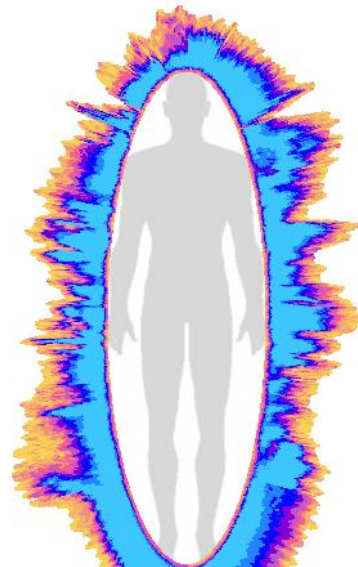

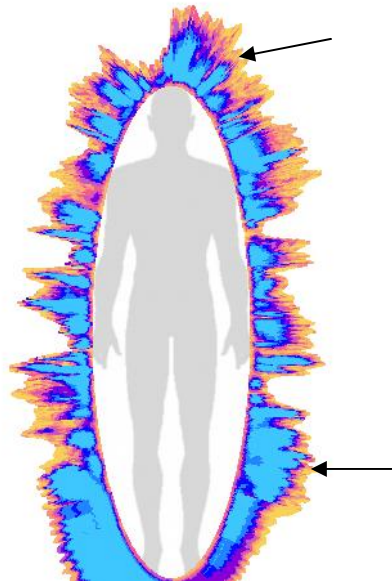

HGH2977033994 After

Analysis: On physical plane, distortion of the biofield seen at the level of head and leg has reduced after applying the Hedron.

CASE 2

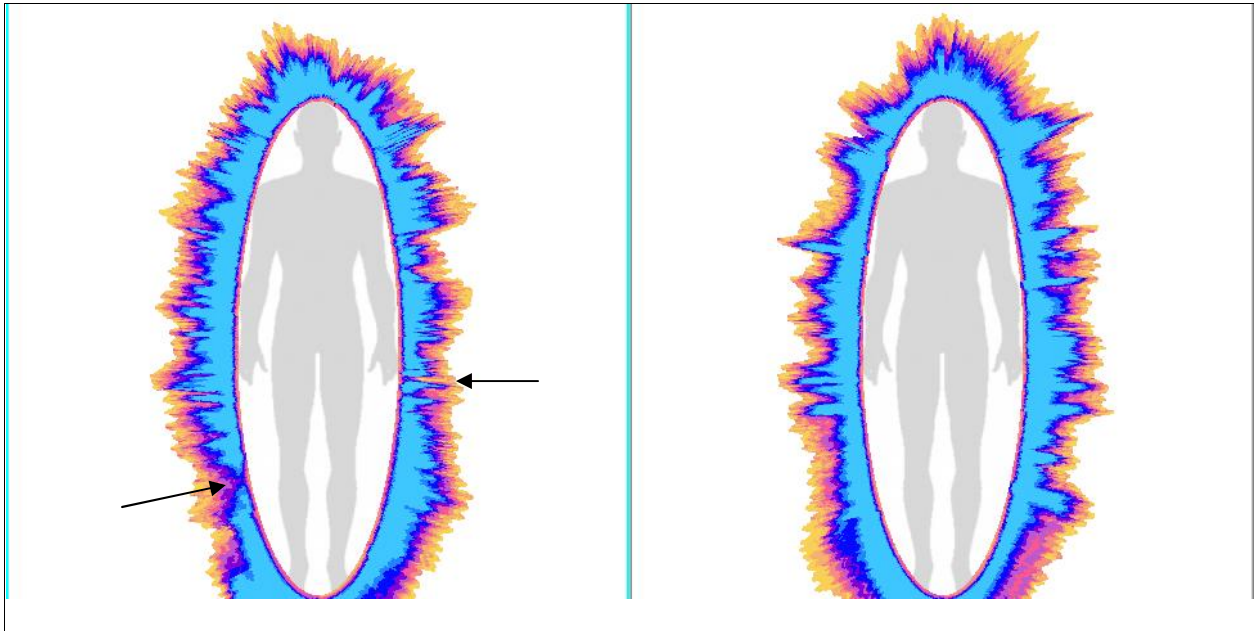

HGH6305112598 Before

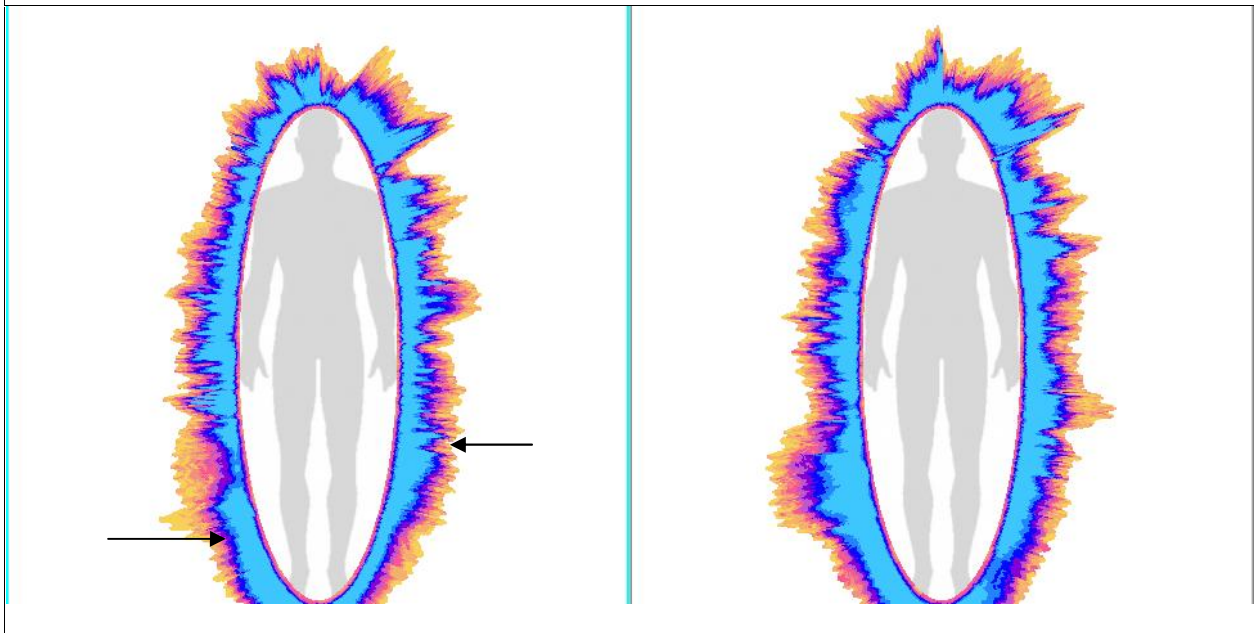

HGH6305112598 After

Analysis: Mixed changes can be seen on the physical plane. Improvement in the crown chakra and leg circulation can be seen.

CASE 3

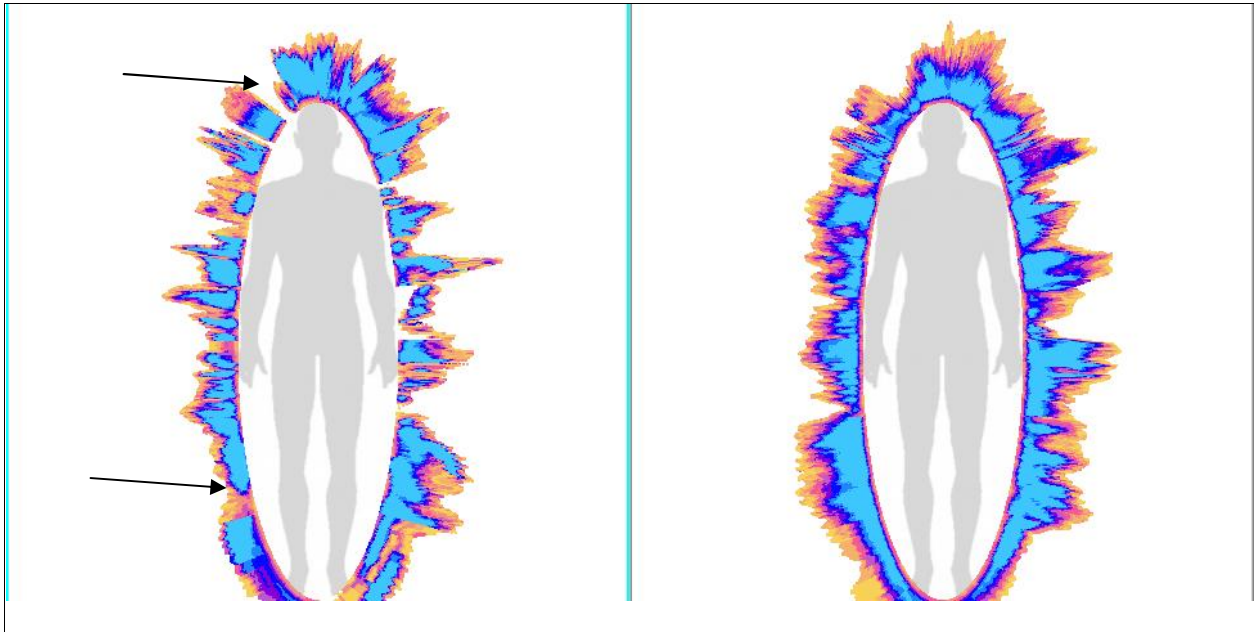

HGH5477251082 Before

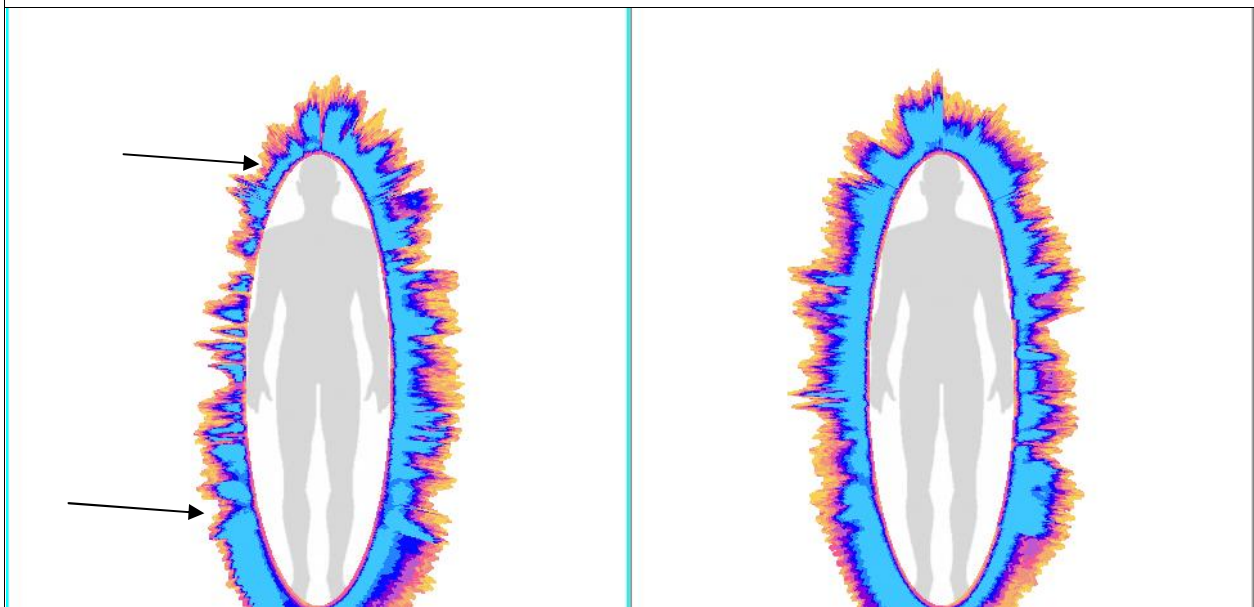

HGH5477251082 After

Analysis: On physical plane, distortion of the biofield seen at the level of leg has reduced after applying the Hedron.

CASE 4

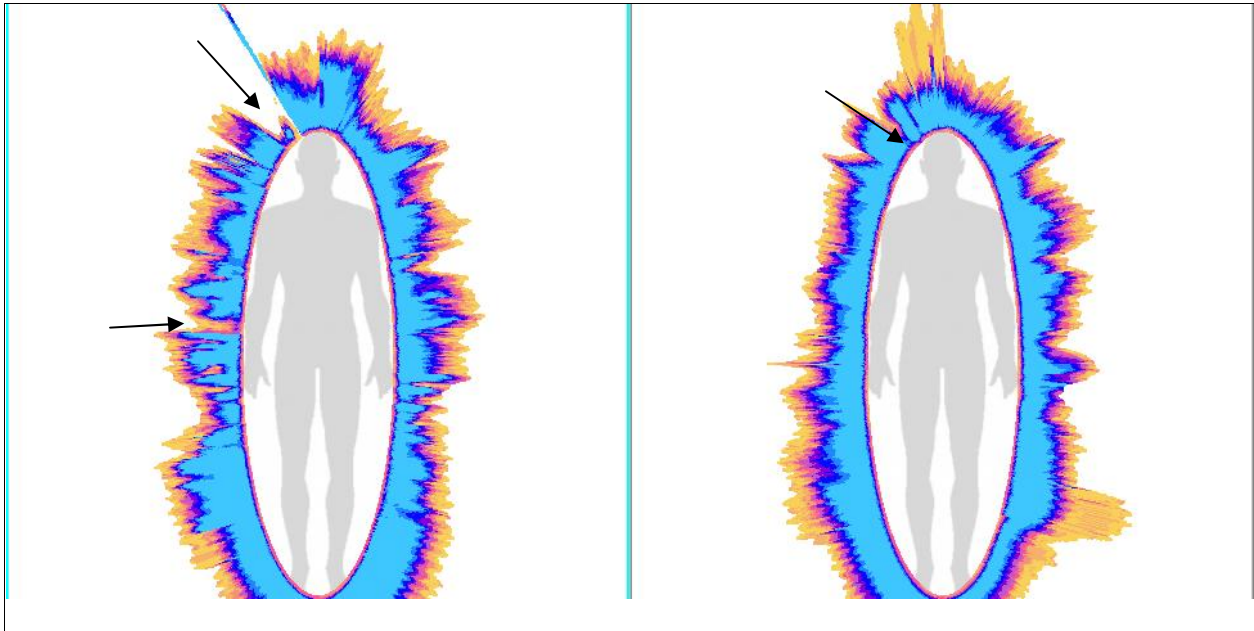

HGH6191864451 Before

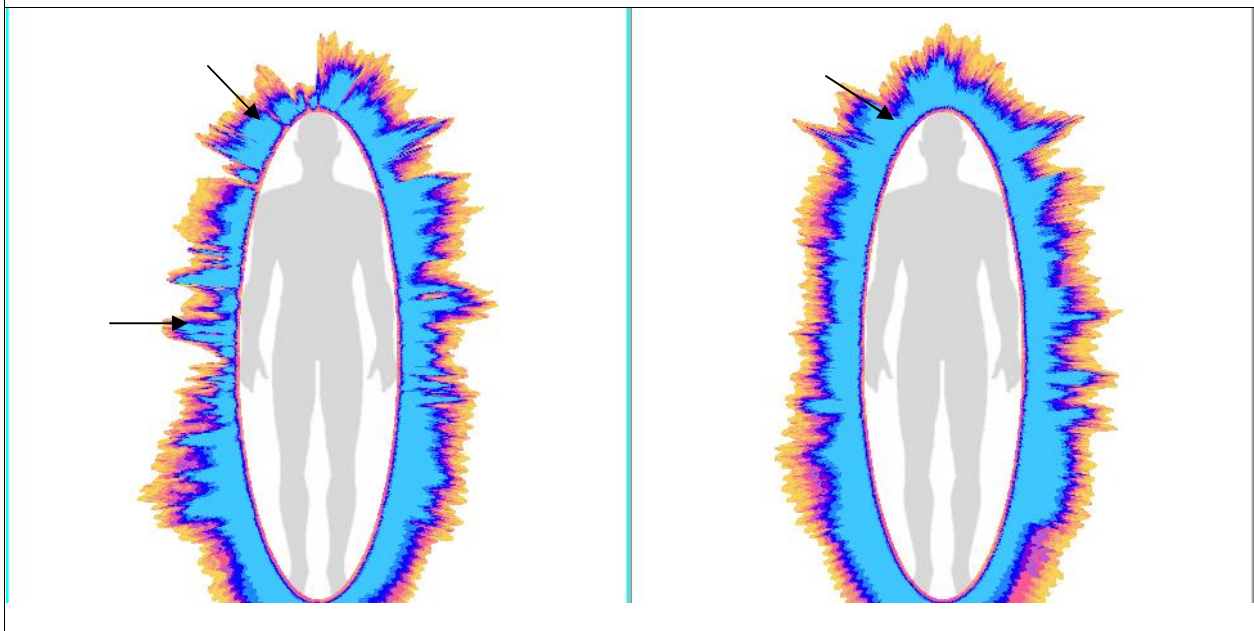

HGH6191864451 After

Analysis: On physical plane, distortion of the biofield seen at the level of head and leg has reduced after applying the Hedron.

CASE 5

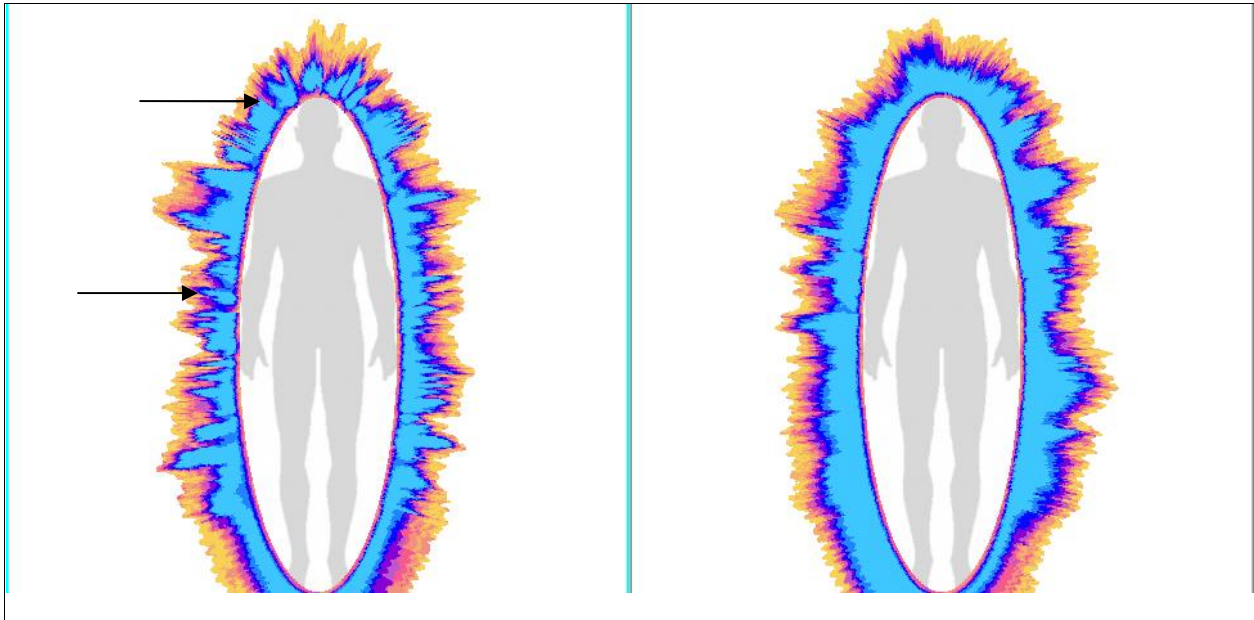

HGH9060049413 Before

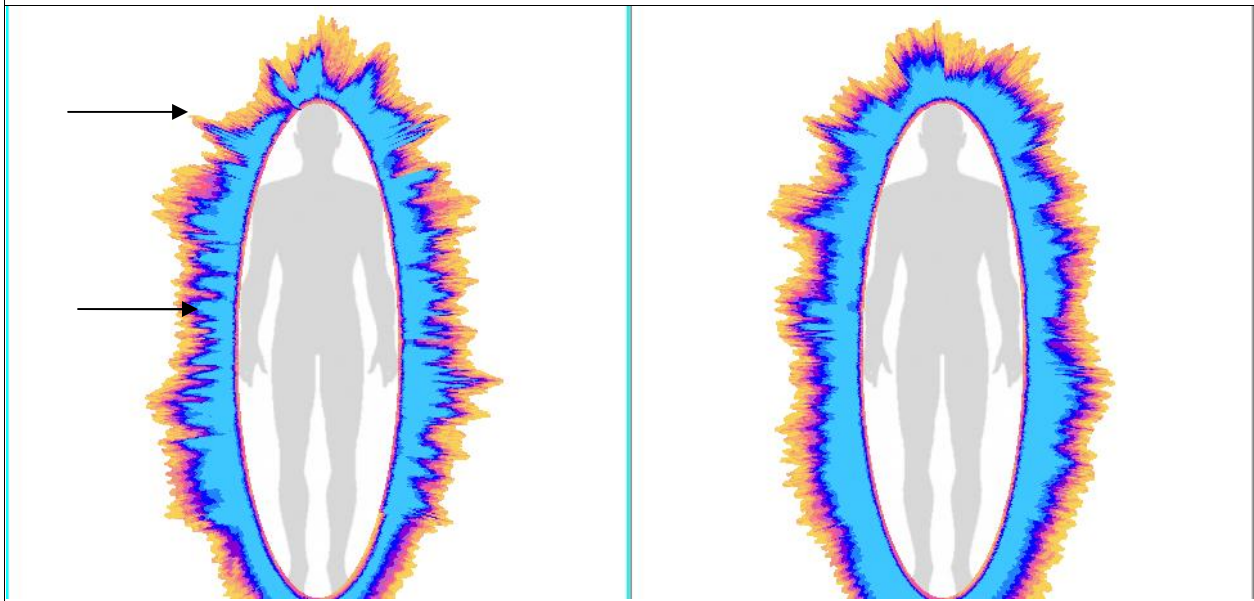

HGH9060049413 After

Analysis: On physical plane, distortion of the biofield seen at the level of head, naval chakra and leg has reduced after applying the Hedron. On emotional plane improvement in the biofield is seen .vibrancy of the biofield has increased.

CASE6

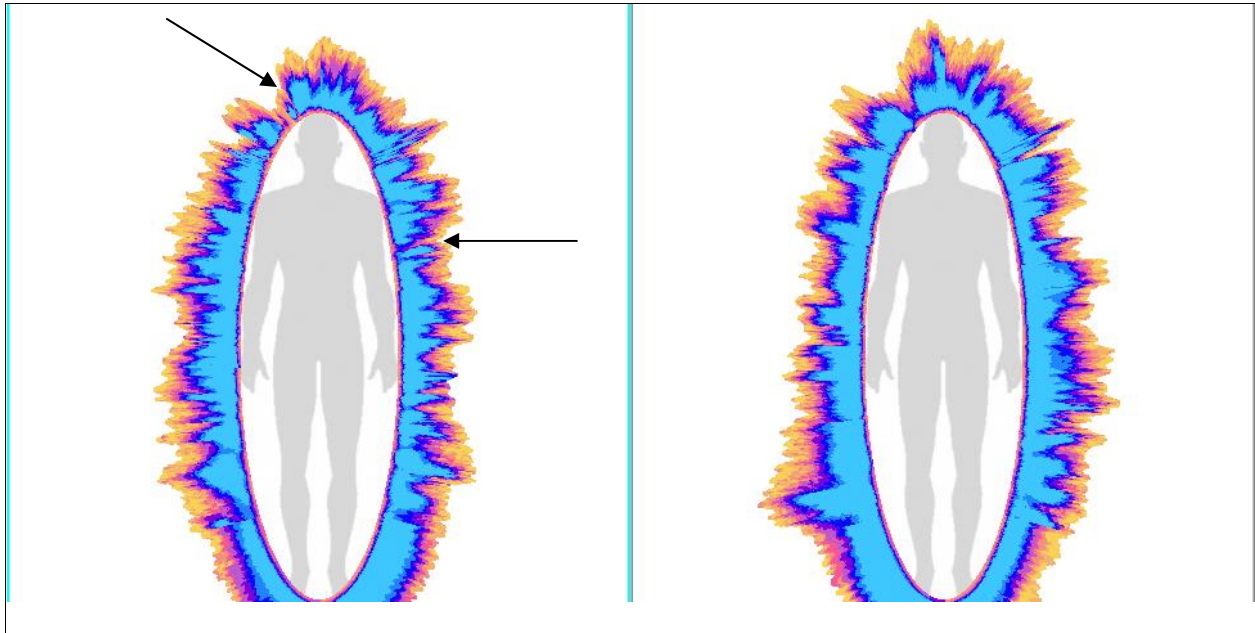

HGH1482128040 Before

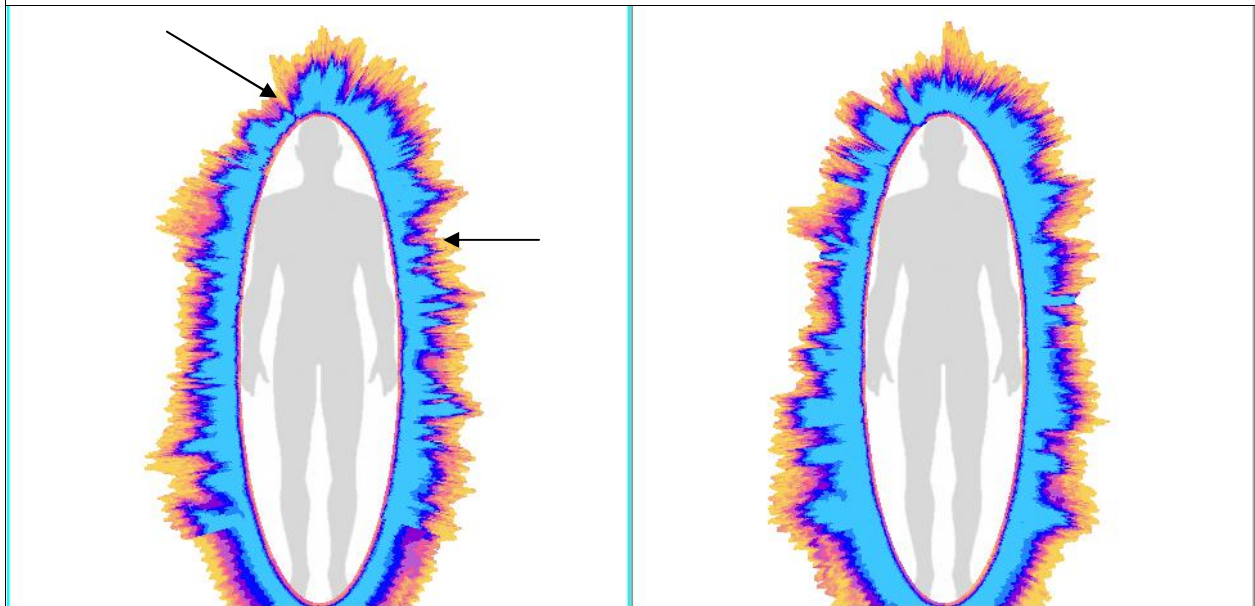

HGH1482128040 After

Analysis: Vibrancy of the biofield has increased in after scan.

CASE 7

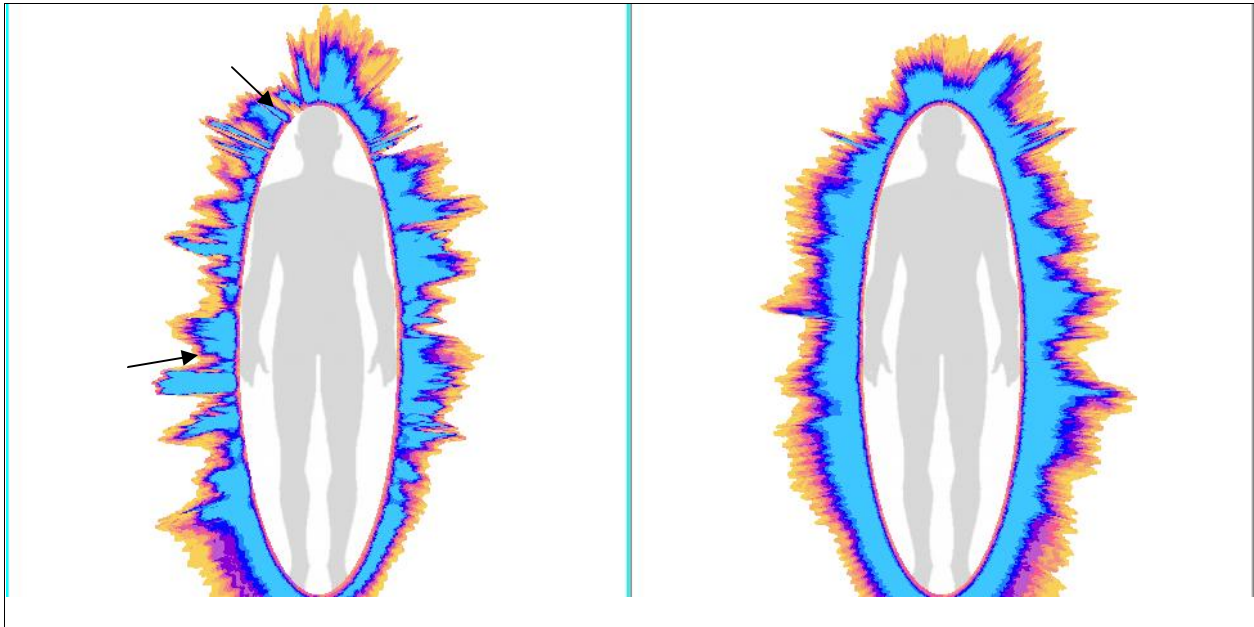

HGH8882145435 Before

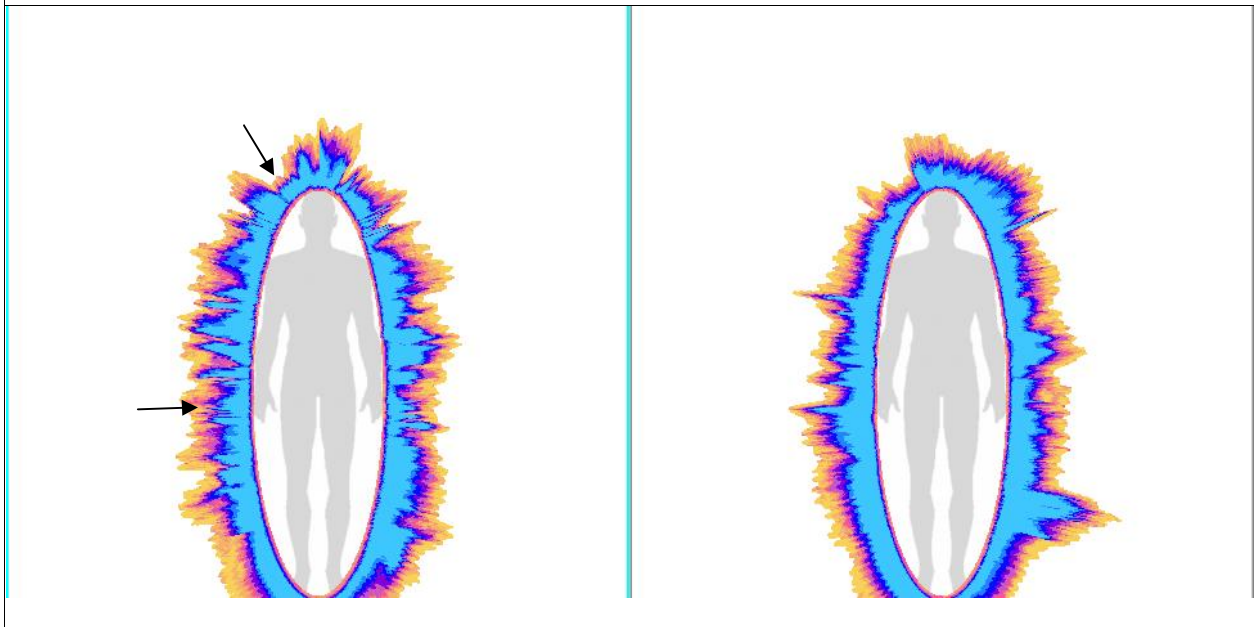

HGH8882145435 After

On physical plane, distortion of the biofield seen at the level of head and heart chakra has reduced after applying the Hedron. On emotional plane improvement in the biofield is seen .vibrancy of the biofield has increased.

CASE 8

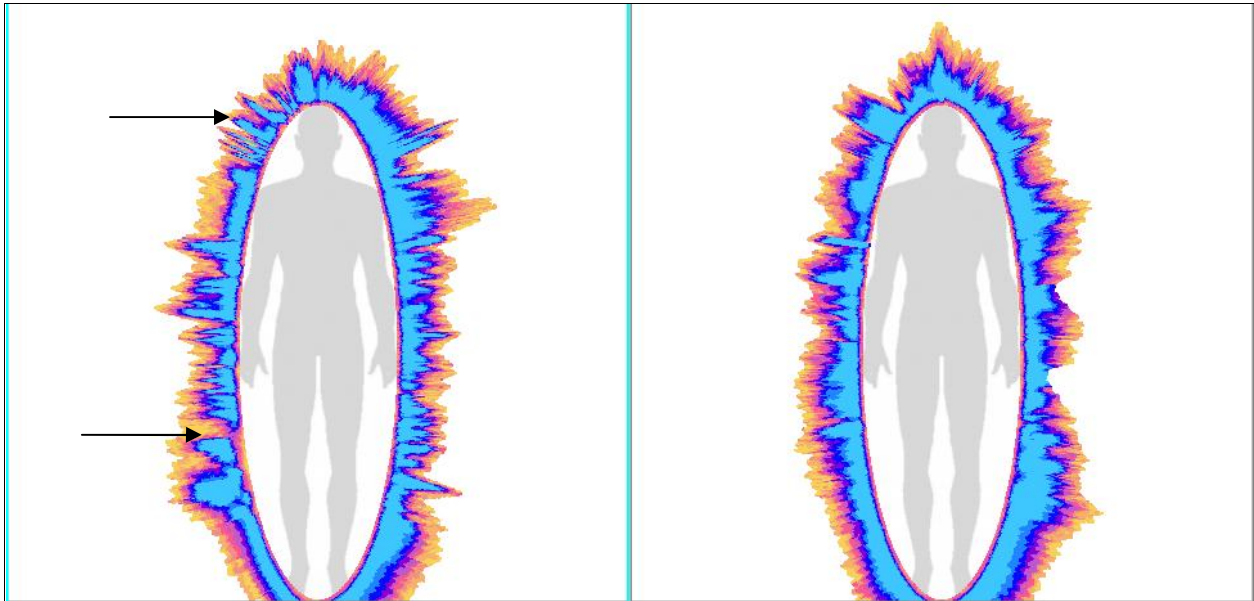

HGH1242467741 Before

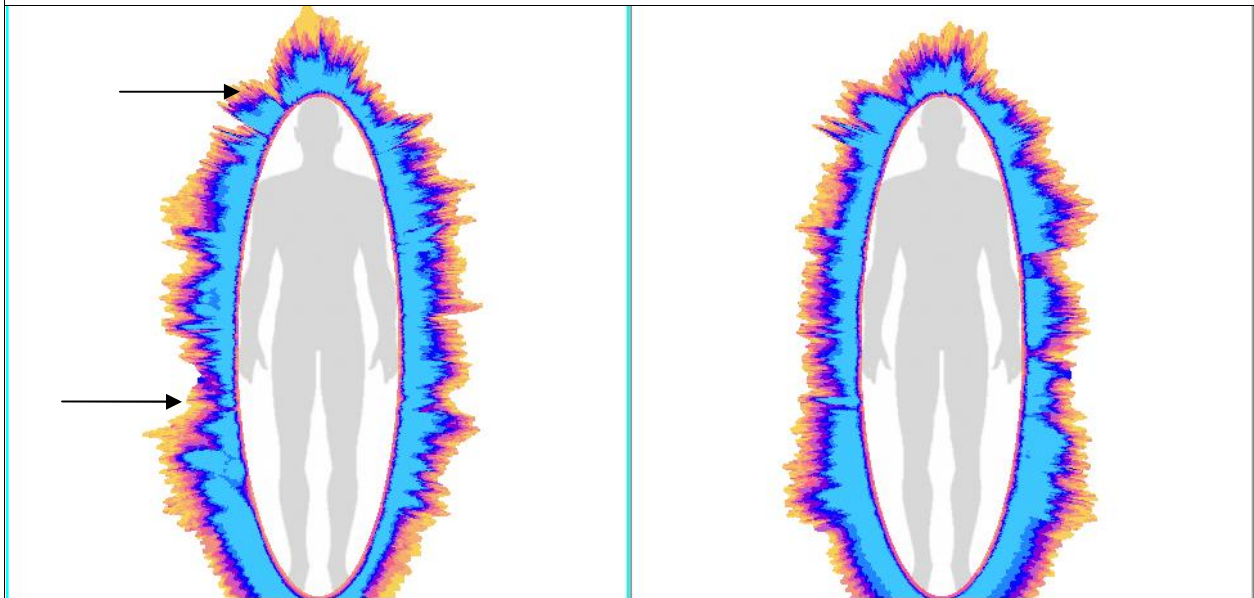

HGH1242467741 After

Analysis: On physical plane, distortion of the biofield seen at the level of head and leg has reduced after applying the Hedron. Balancing of biofield can be seen in emotional plane.

CASE 9

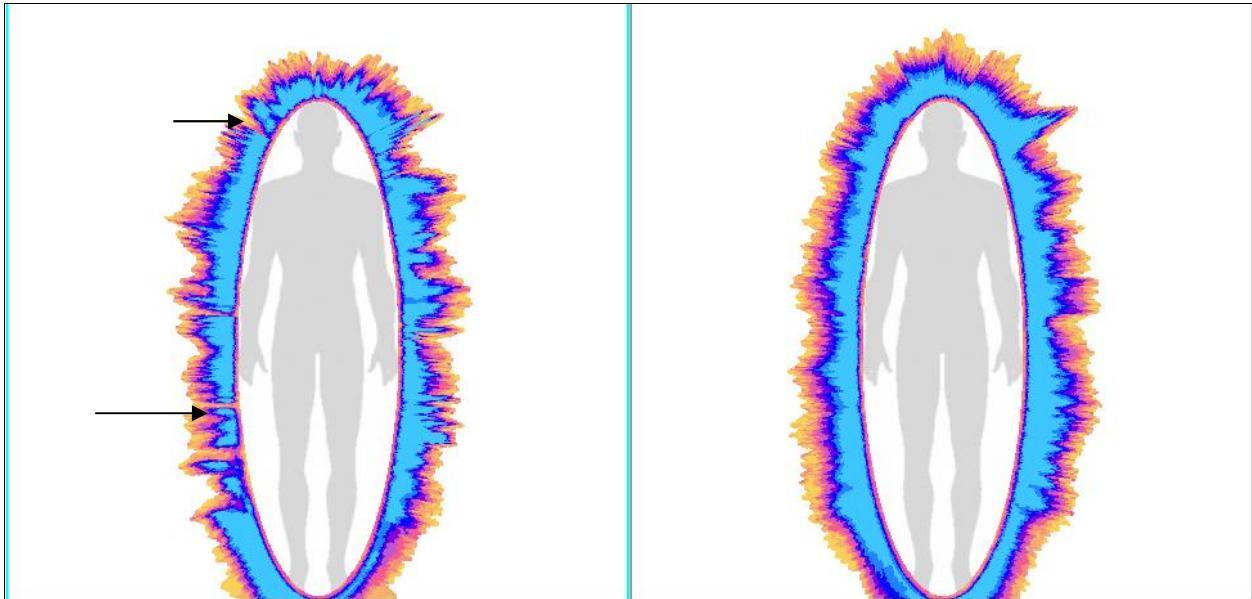

HGH9458440565 Before

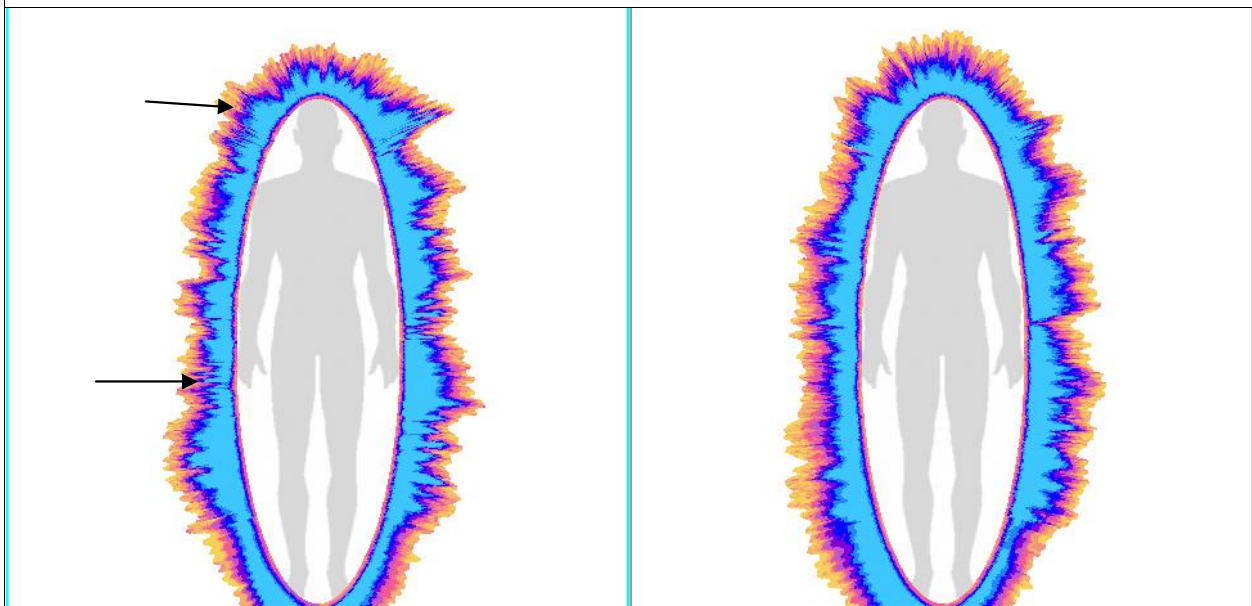

HGH9458440565 After

Analysis: Improvement in the biofield at the level of head and leg can be seen in the after scan.

CASE 10

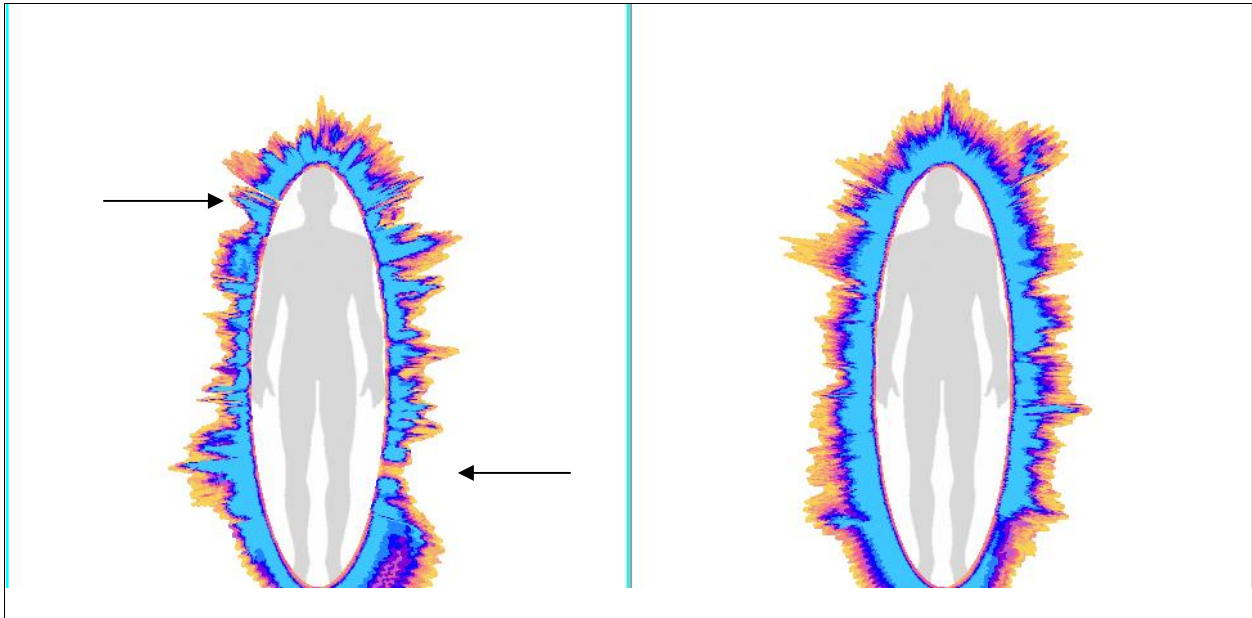

HGH4725267826 Before

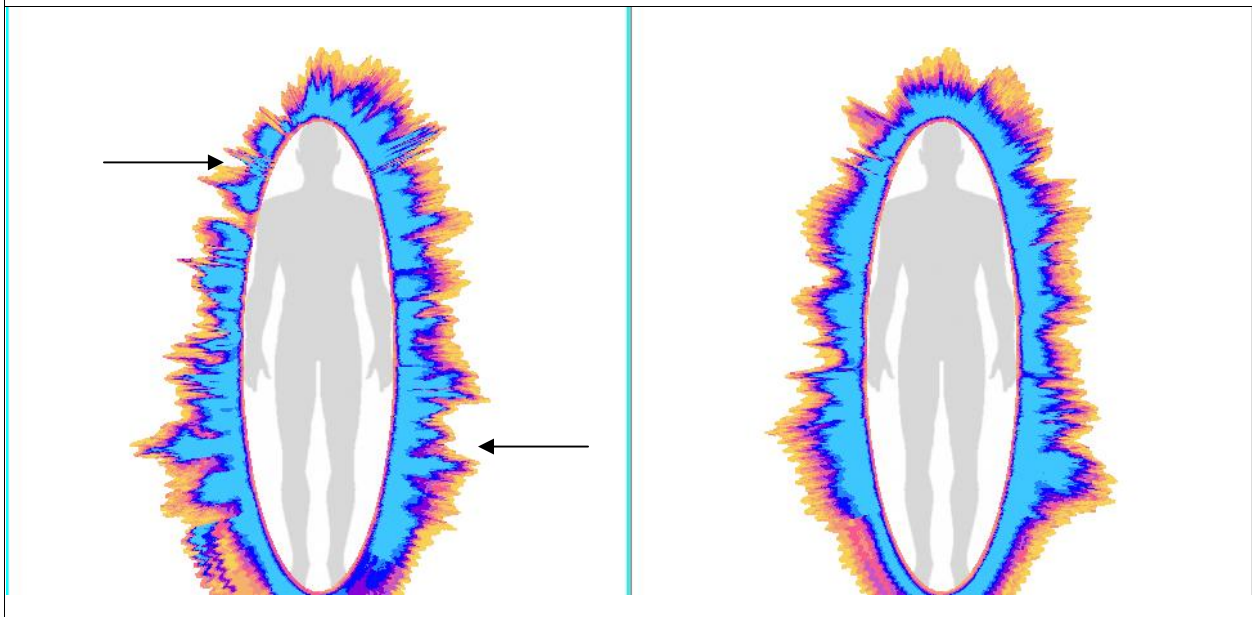

HGH4725267826 After

Analysis: Disturbance in the biofield at the level of head and leg on physical plane can be seen improved after Hedron

CASE 11

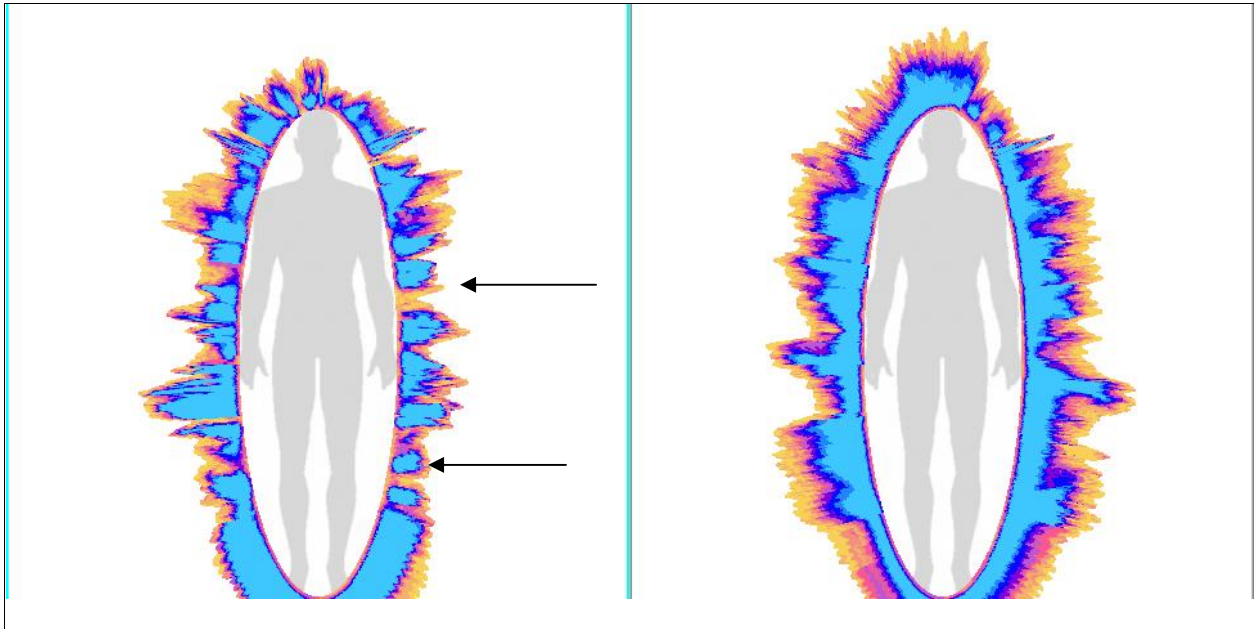

HGH2243603993 Before

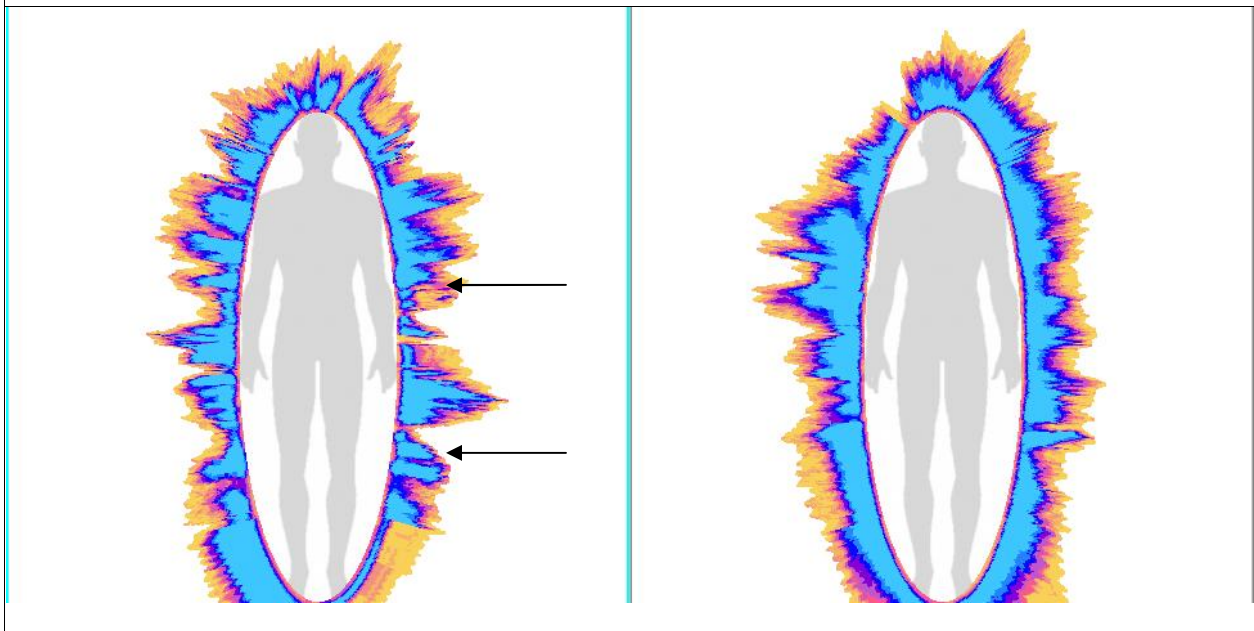

HGH2243603993 After

Analysis: Distortion of the biofield at the level of head and leg has improved in after scan.

CASE 12

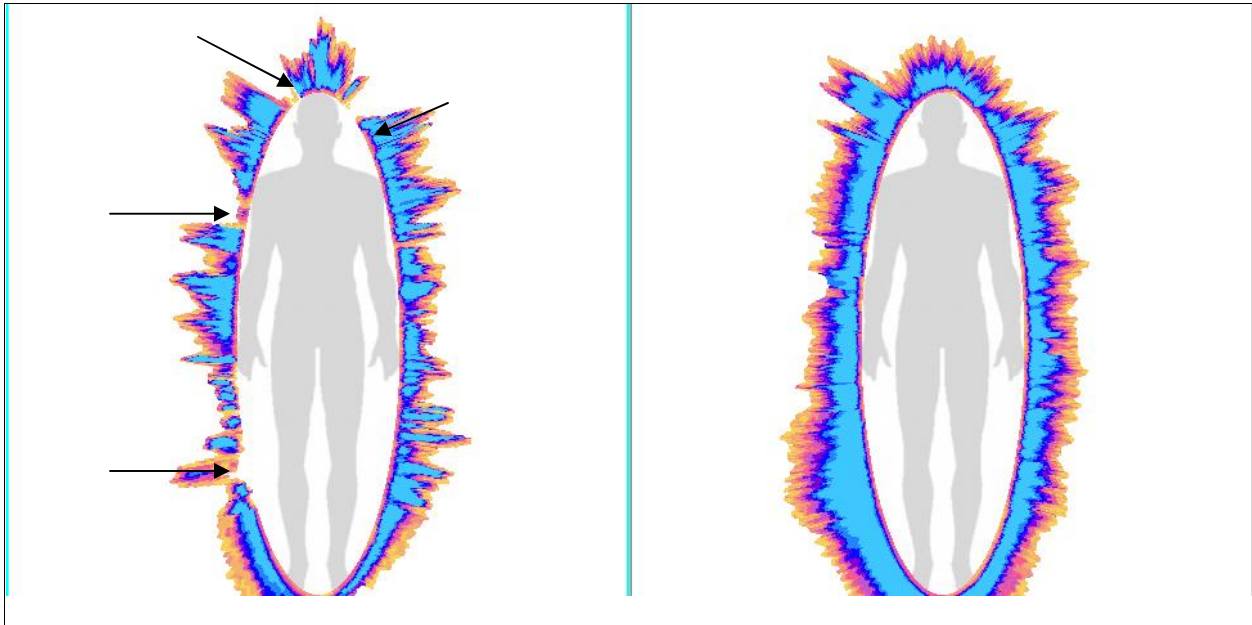

HGH8615682629 Before

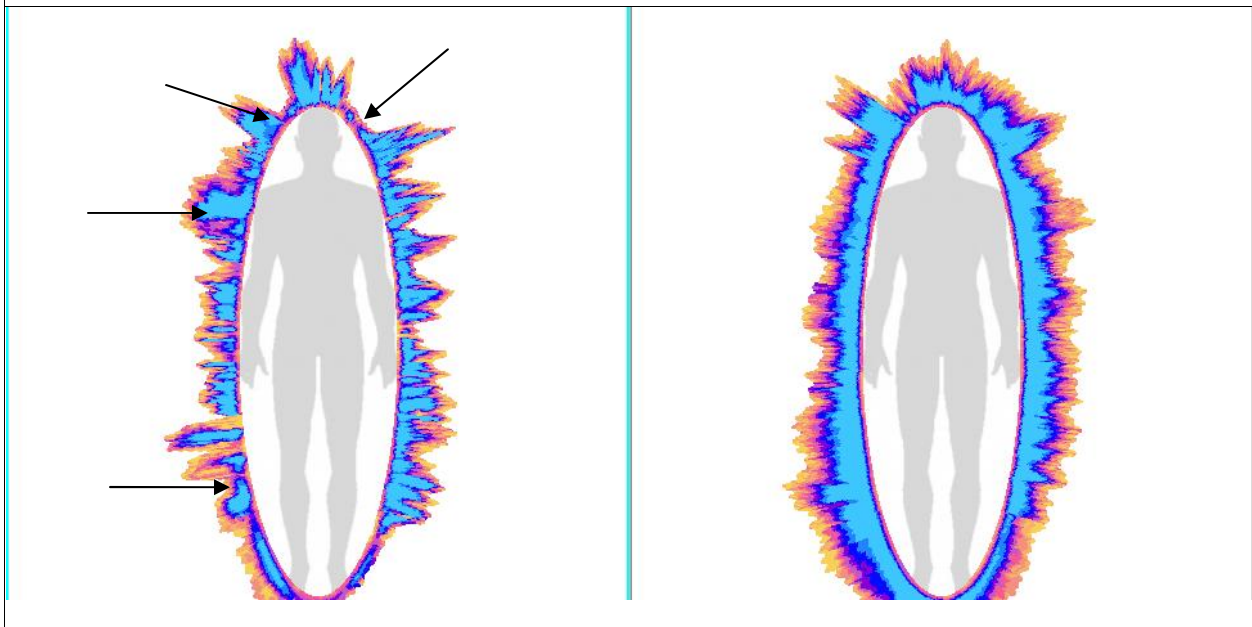

HGH8615682629 After

Analysis: Distortion of the biofield after using Hedron shows improvement.

CASE 13

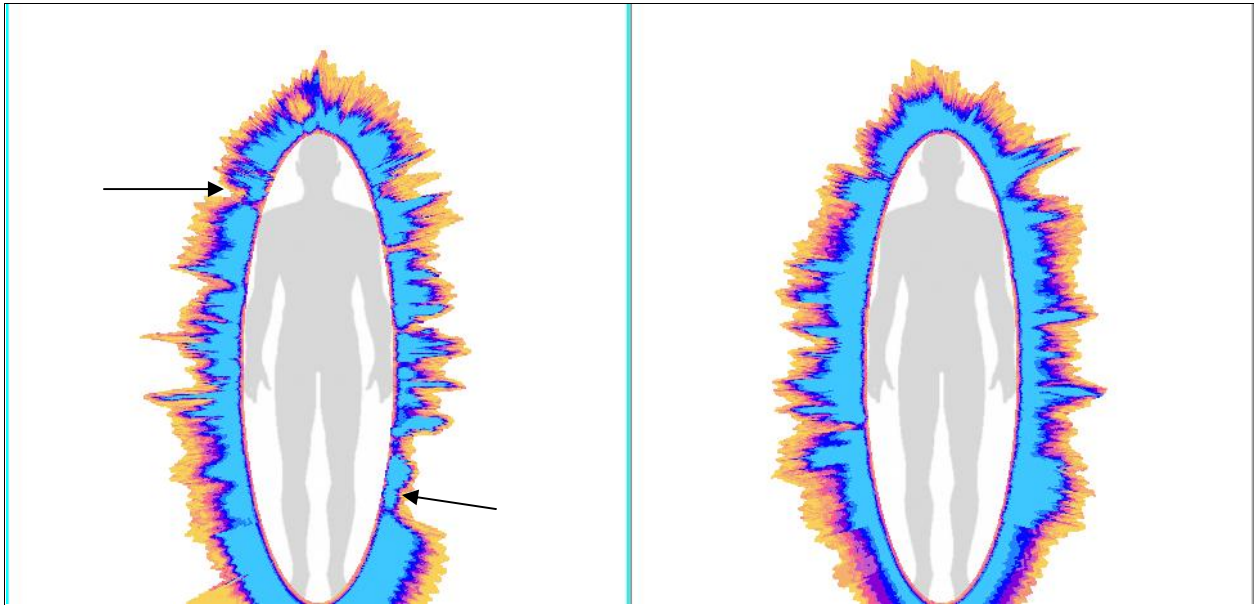

HGH2371569005 Before

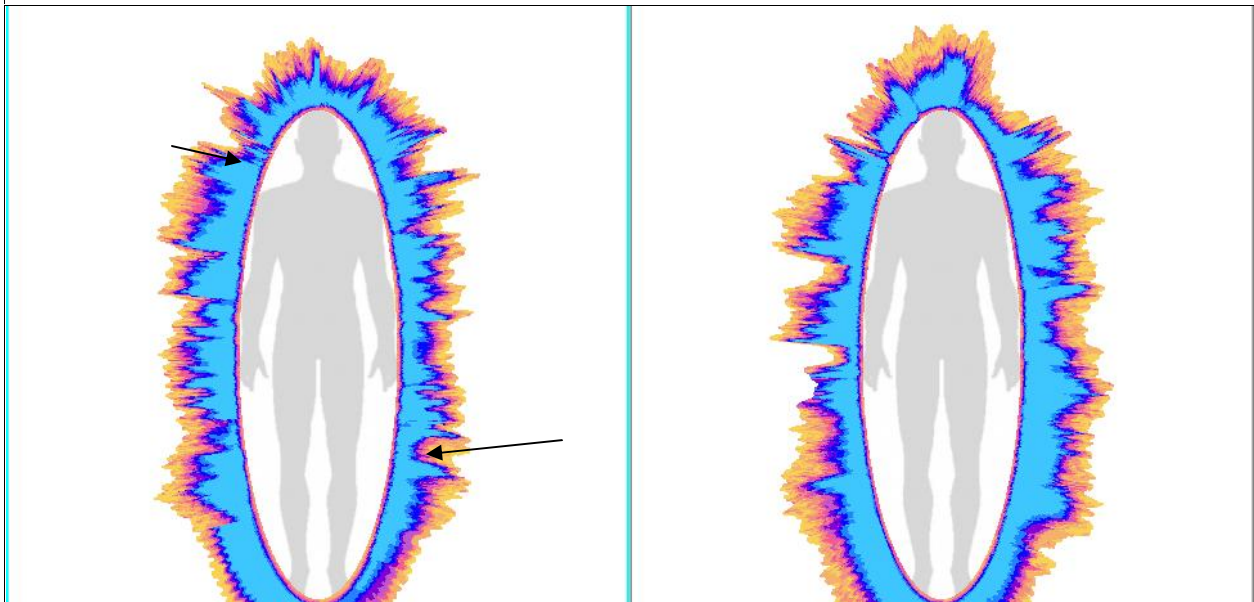

HGH2371569005 After

Analysis: In the after scan, improvement in the energy level of biofield can be seen at the level of head and leg.

CASE 14

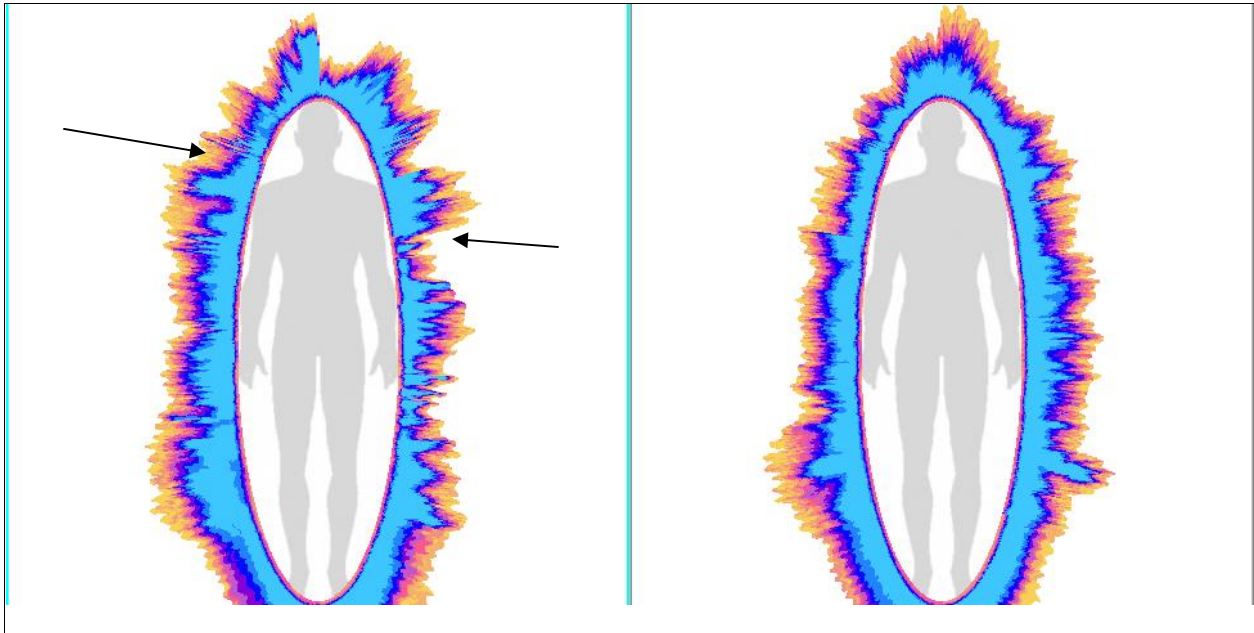

HGH5902174057 Before

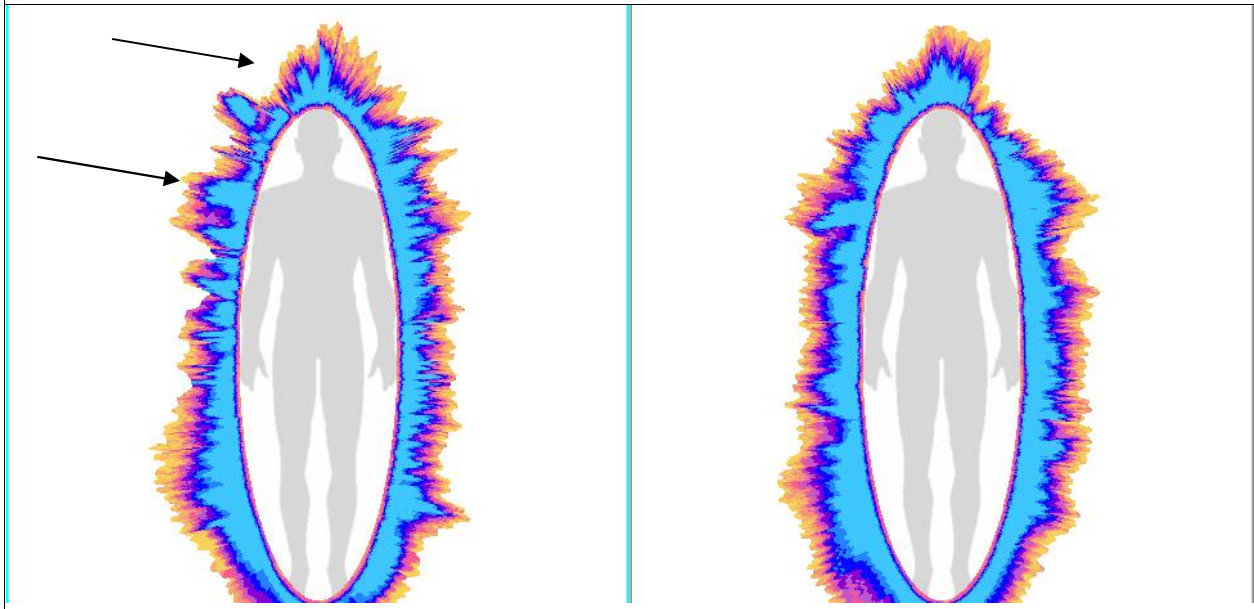

HGH5902174057 After

Analysis: Distortion of the biofield after using Hedron shows improvement.

CASE 15

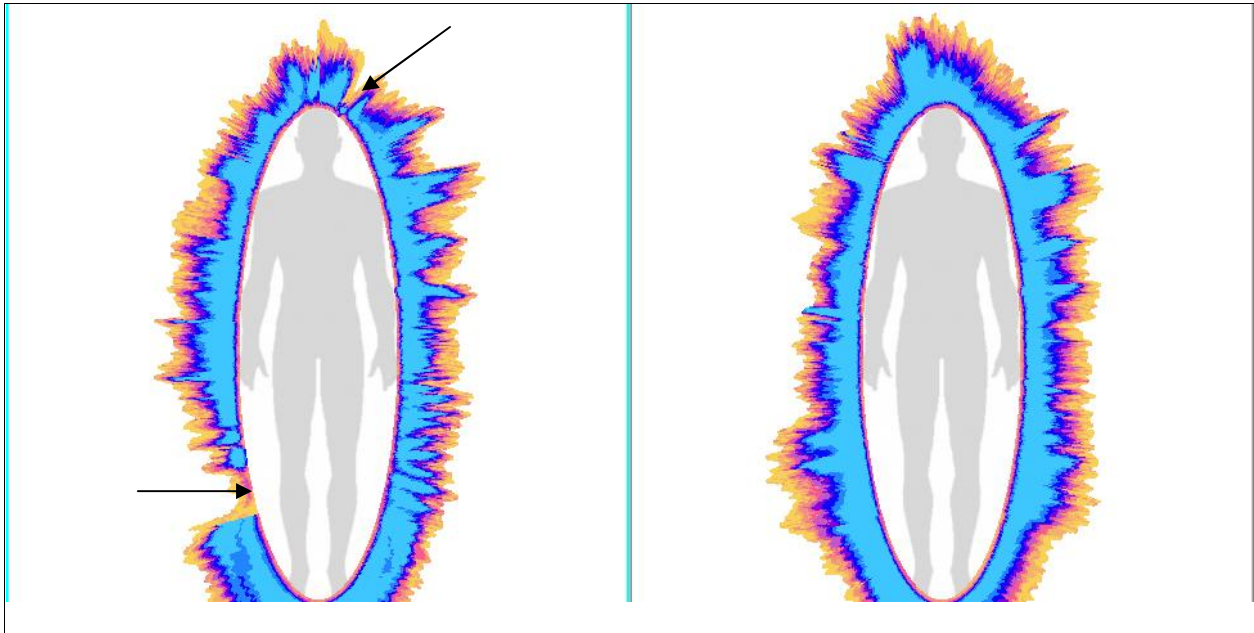

HGH7793545248 Before

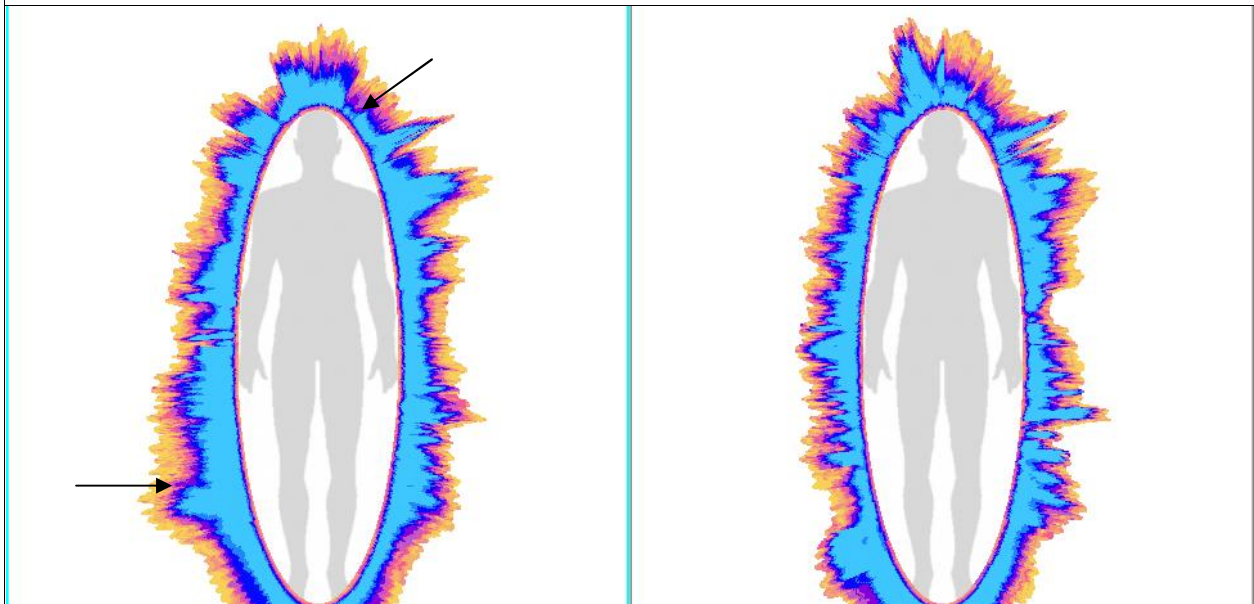

HGH7793545248 After

Analysis: Minimal positive changes can be seen.

CASE 16

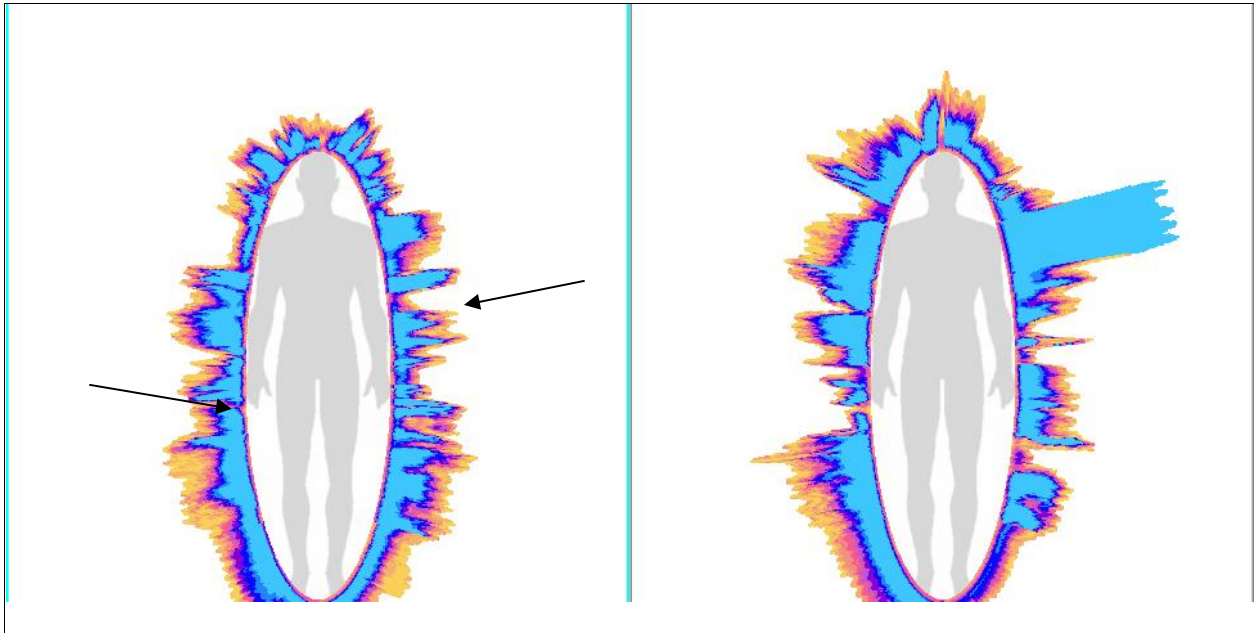

HGH1908128236 Before

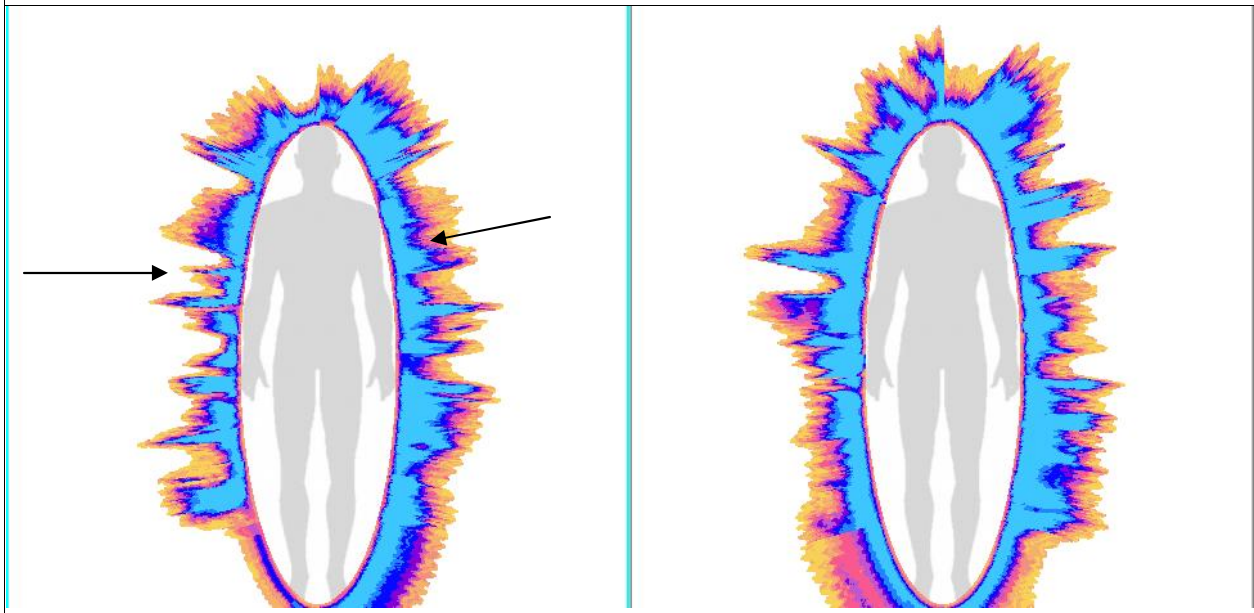

HGH1908128236 After

Analysis: In the after scan, improvement in the energy level of biofield can be seen at the level of head and leg.

CASE 17

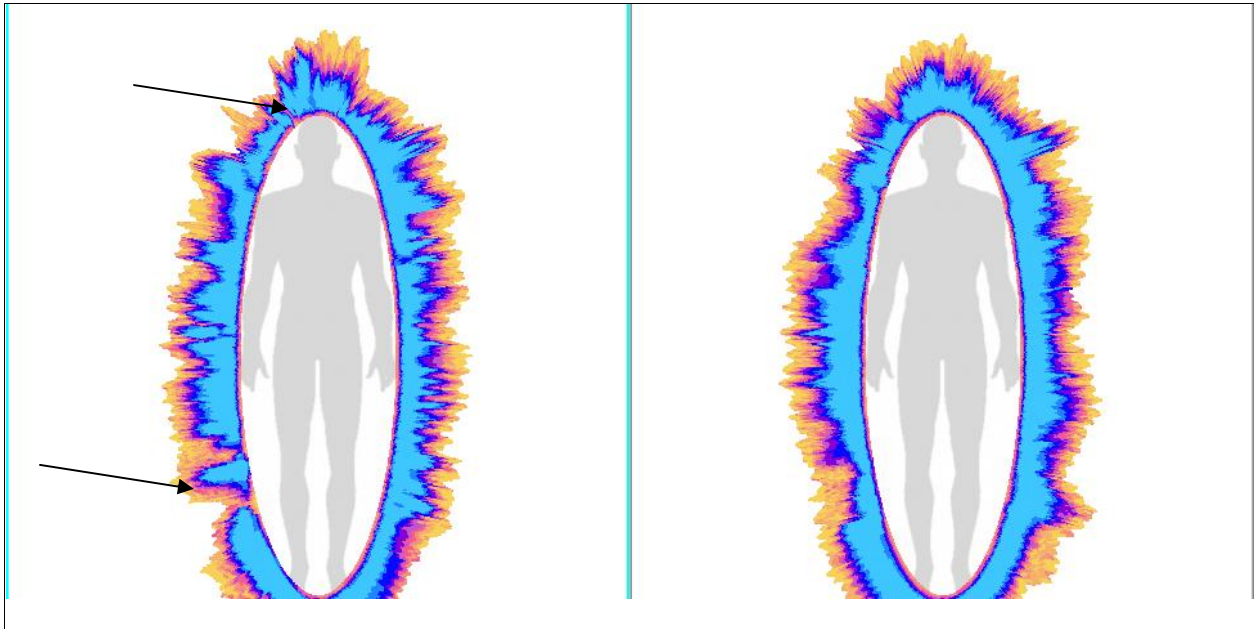

HGH6111298759 Before

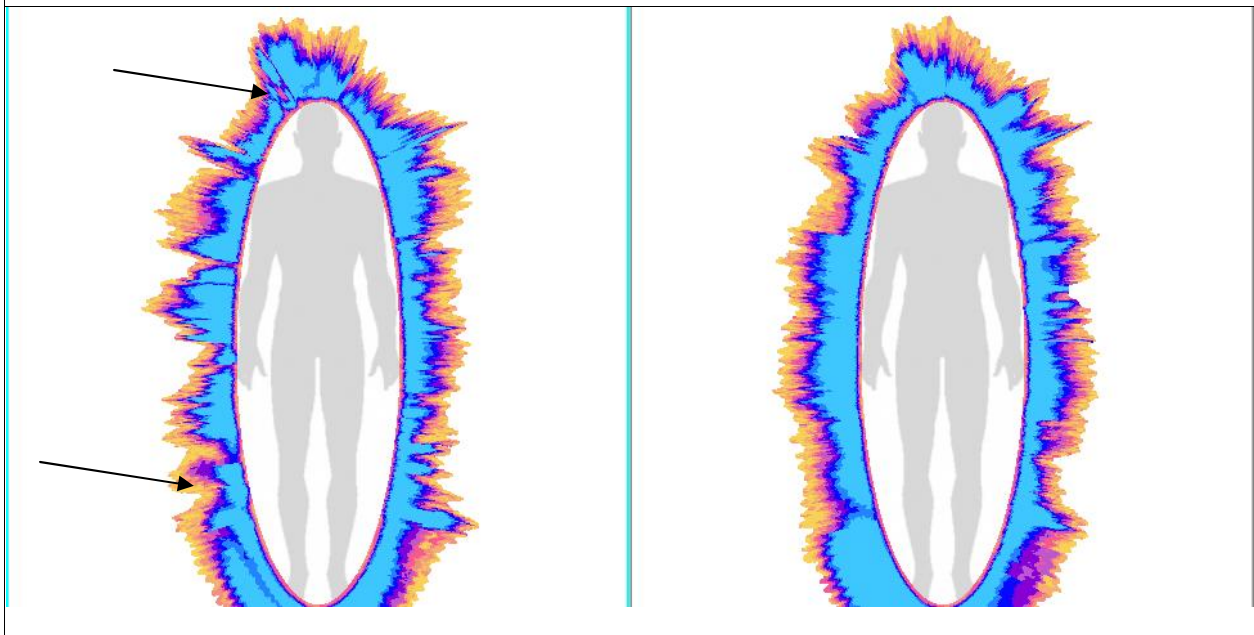

HGH6111298759 After

Analysis: Improvement in the distorted biofield can be seen in after scan.

CASE 18

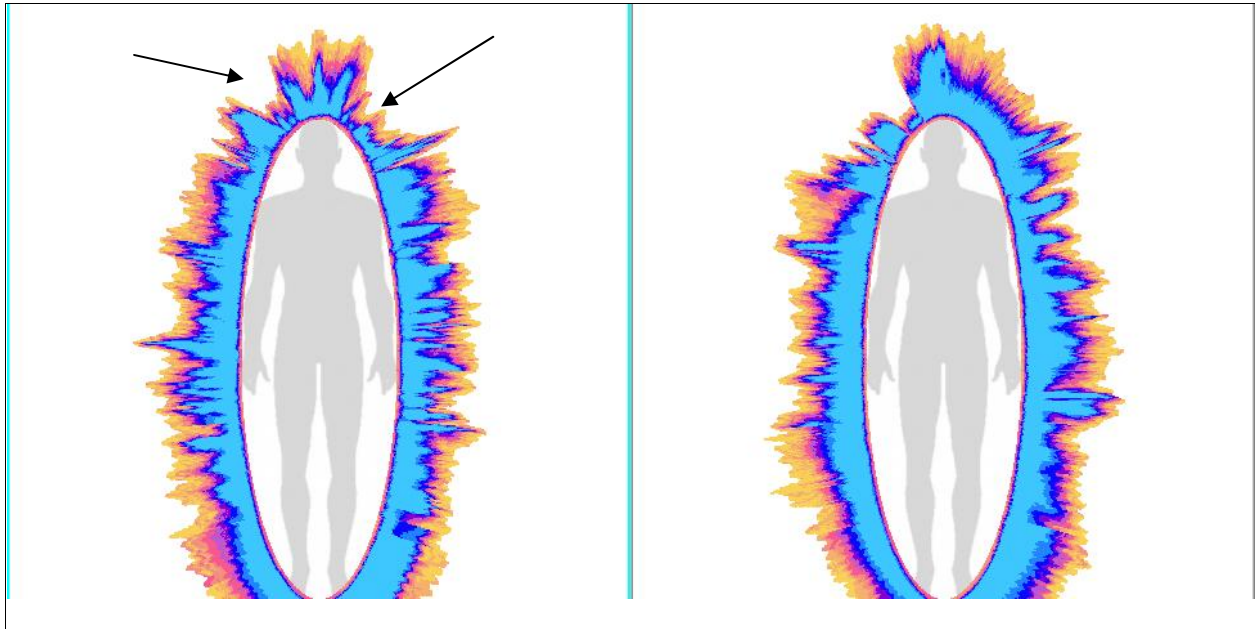

HGH2737656034 Before

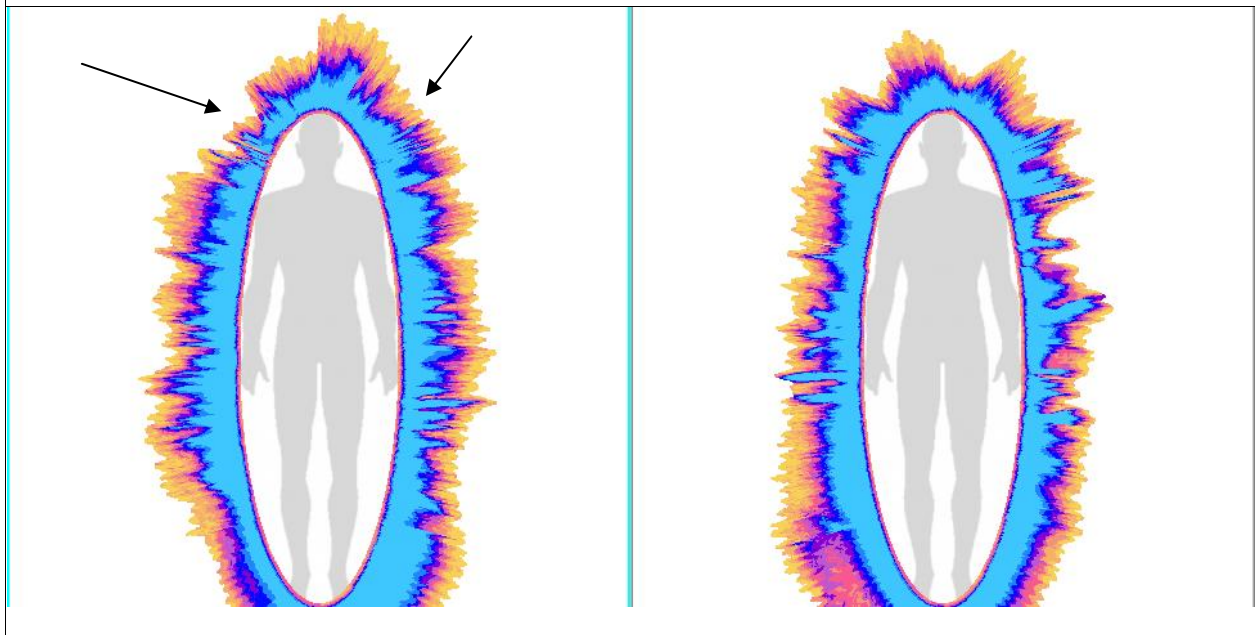

HGH2737656034 After

Analysis: Improvement in the distorted biofield can be seen in after scan.

CASE 19

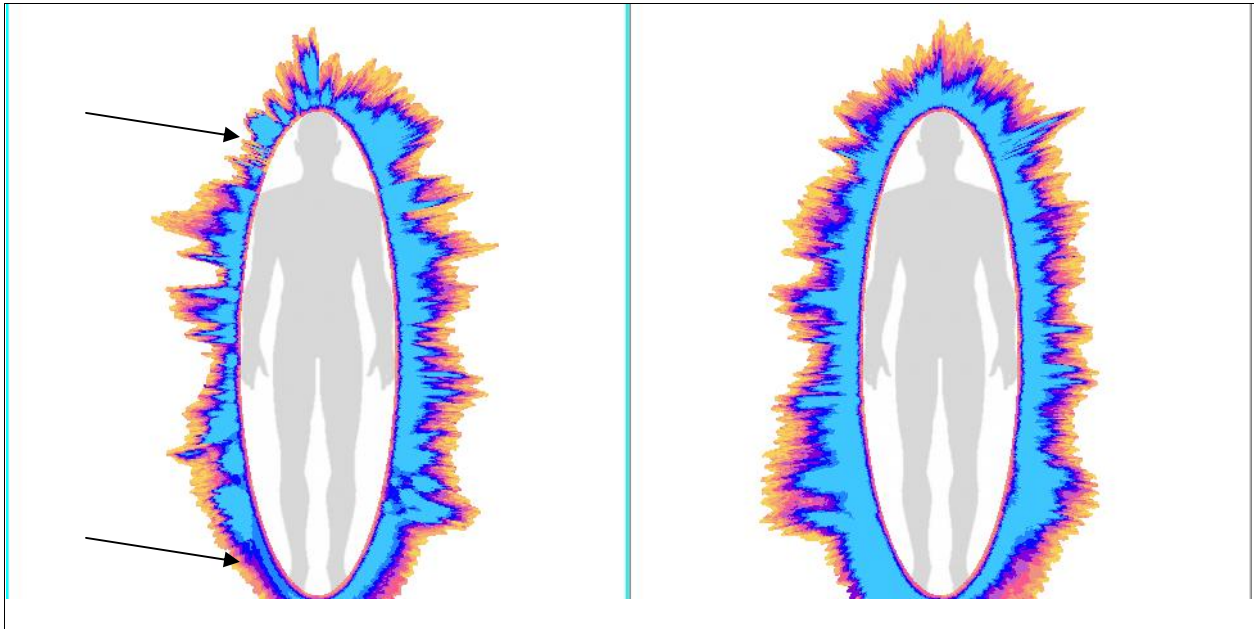

HGH2257443269 Before

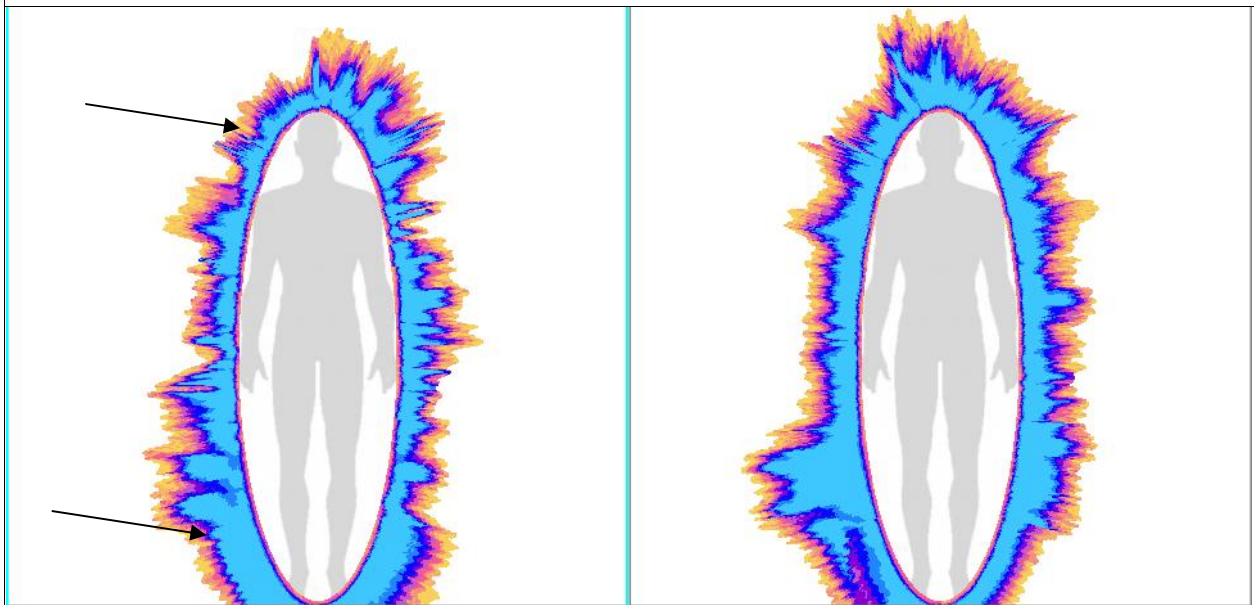

HGH2257443269 After

Analysis: In the after scan, improvement in the energy level of biofield can be seen at the level of head. On emotional level, improvement in the biofield can be seen.

CASE 20

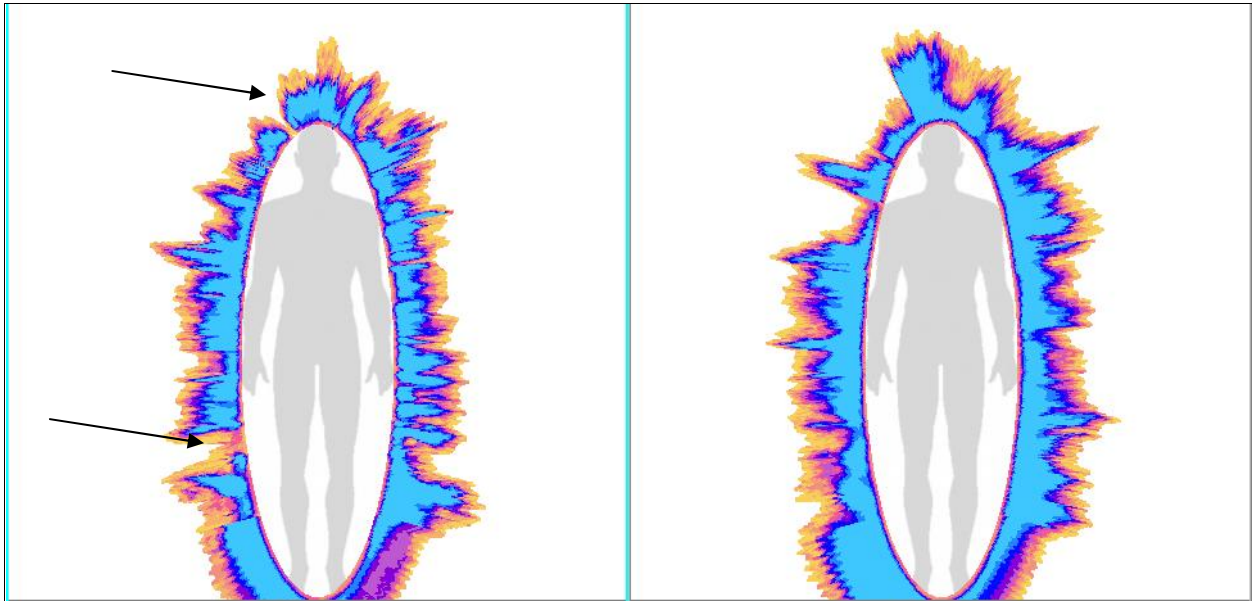

HGH6157737573 Before

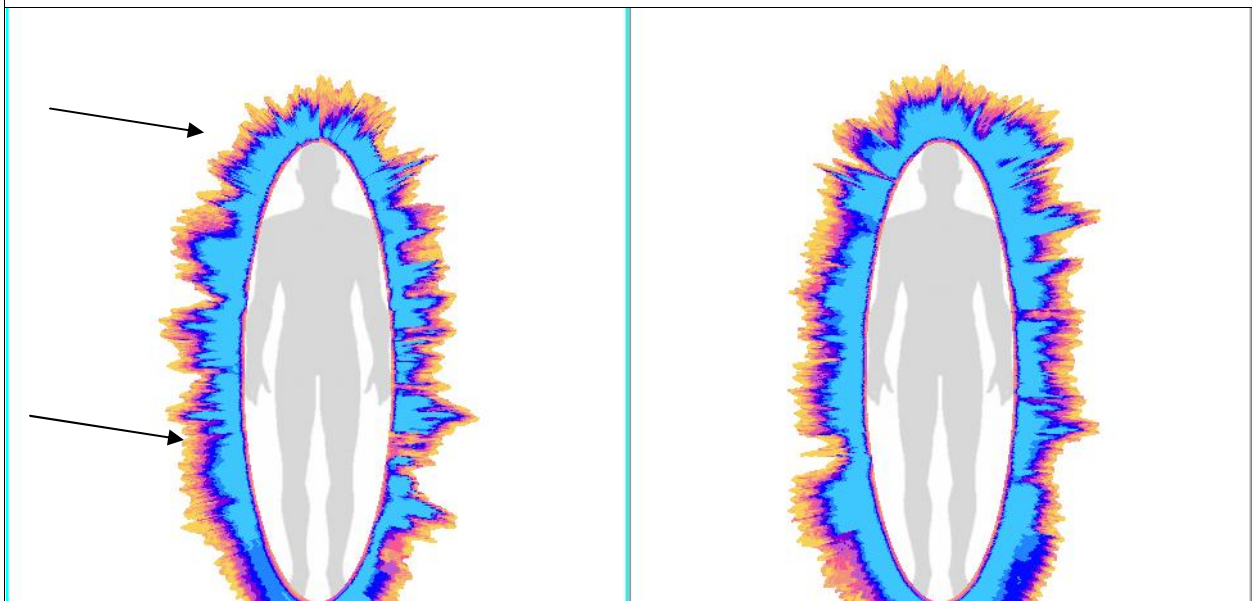

HGH6157737573 After

Analysis: Distortion of the biofield after using Hedron shows improvement.

CASE 21

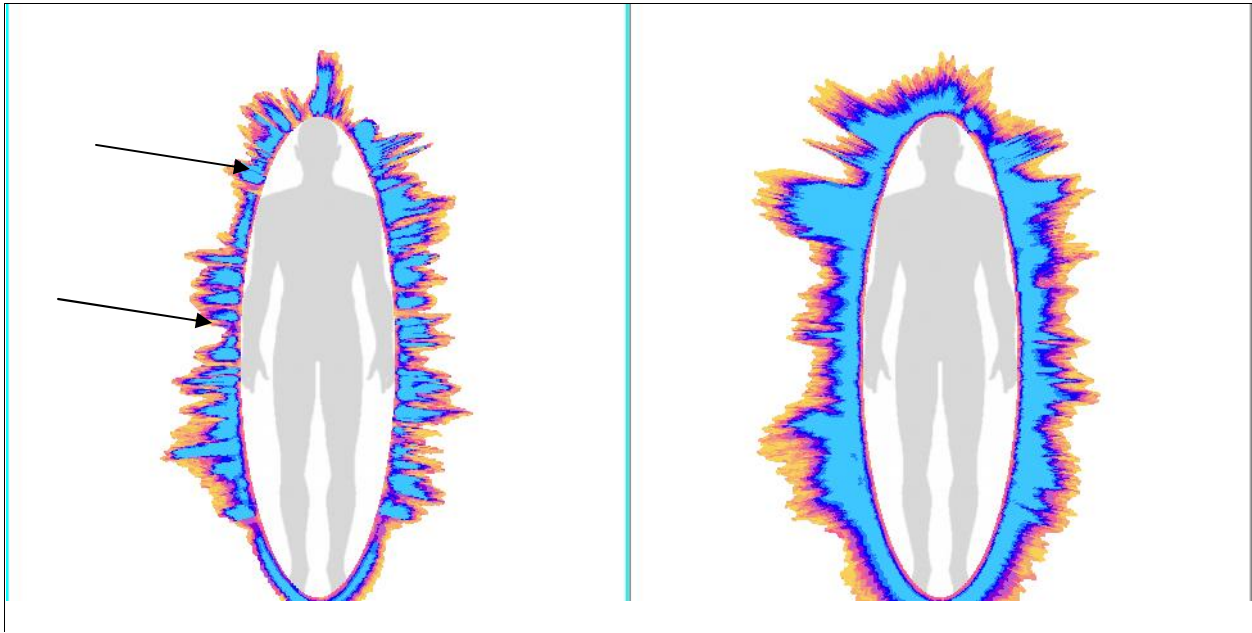

HGH8598567230 Before

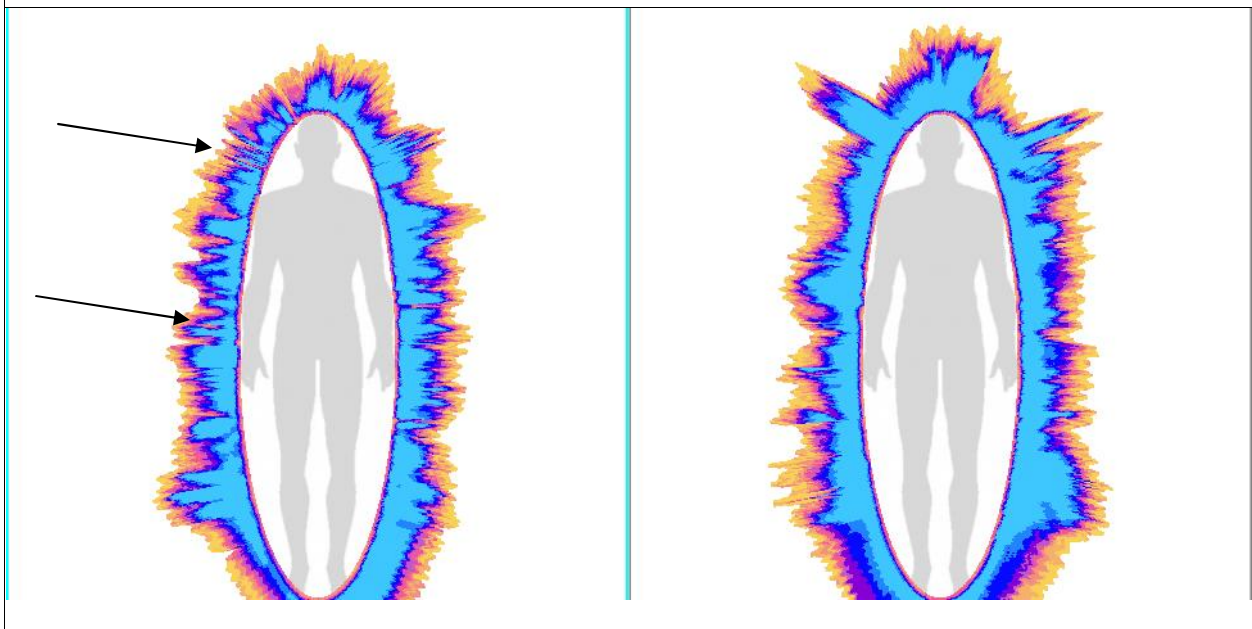

HGH8598567230 After

Analysis: In the after scan, improvement in the energy level of biofield can be seen at the level of head and leg. On emotional level, improvement in the biofield can be seen.

CASE 22

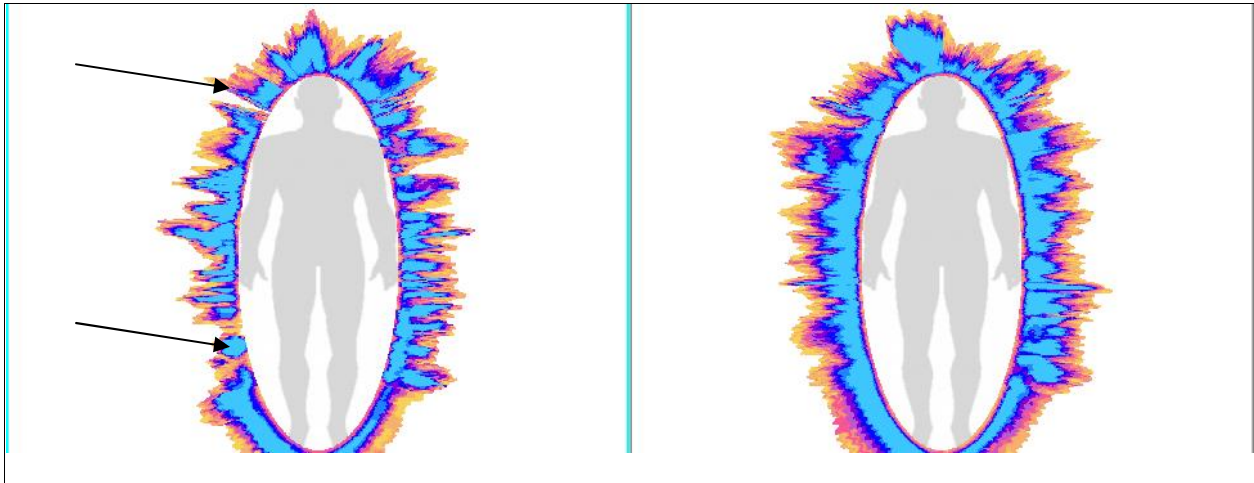

HGH9326050520 Before

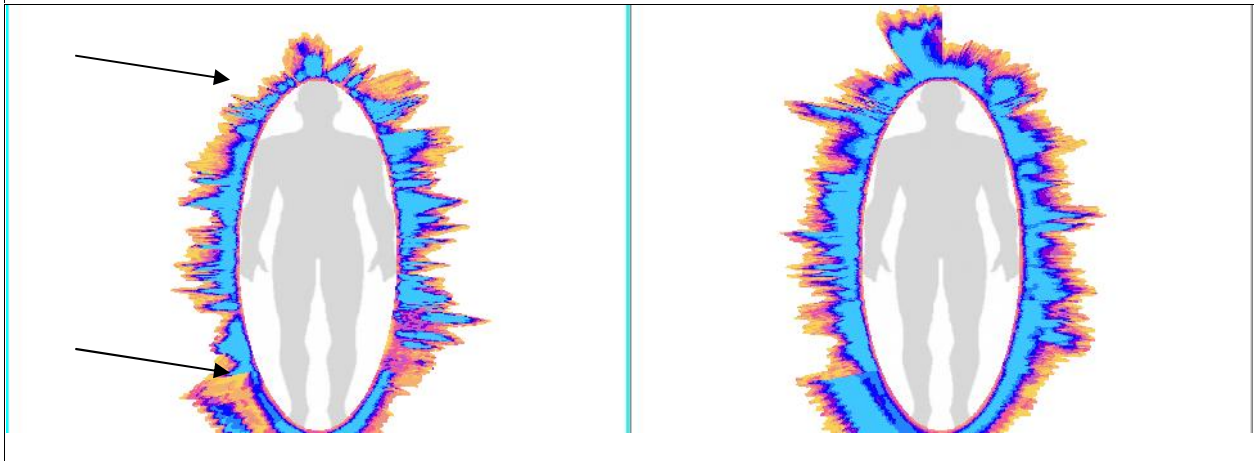

HGH9326050520 After

Analysis: In the after scan, improvement in the energy level of biofield can be seen at the level of head, throat and leg. On emotional level, improvement in the biofield can be seen.

CASE 23

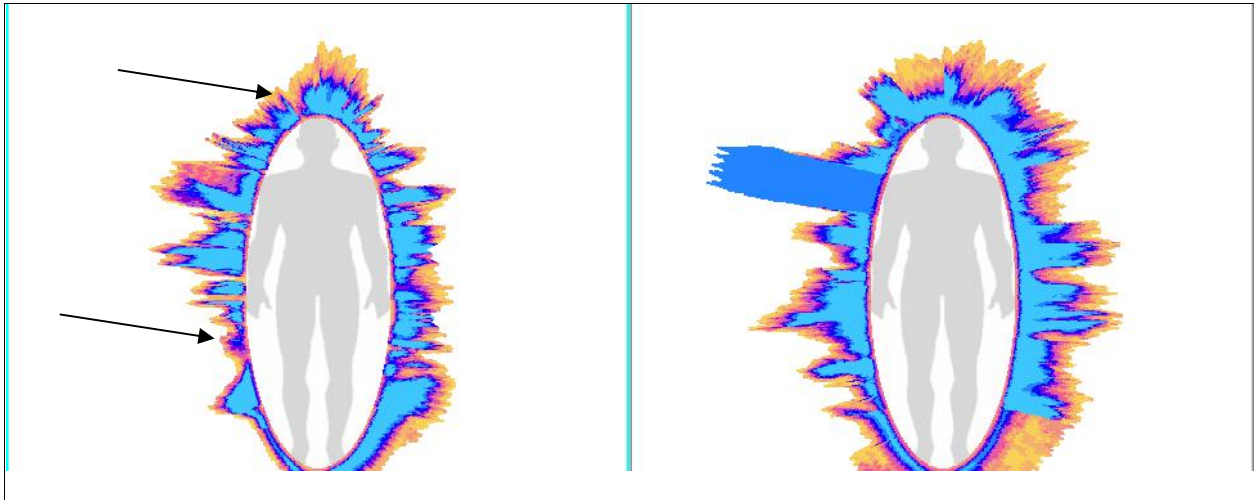

HGH8639058316 Before

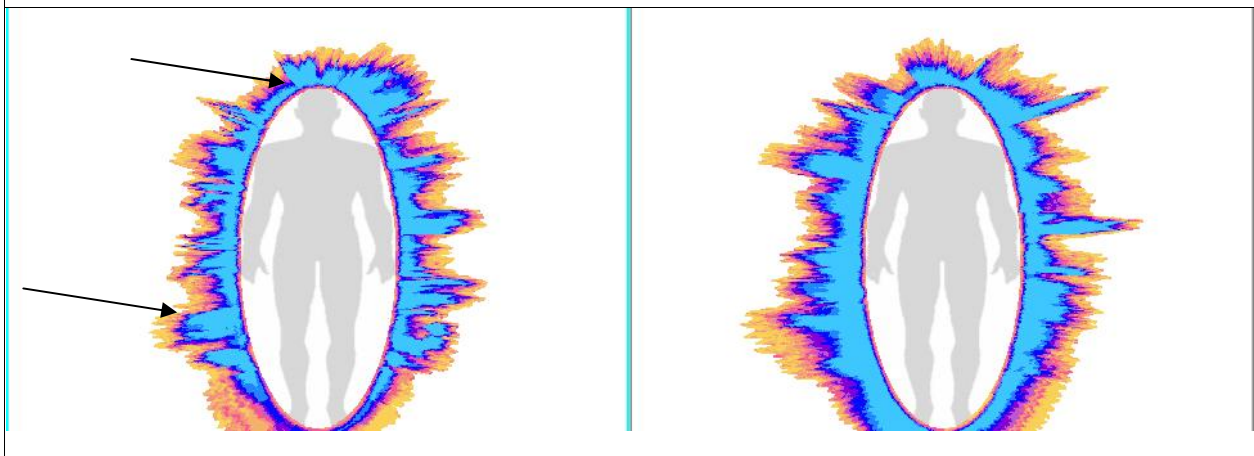

HGH8639058316After

Analysis: Improvement in the distorted biofield can be seen in after scan.

CASE 24

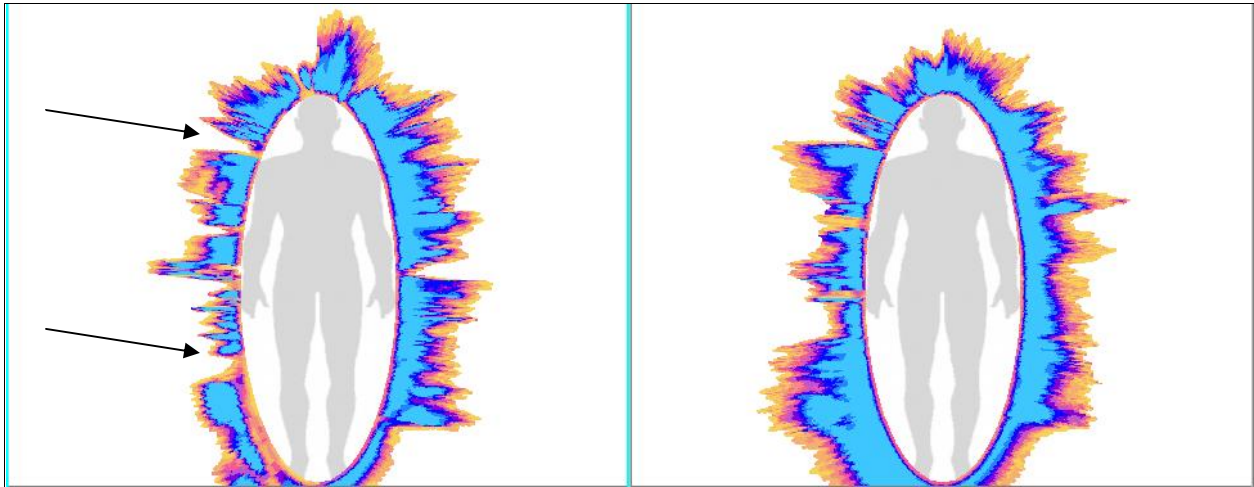

HGH8269482713 Before

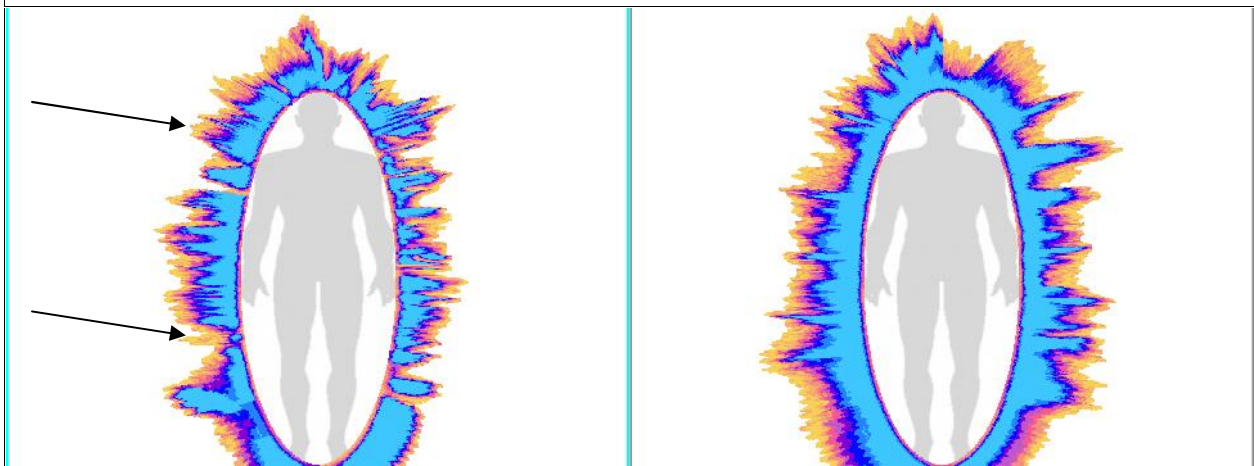

HGH8269482713 After

Analysis: Improvement in the distorted biofield can be seen in after scan.

CASE 25

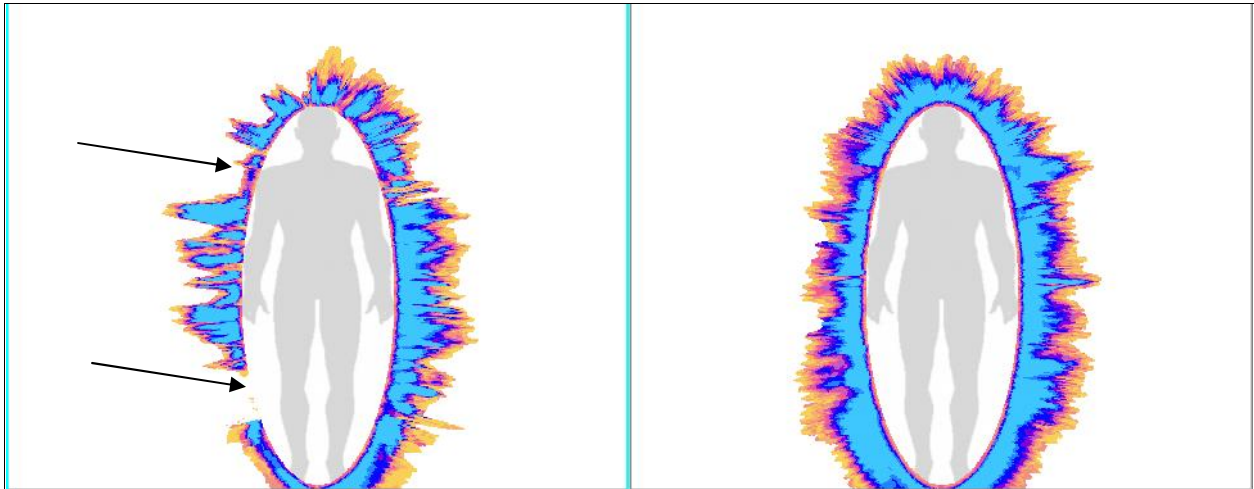

HGH6699862542 Before

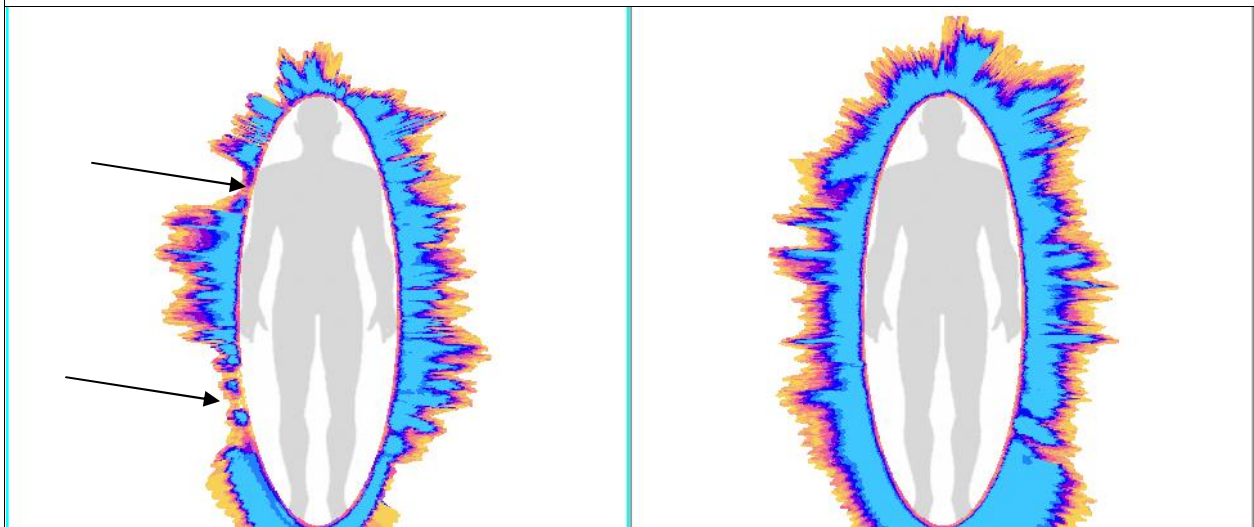

HGH6699862542 After

Analysis: Distortion of the biofield at the level of throat and leg has reduced in after scan.

CASE 26

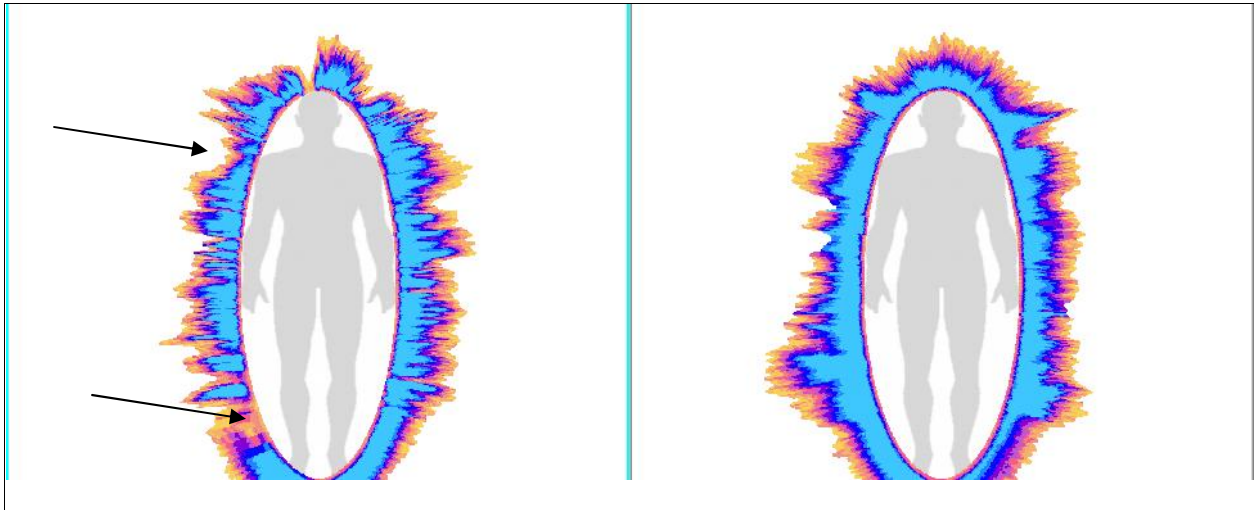

HGH3573677286 Before

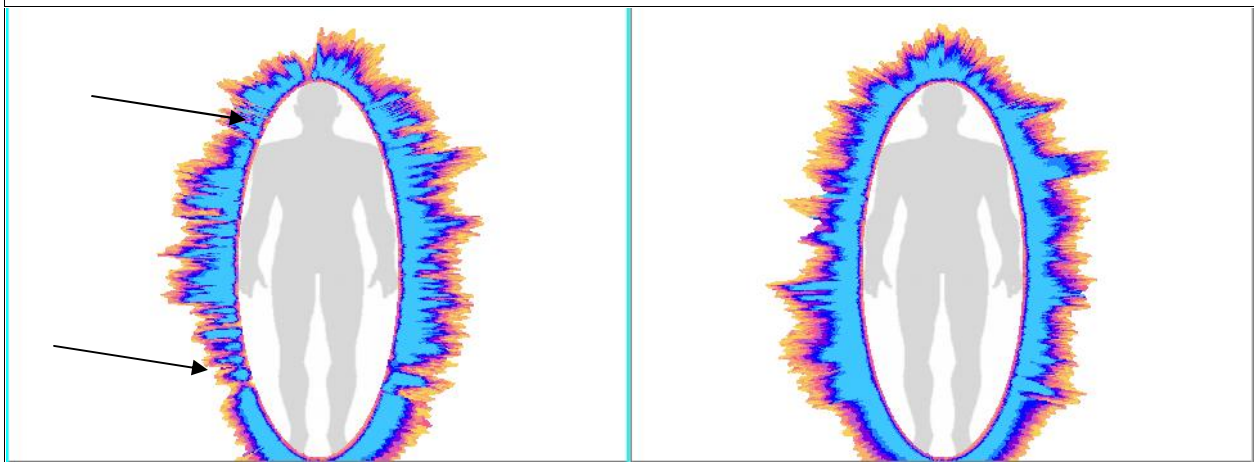

HGH3573677286 After

Analysis: Minimal improvement in the biofield can be seen in the after scan.

CASE 27

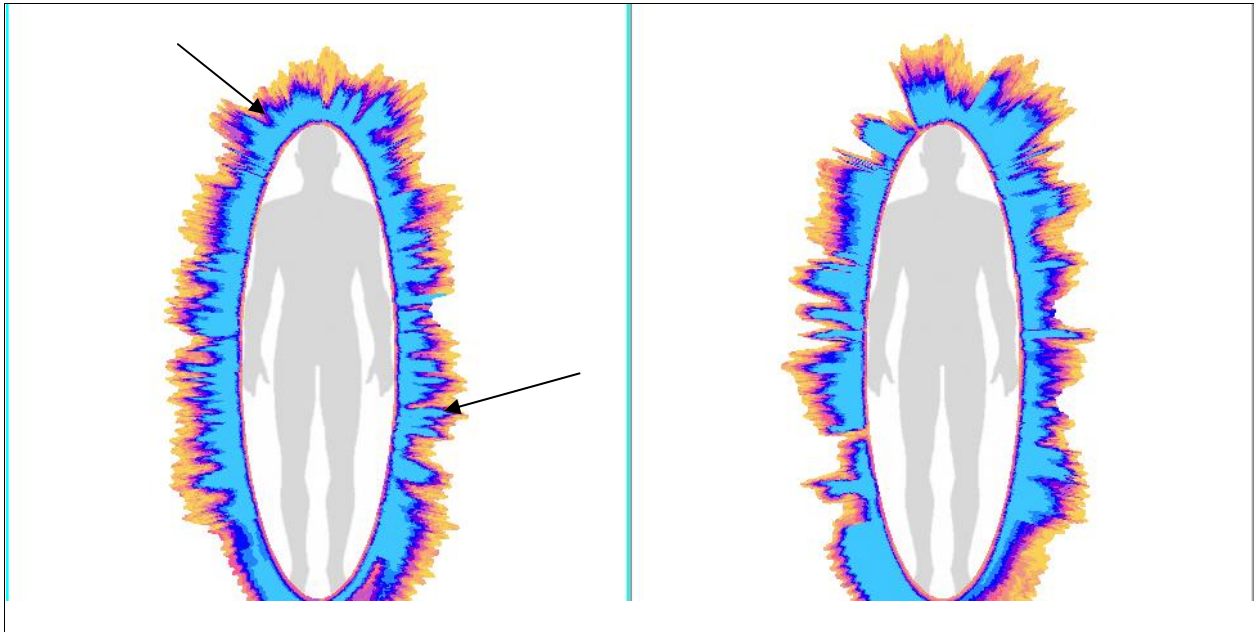

HGH6429674279 Before

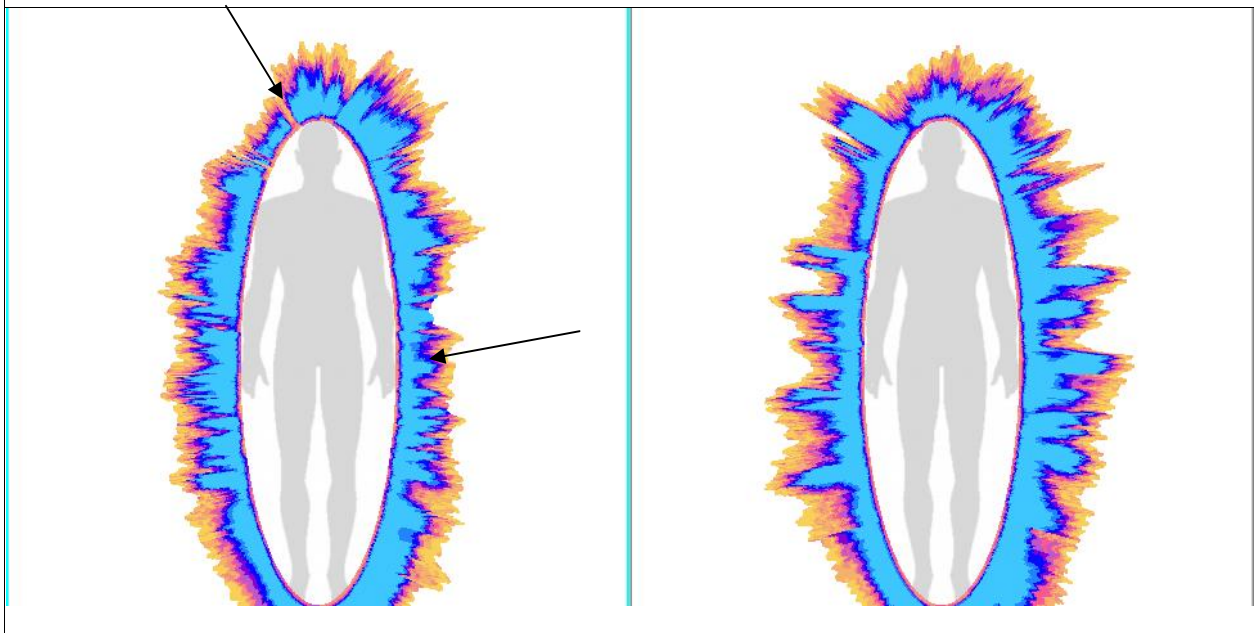

HGH6429674279 After

Analysis: Improvement in the distorted biofield can be seen in after scan.

CASE 28

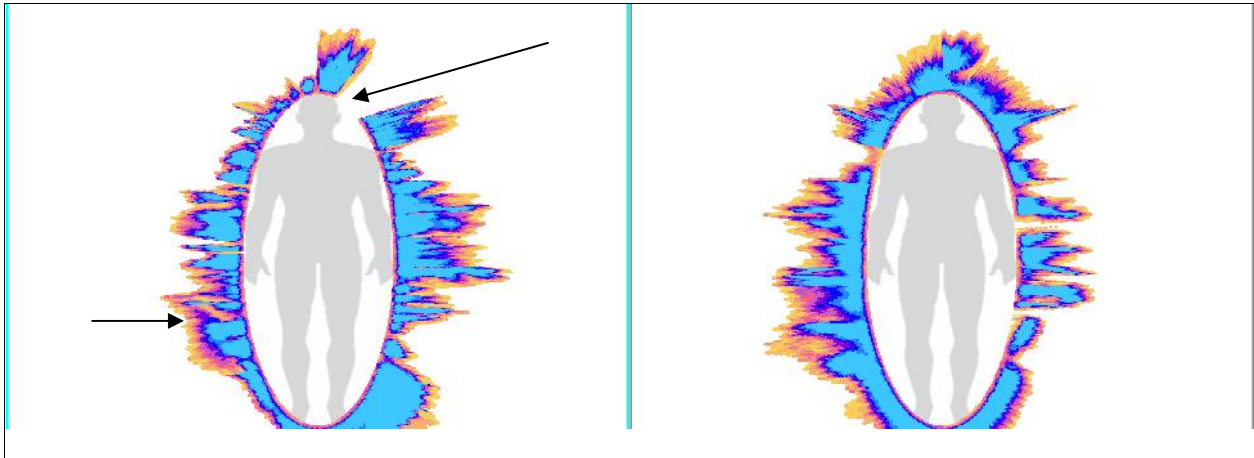

HGH9664884449 Before

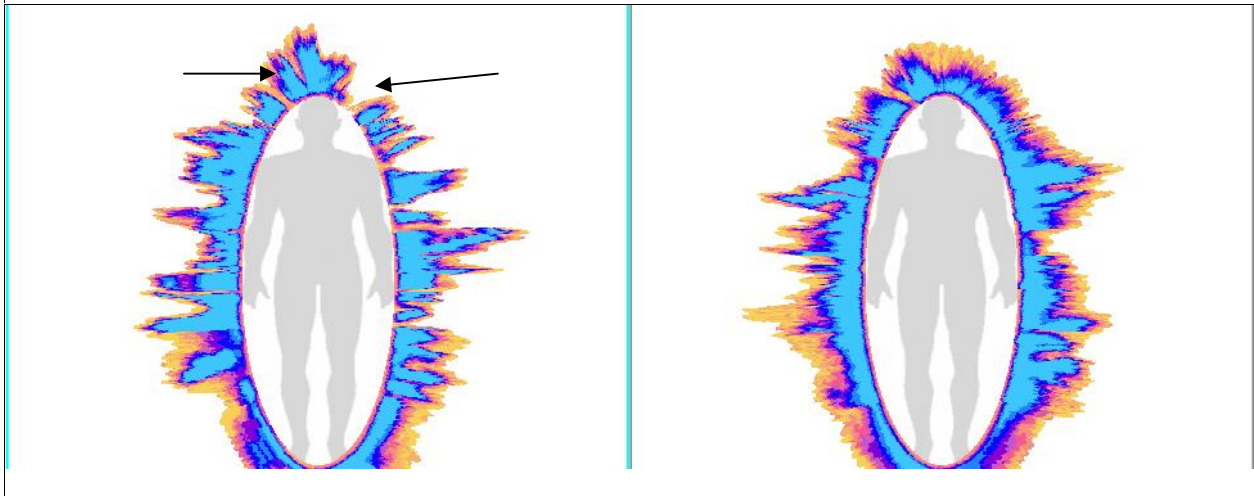

HGH9664884449 After

Analysis: No remarkable changes can be seen in the biofield in after scan.

CASE 29

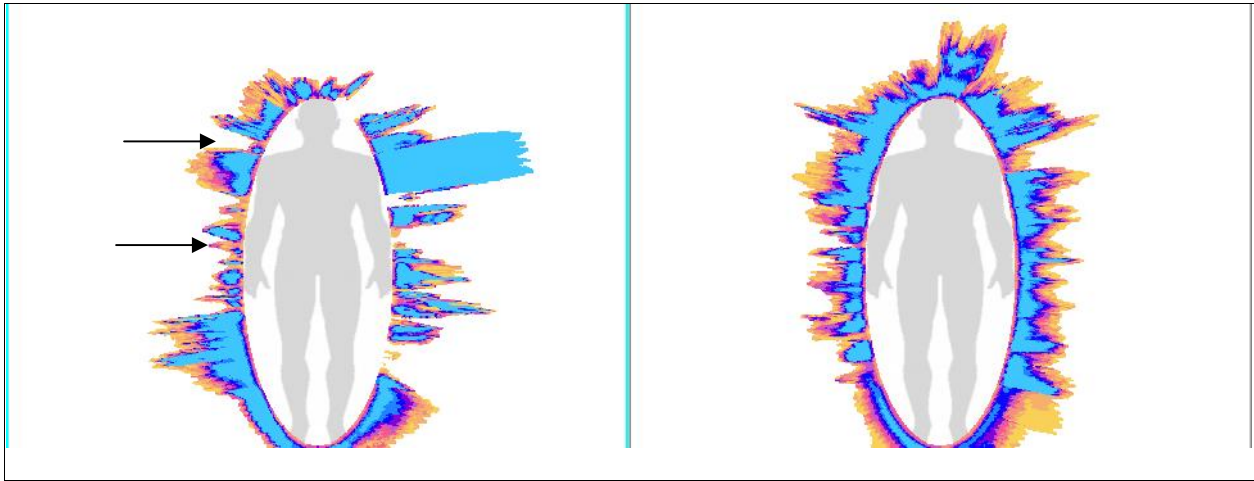

HGH6970455001Before

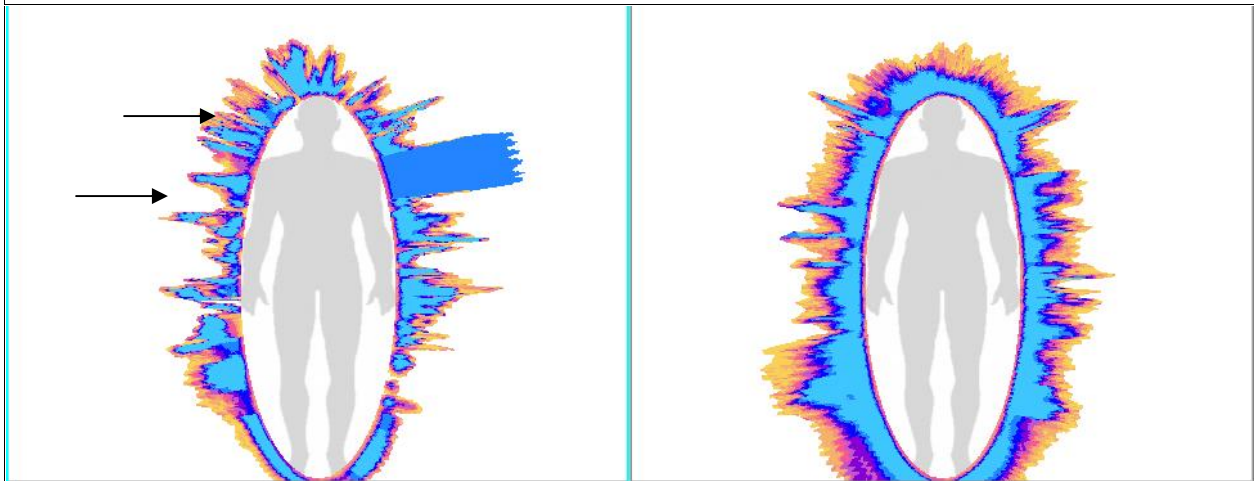

HGH6970455001After

Analysis: Mixed changes can be seen in the after scan.

CASE 30

HGH3264849492 Before

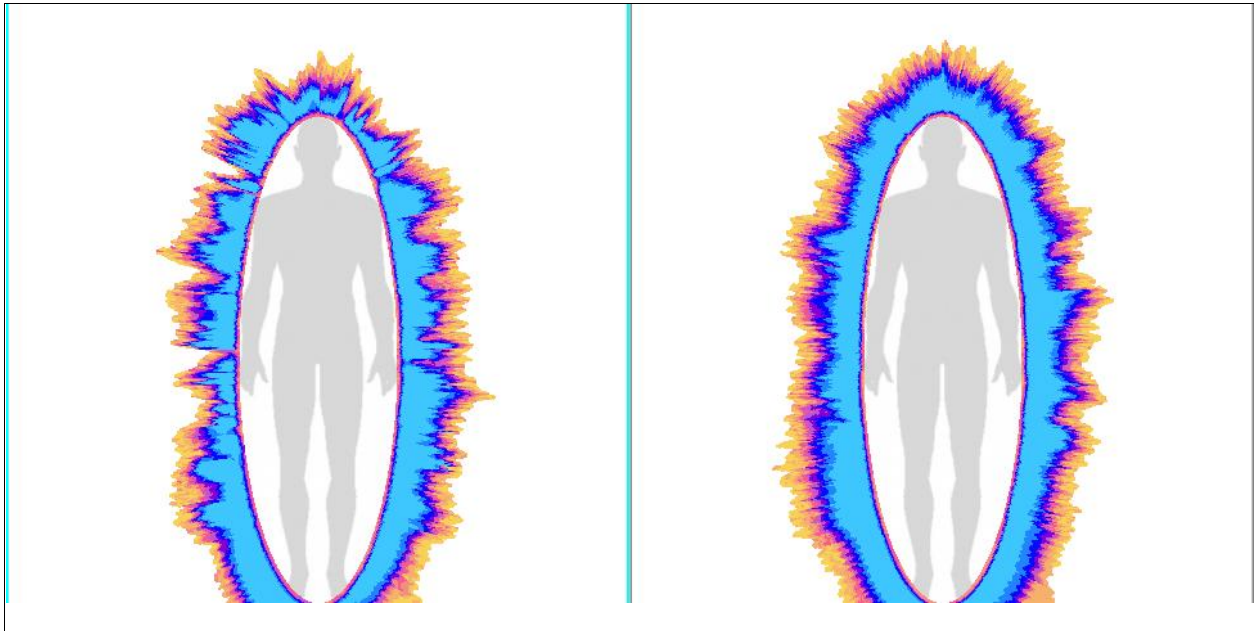

HGH3264849492 After

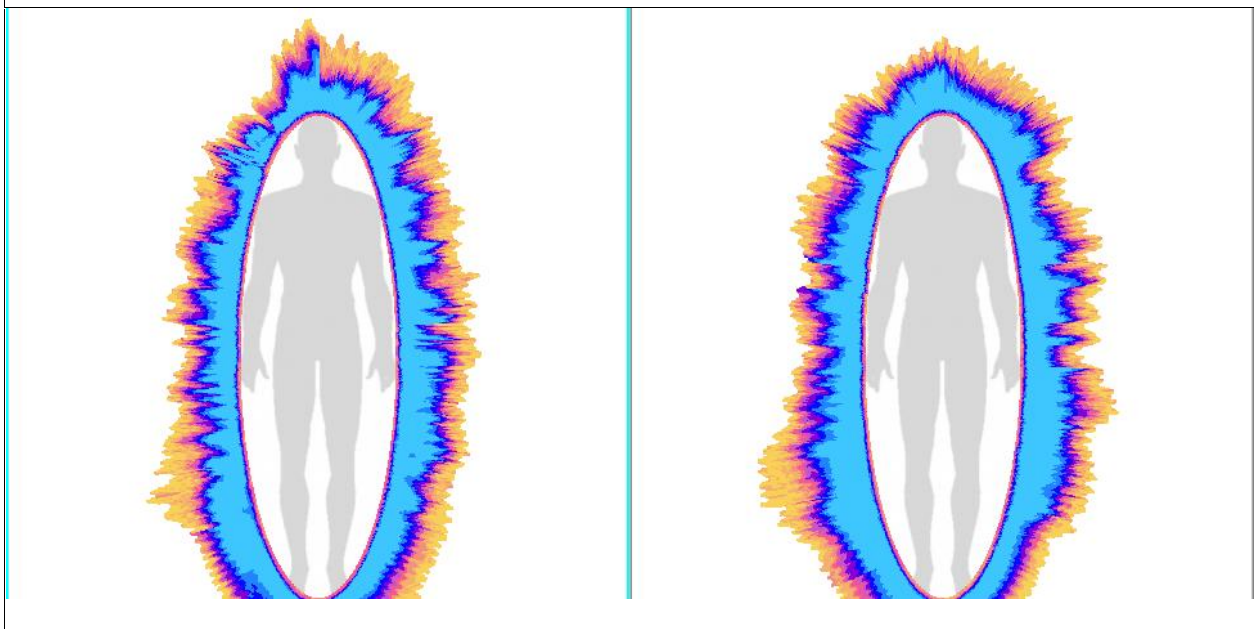

Analysis: Minimal improvement in the distorted biofield can be seen in after scan.

Control Group

CASE 1

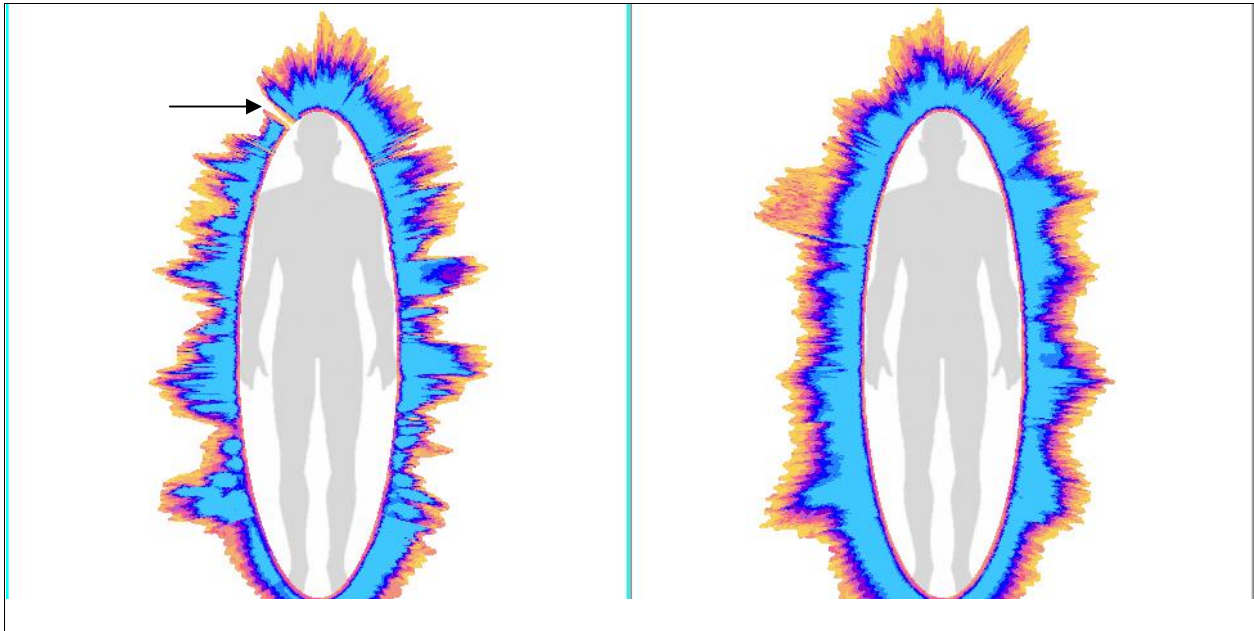

HGH1477429203 Before

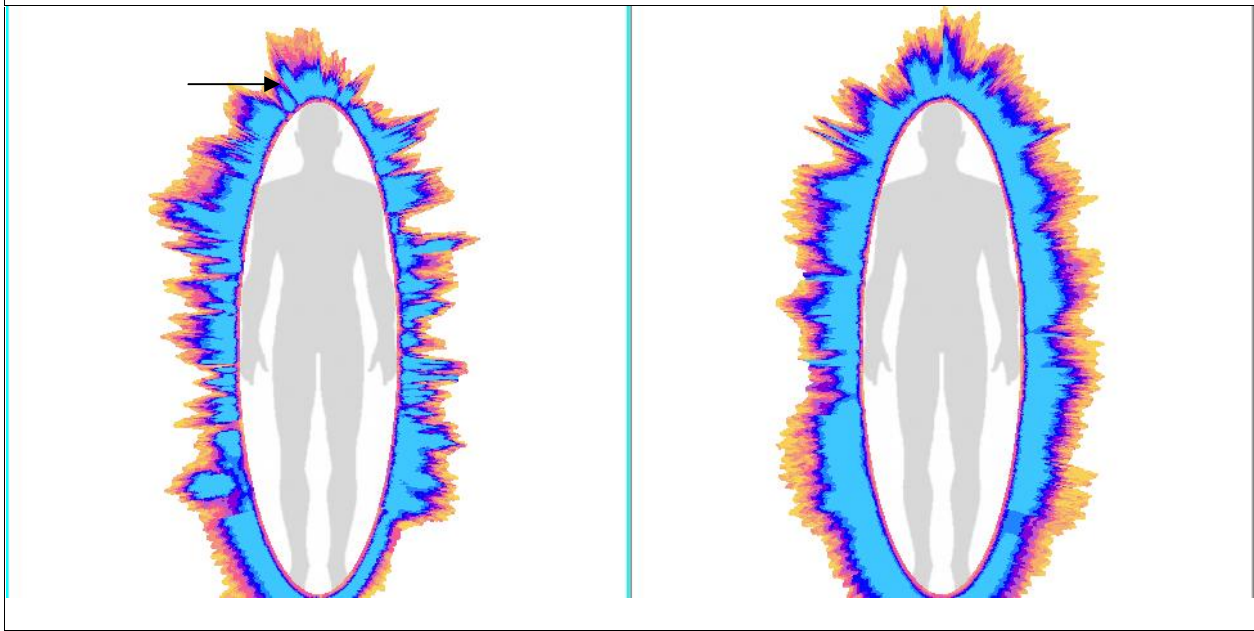

HGH1477429203 After

Analysis: No remarkable changes can be seen.

CASE 2

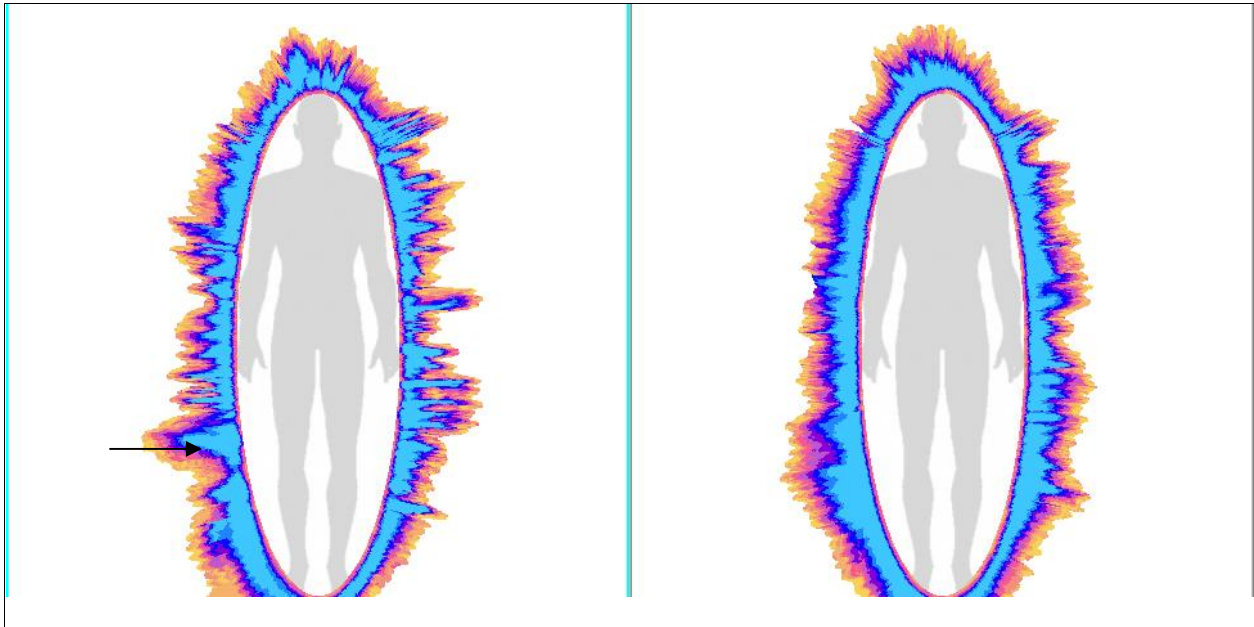

HGH1469255821 Before

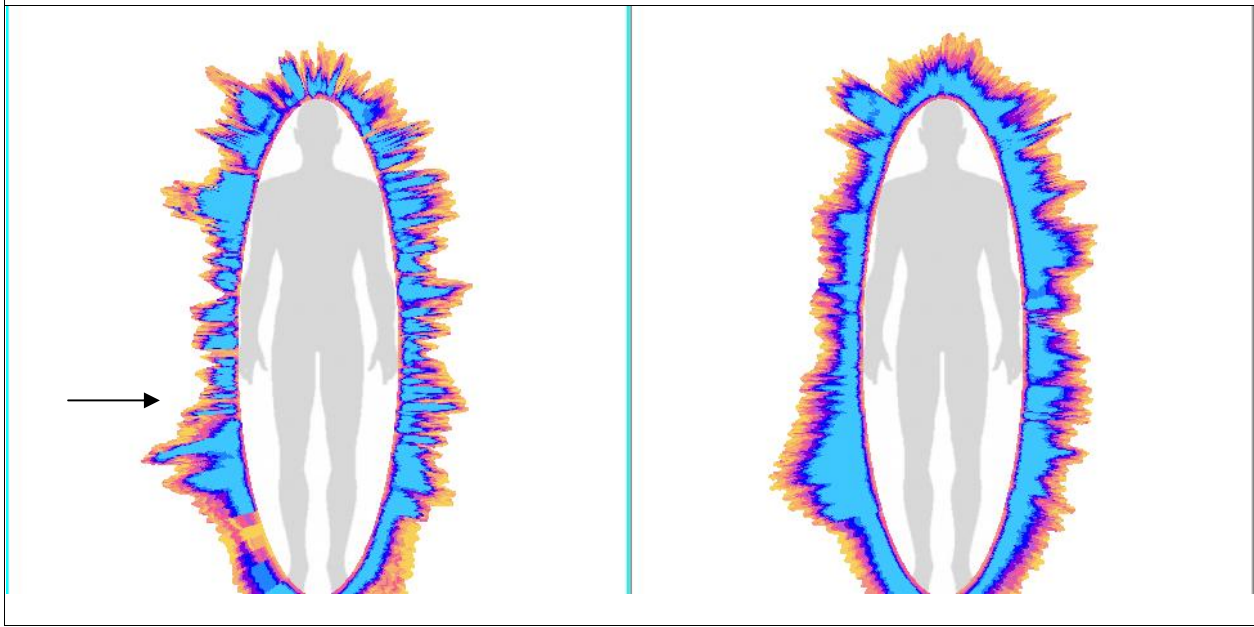

HGH1469255821 After

Analysis: Minimal positive changes can be seen.

CASE 3

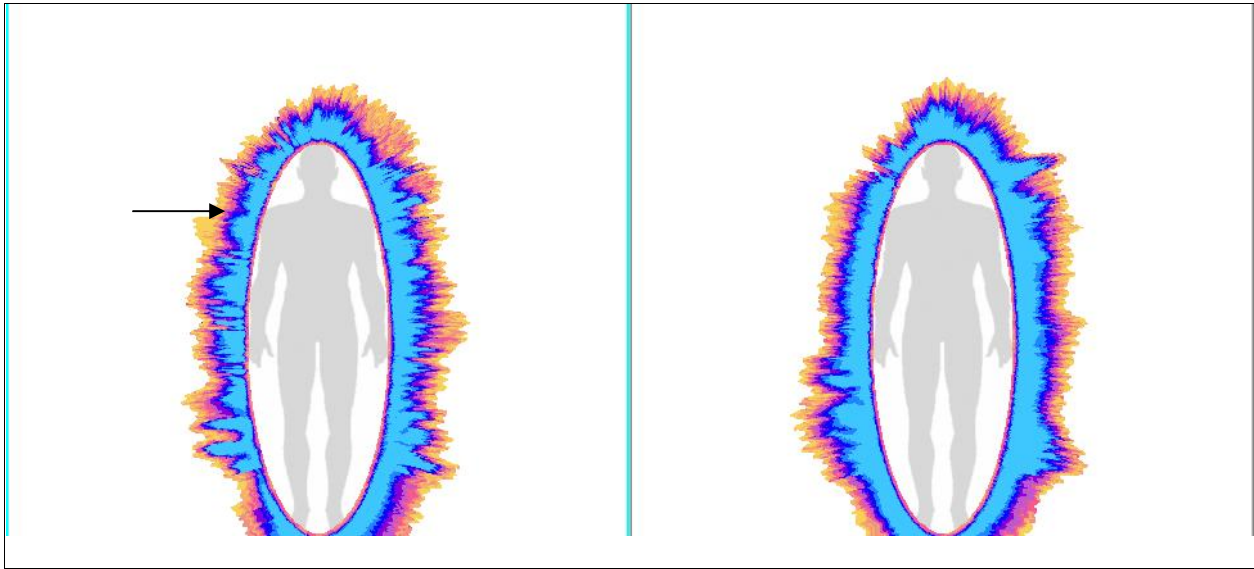

HGH6155172990 Before

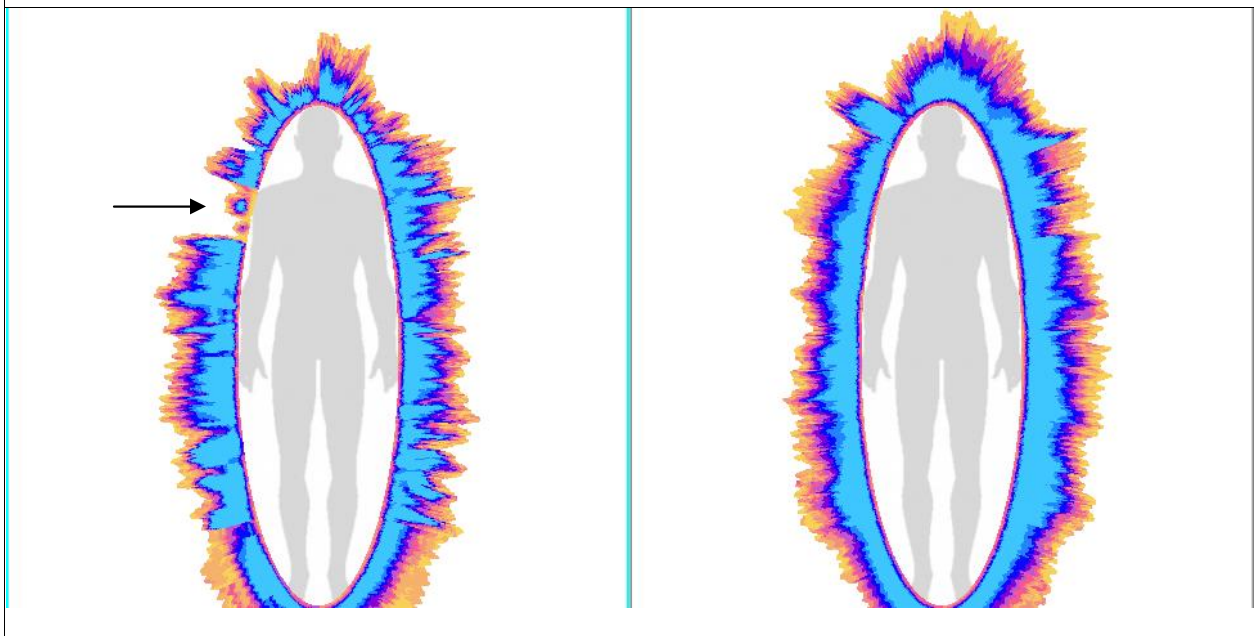

HGH6155172990 After

Analysis: Negative change can be seen in the after scan.

CASE 4

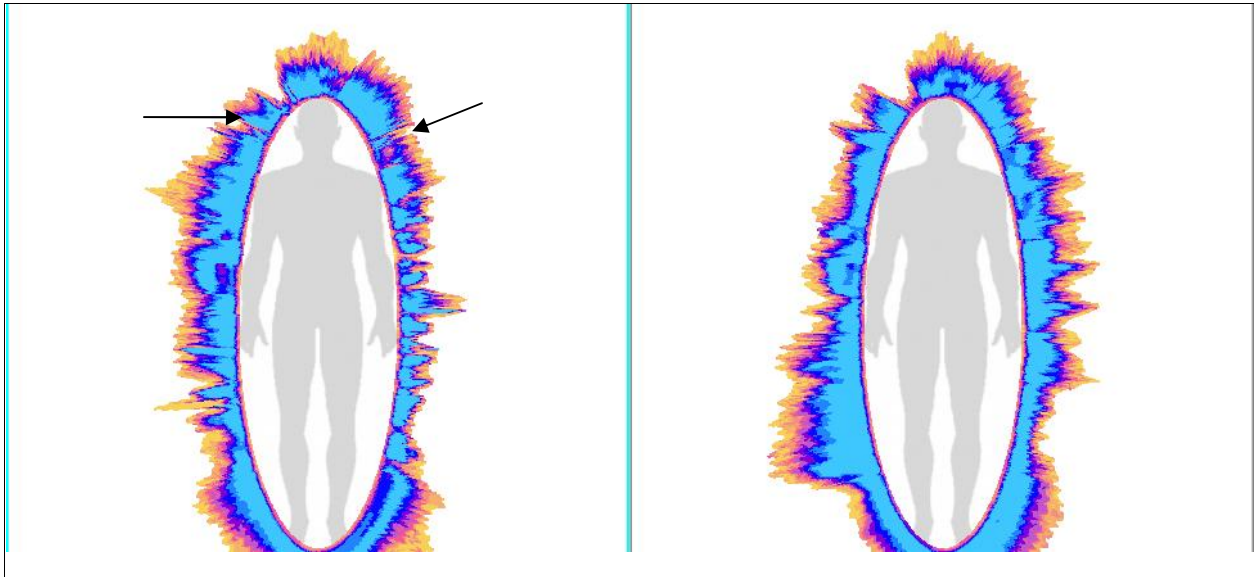

HGH2284324946 Before

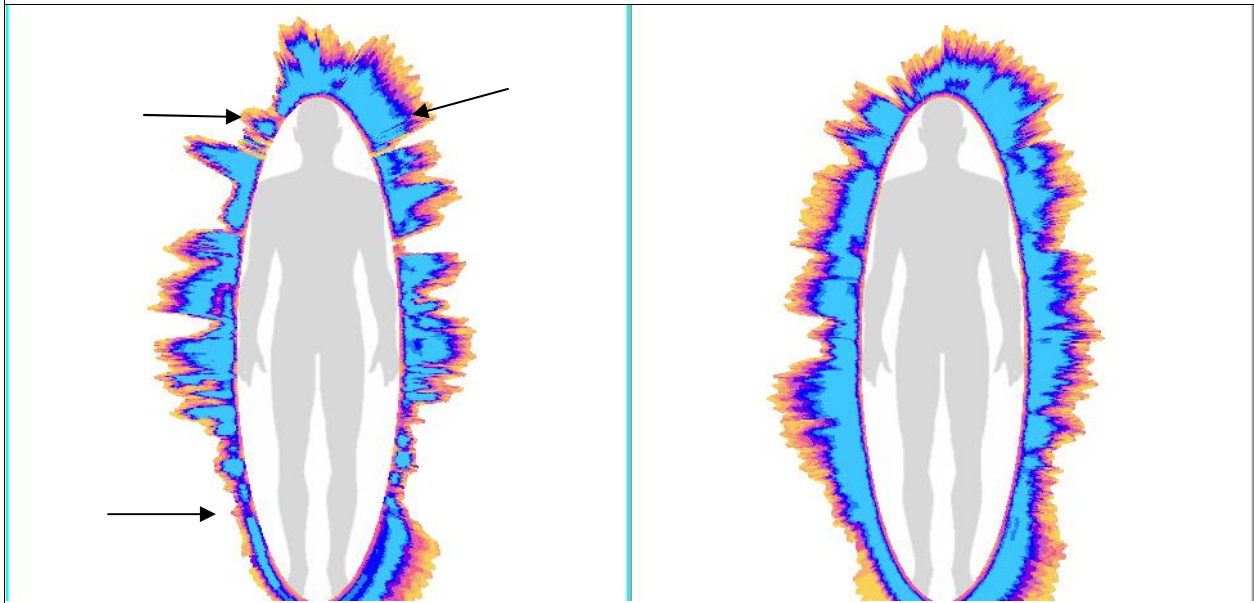

HGH2284324946 After

Analysis: Negative change can be seen in the after scan.

CASE 5

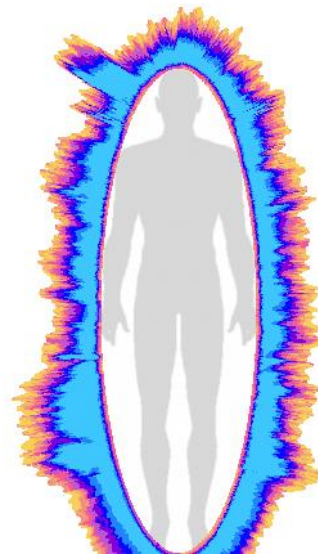

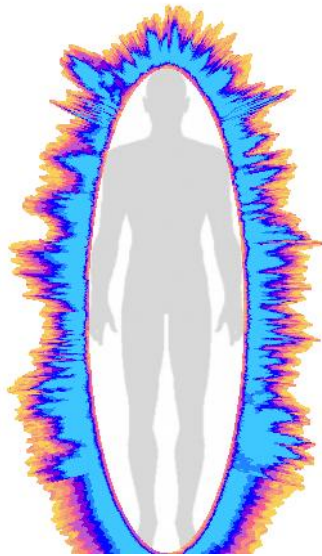

HGH7006547063 Before

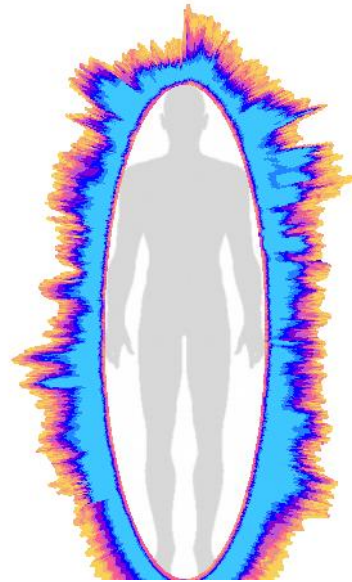

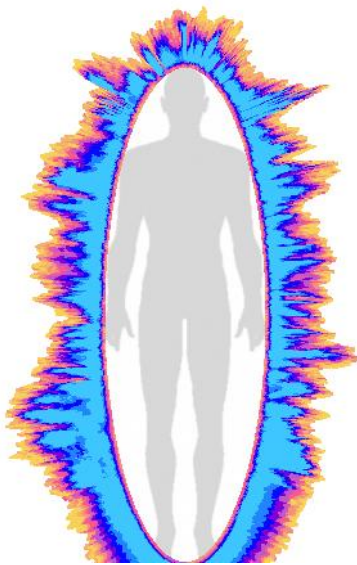

HGH7006547063 After

Analysis: Negative change can be seen in the after scan.

CASE 6

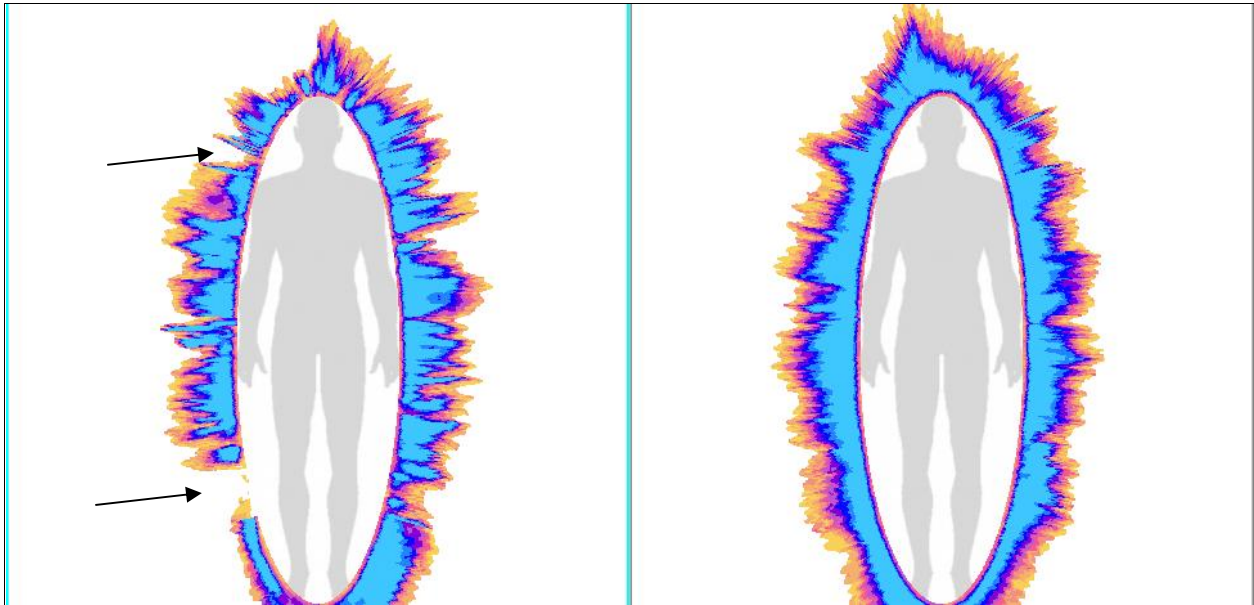

HGH8644112160 Before

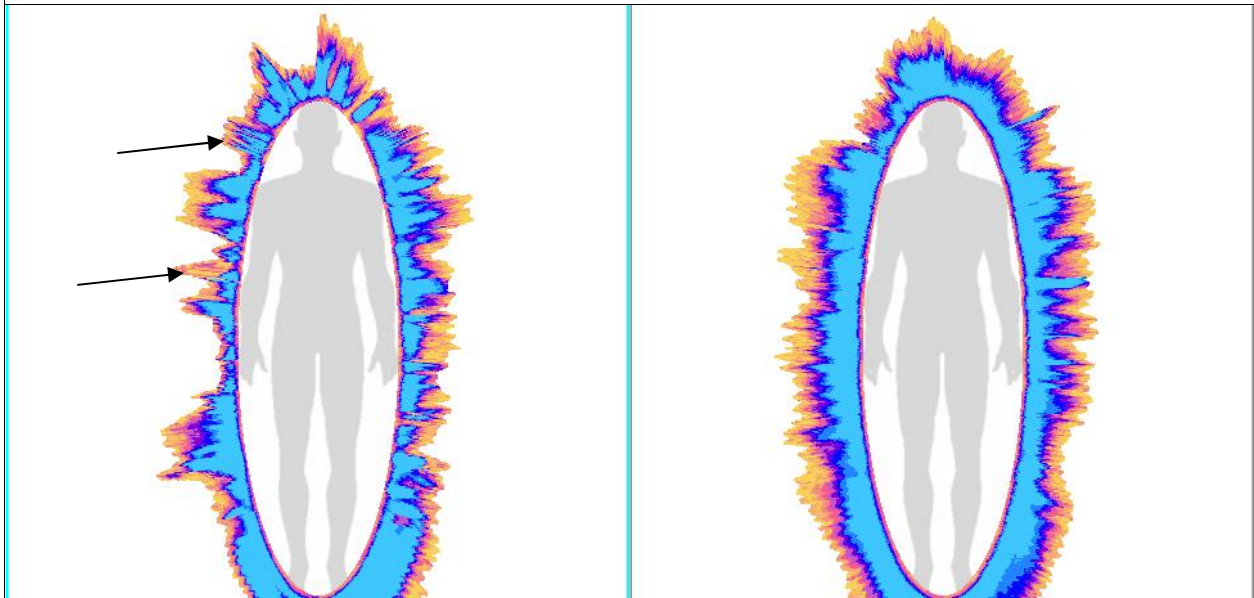

HGH8644112160 After

Analysis: No significant positive changes can be seen in the biofield.

CASE 7

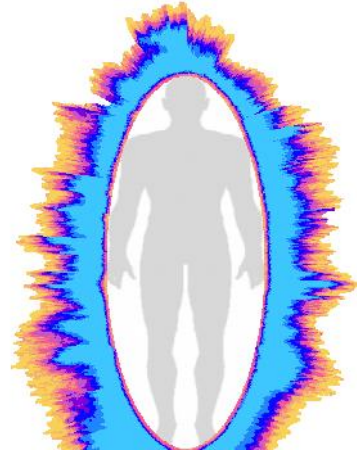

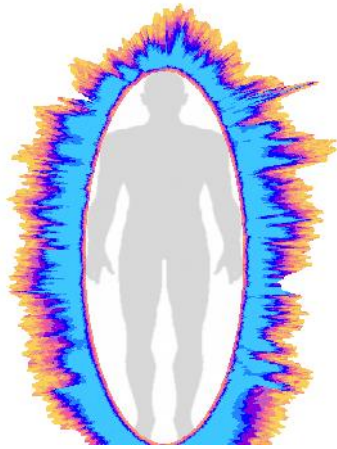

HGH4331658320 Before

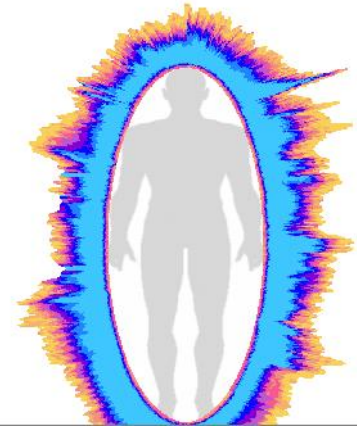

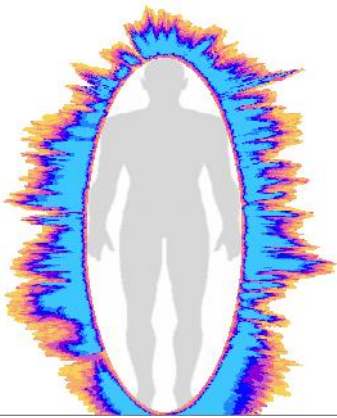

HGH4331658320 After

Analysis: Improvement in the biofield can be seen in the after scan.

CASE 8

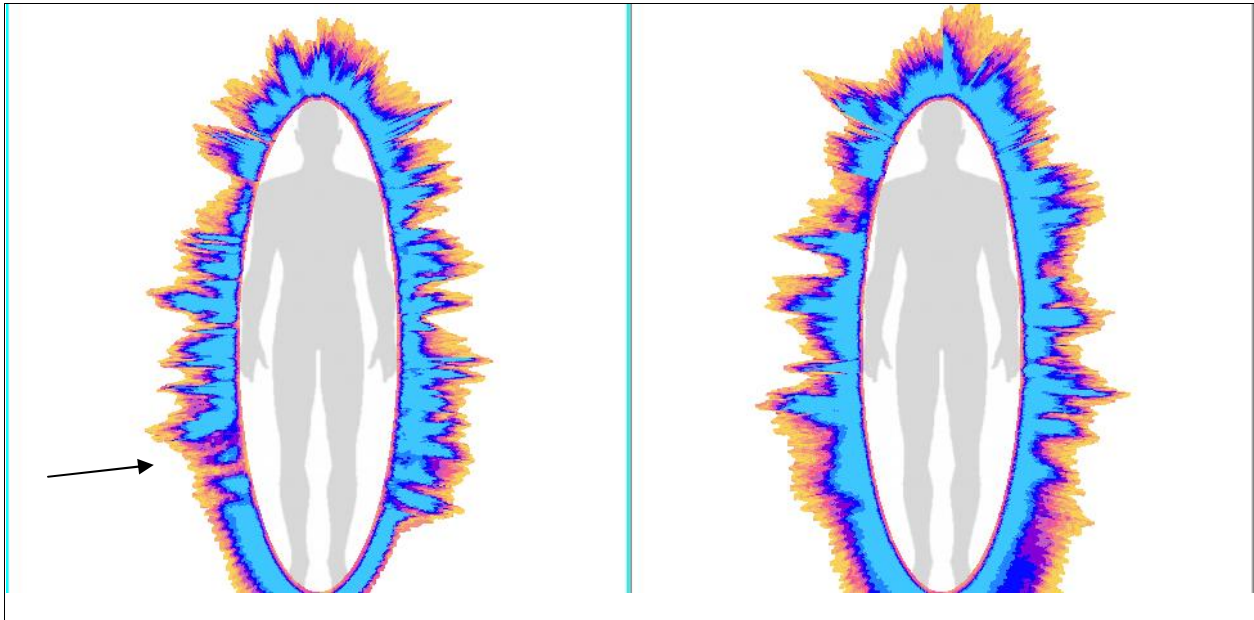

HGH6608235812 Before

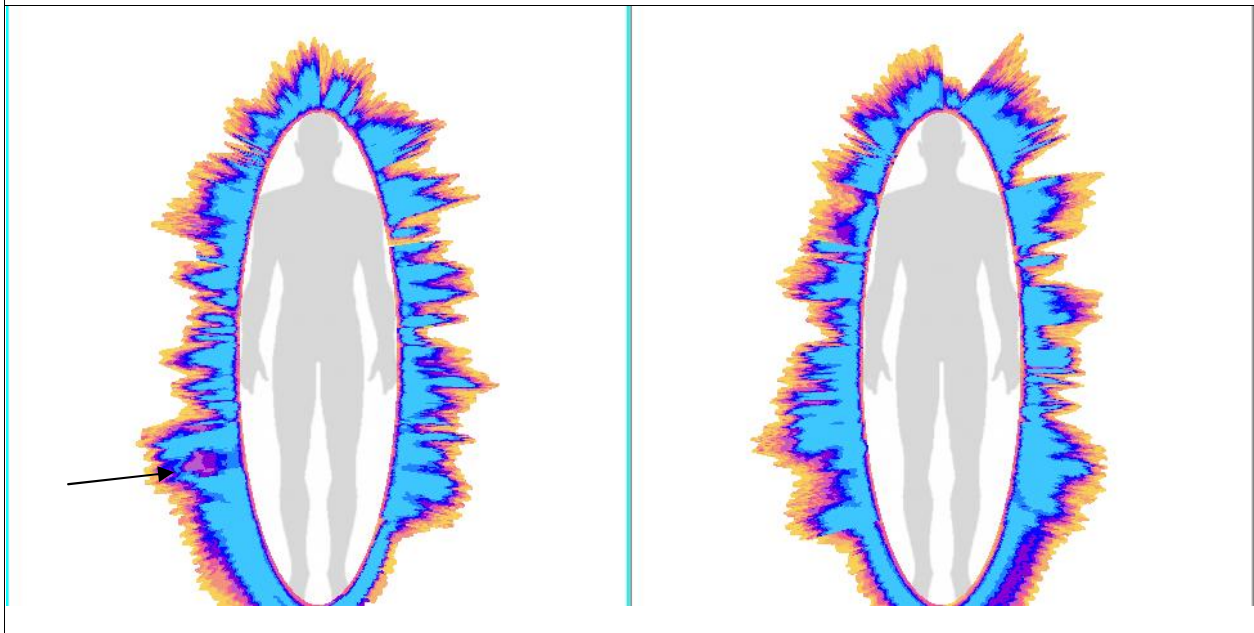

HGH6608235812 After

Analysis; No significant positive changes can be seen.

CASE 9

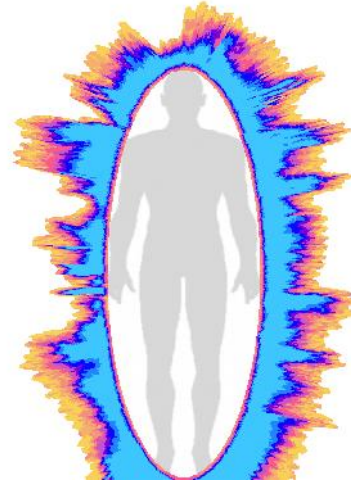

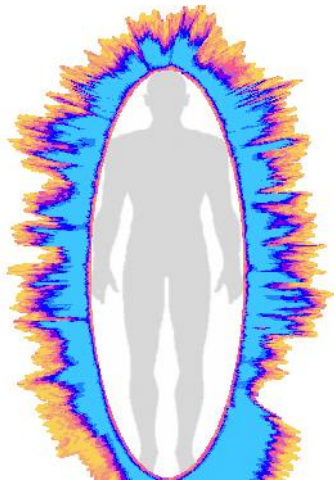

HGH9173840755 Before

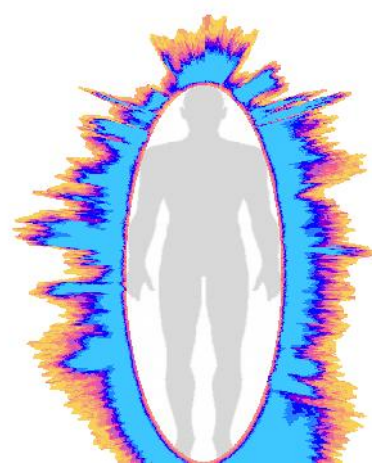

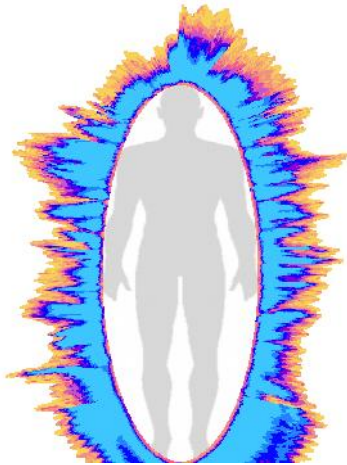

HGH9173840755 After

Analysis: Mixed changes can be seen in the after scan.

CASE 10

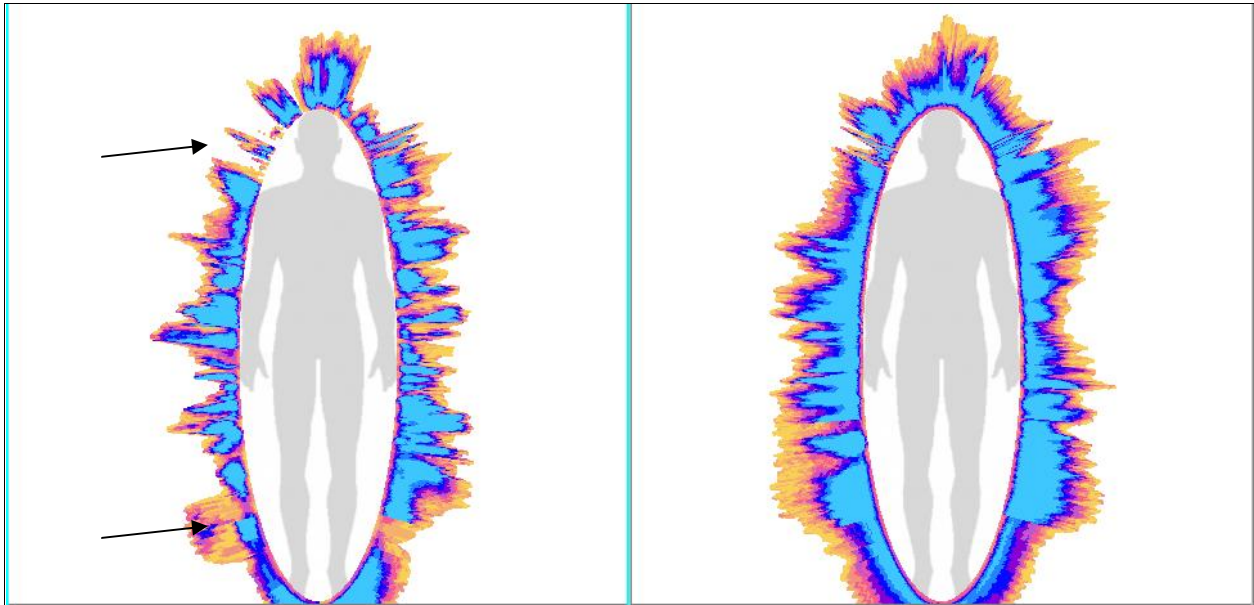

HGH3160914542 Before

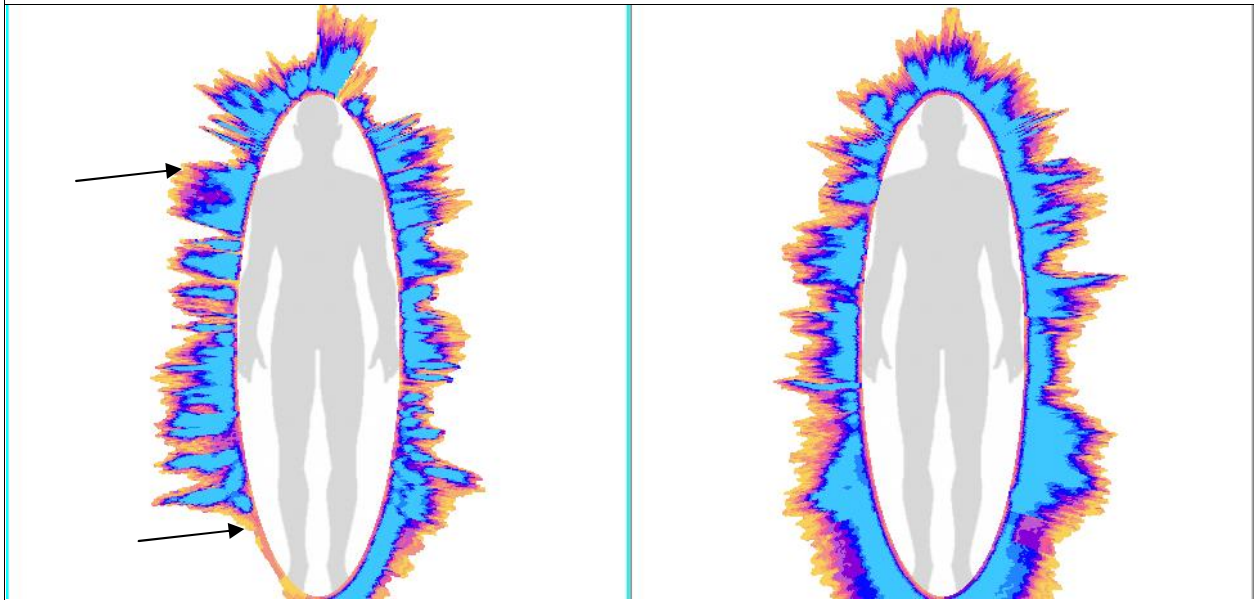

HGH3160914542 After

Analysis: No significant positive changes can be seen.

CASE 11

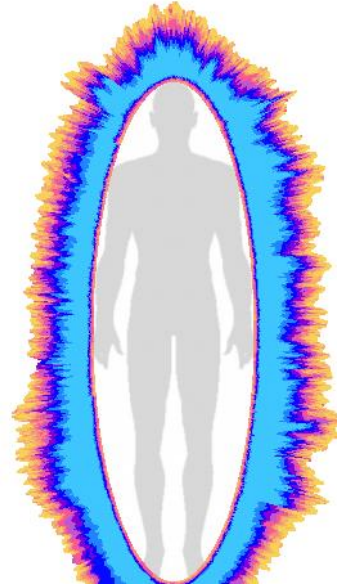

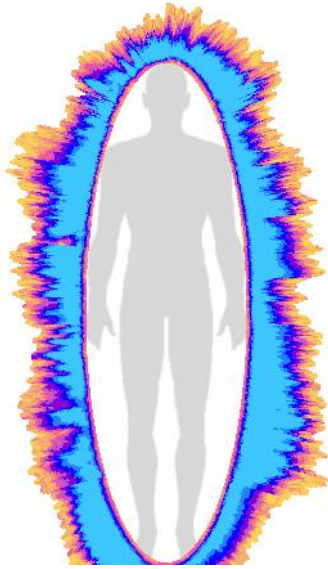

HGH6829307493Before

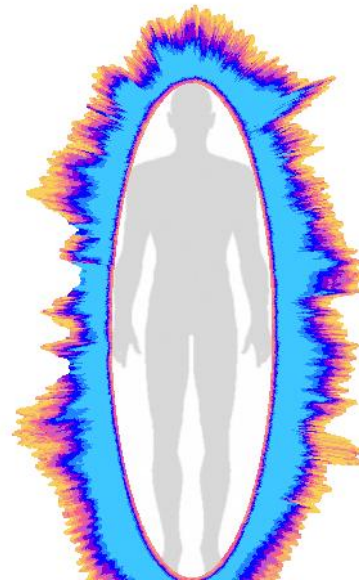

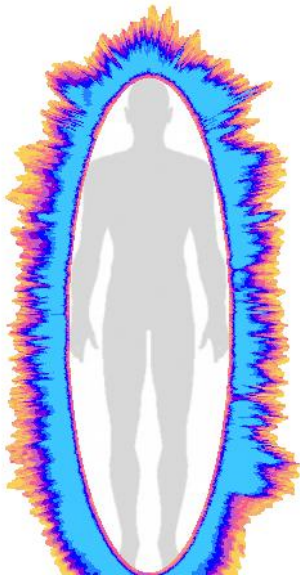

HGH6829307493After

Analysis: Mixed changes can be seen in the after scan.

CASE 12

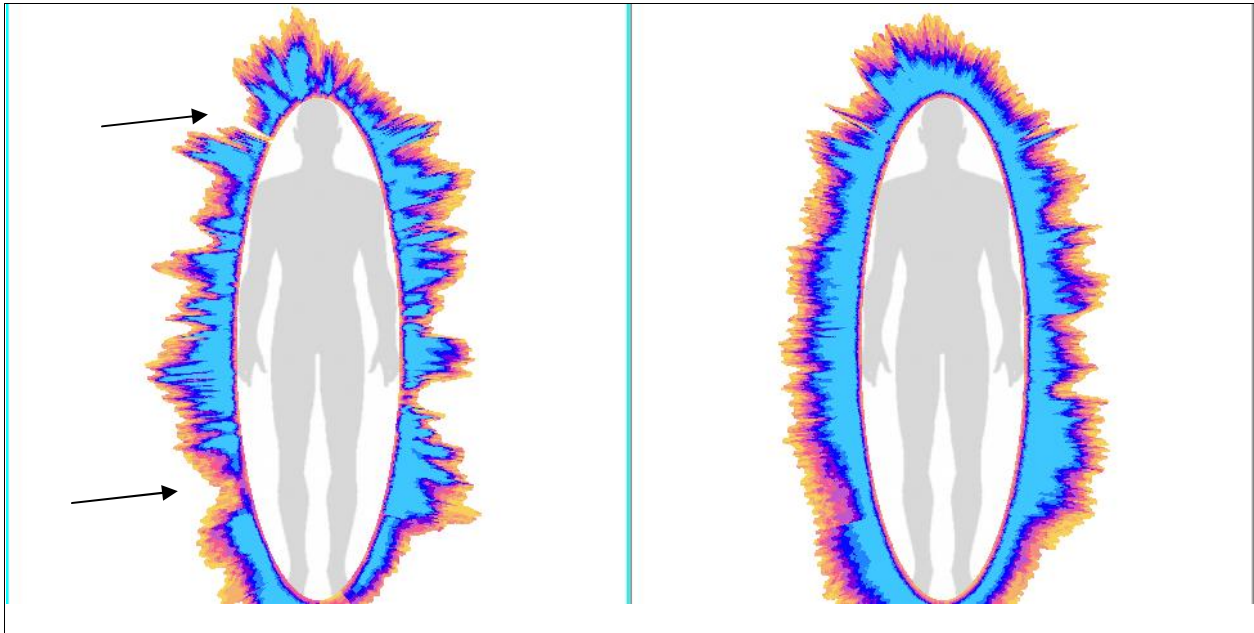

HGH3781852845Before

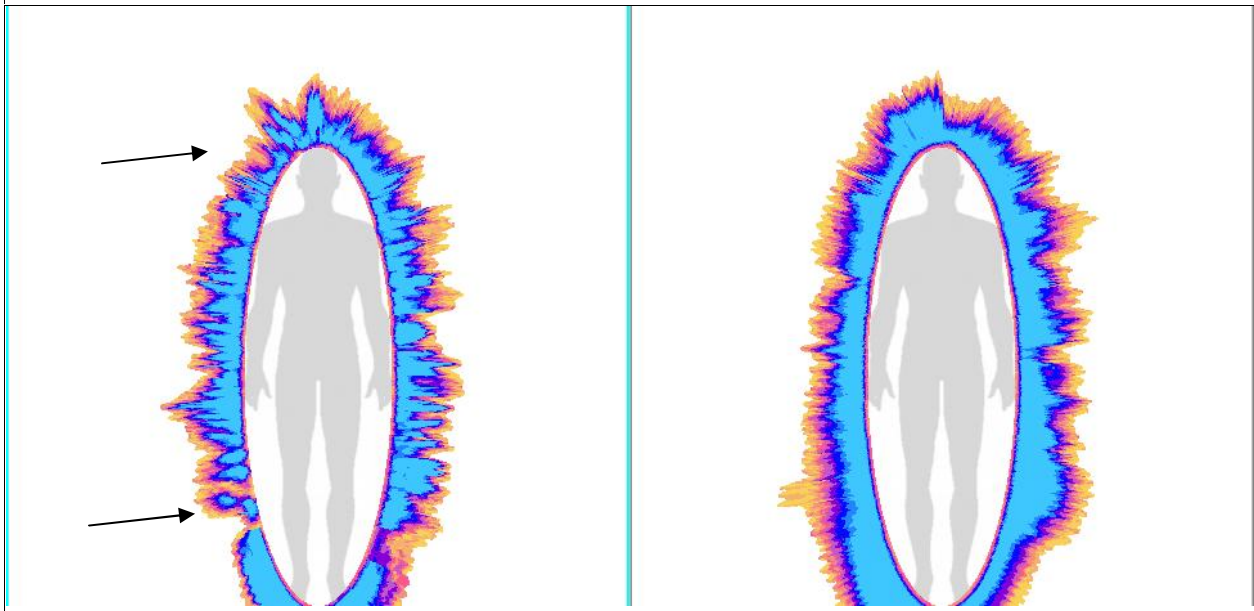

HGH3781852845After

Analysis: No significant positive changes can be seen.

CASE 13

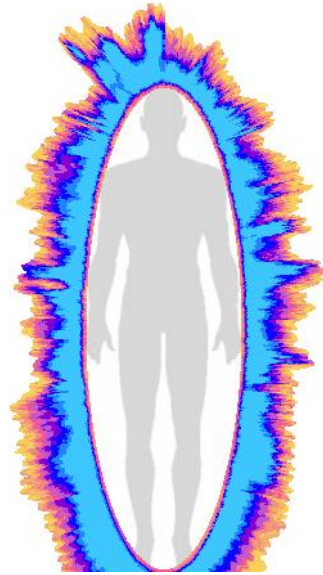

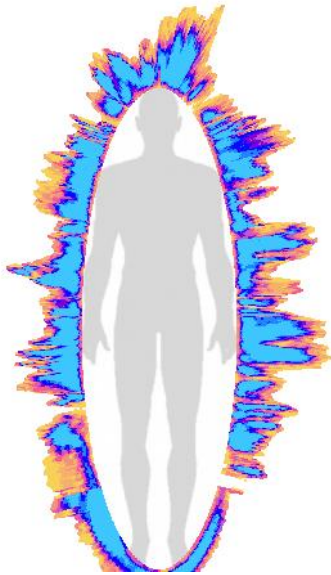

HGH9620286956Before

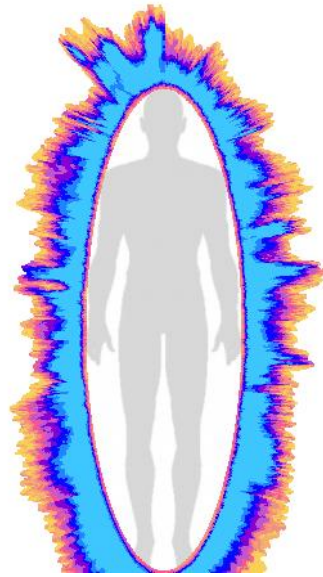

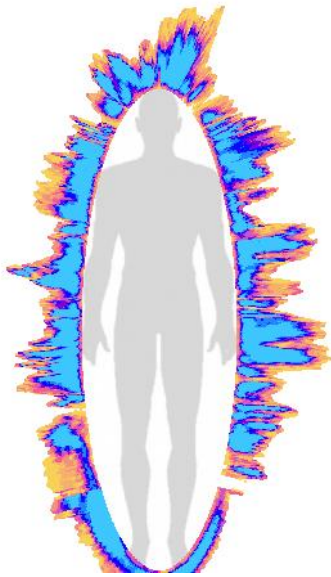

HGH9620286956After

Analysis: Mixed changes can be seen.

CASE 14

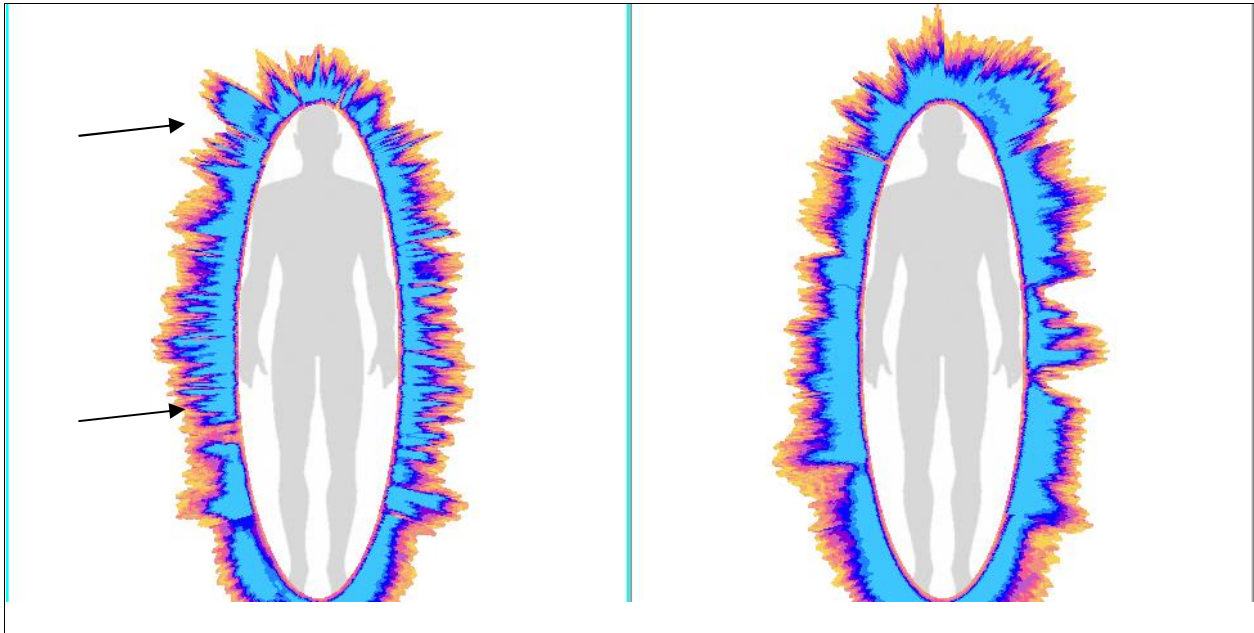

HGH2994032581 Before

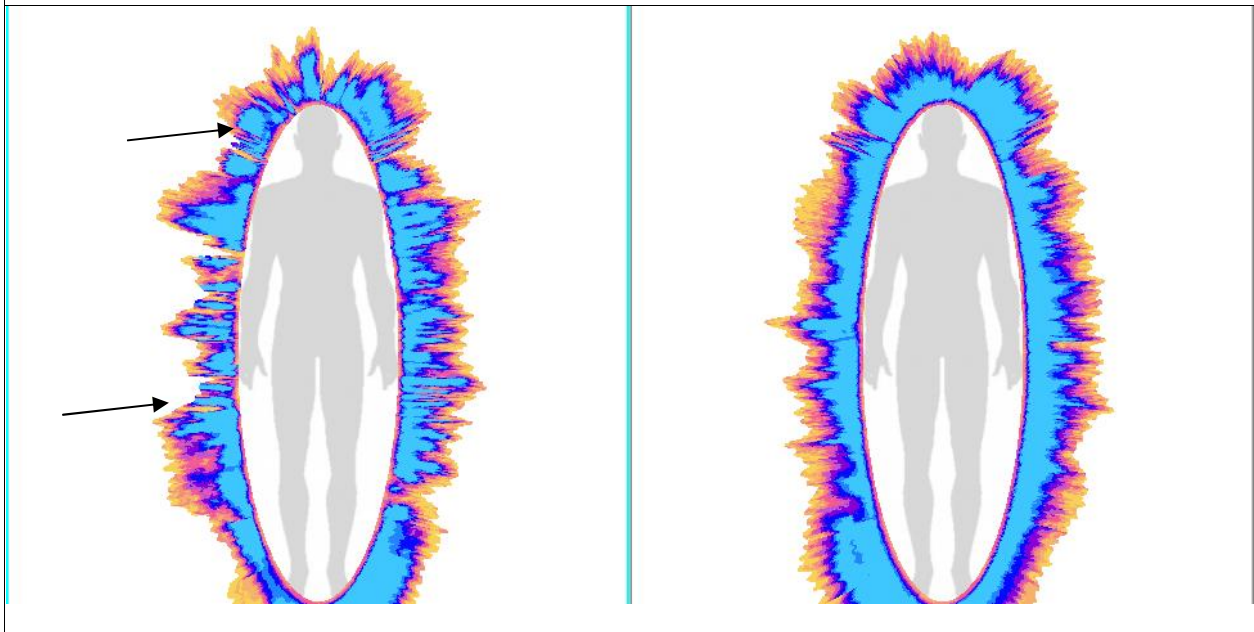

HGH2994032581 After

Analysis: No significant positive change can be seen.

CASE 15

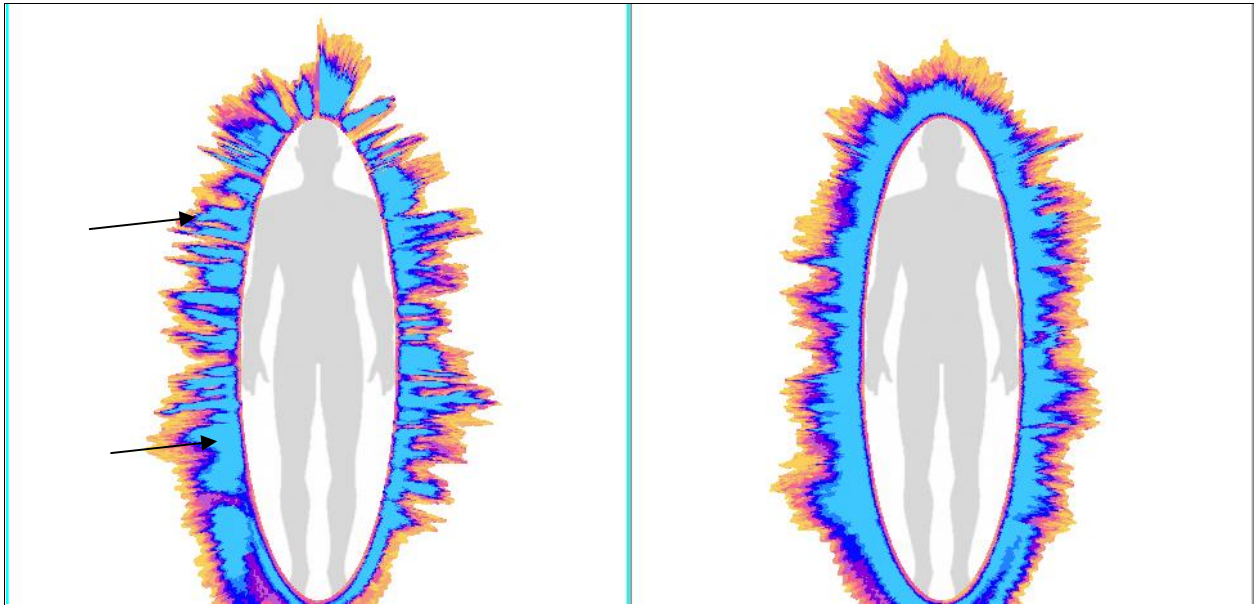

HGH2905633122 Before

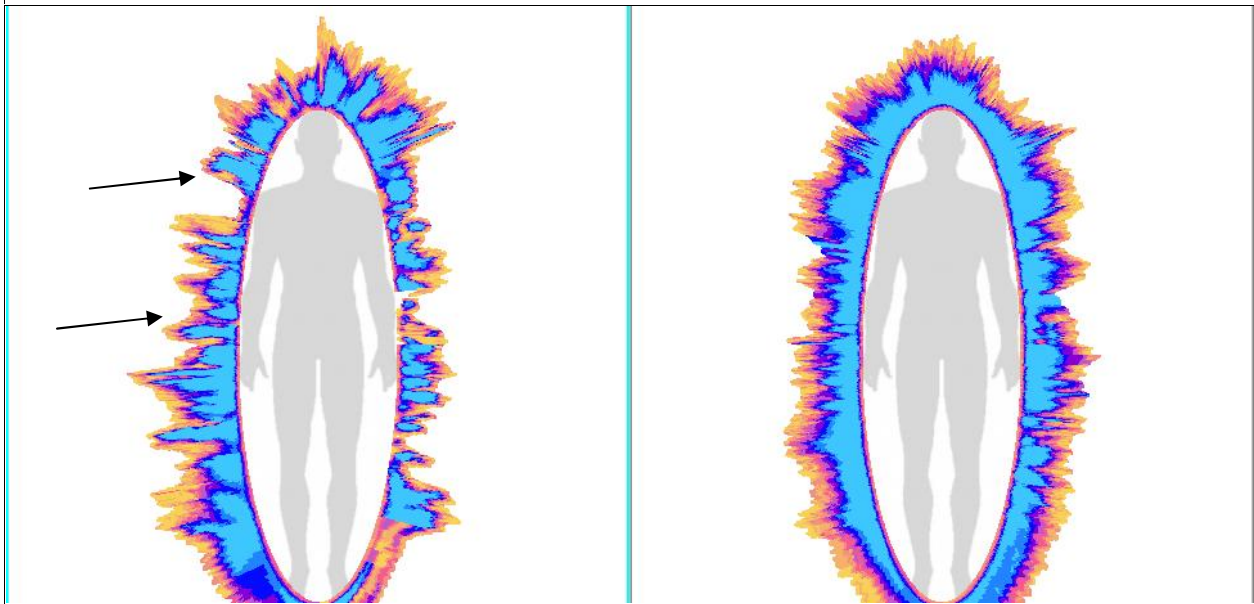

HGH2905633122 After

Analysis: Mixed changes can be seen.

CASE 16

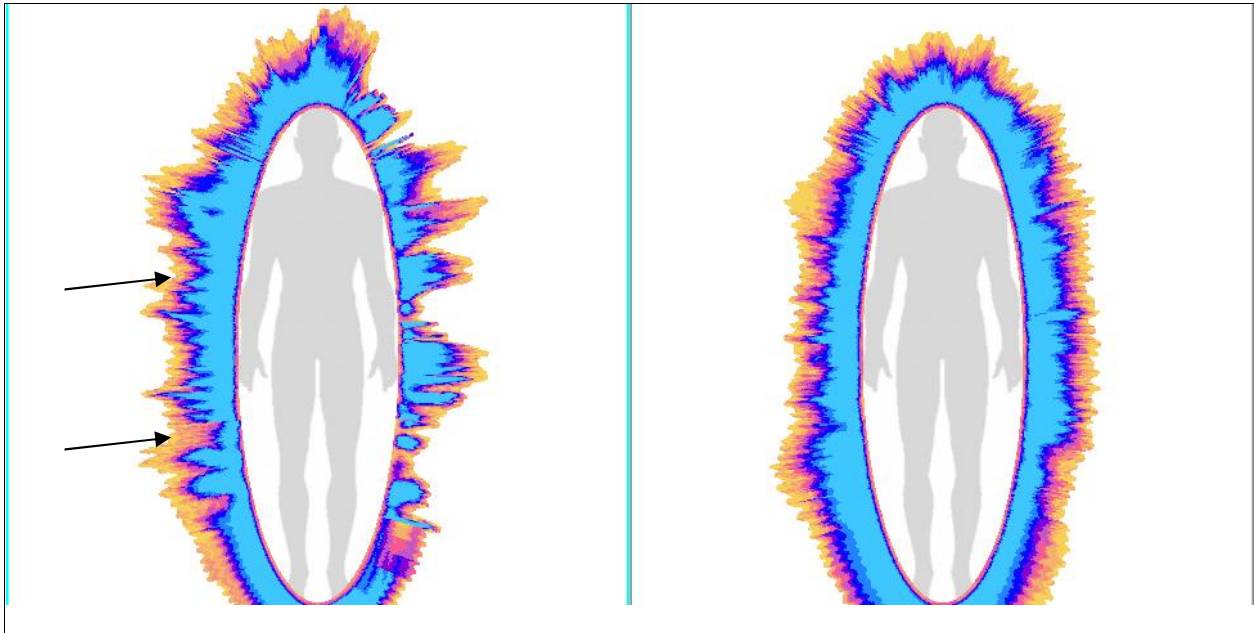

HGH2285309504Before

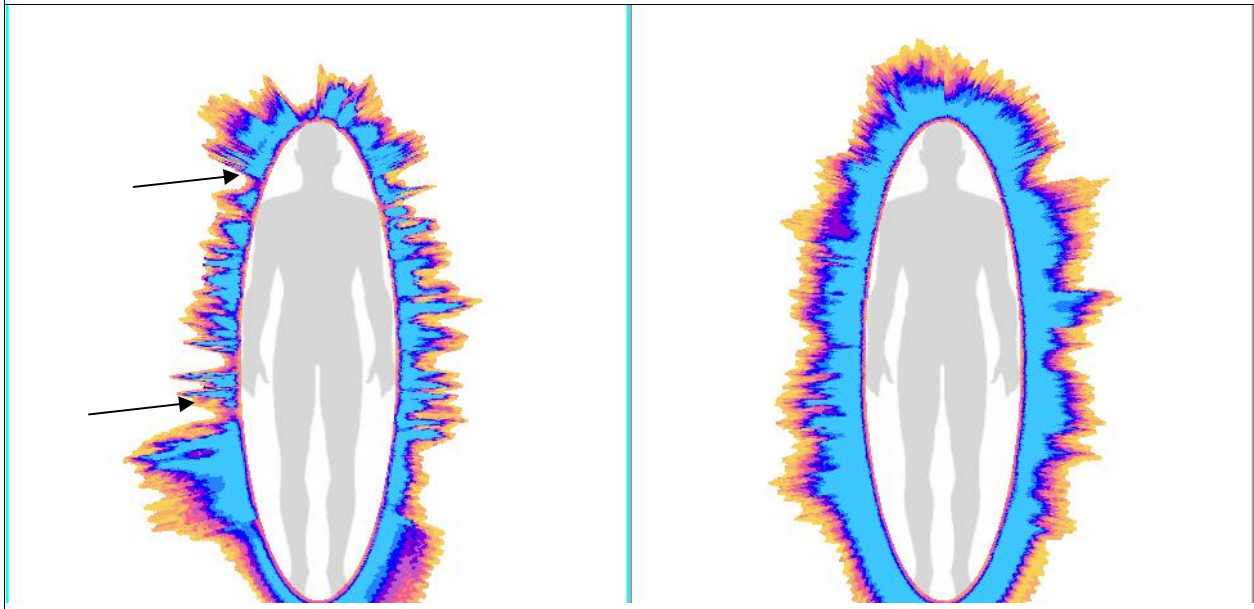

HGH2285309504After

Analysis: Negative change can be seen in the after scan.

CASE 17

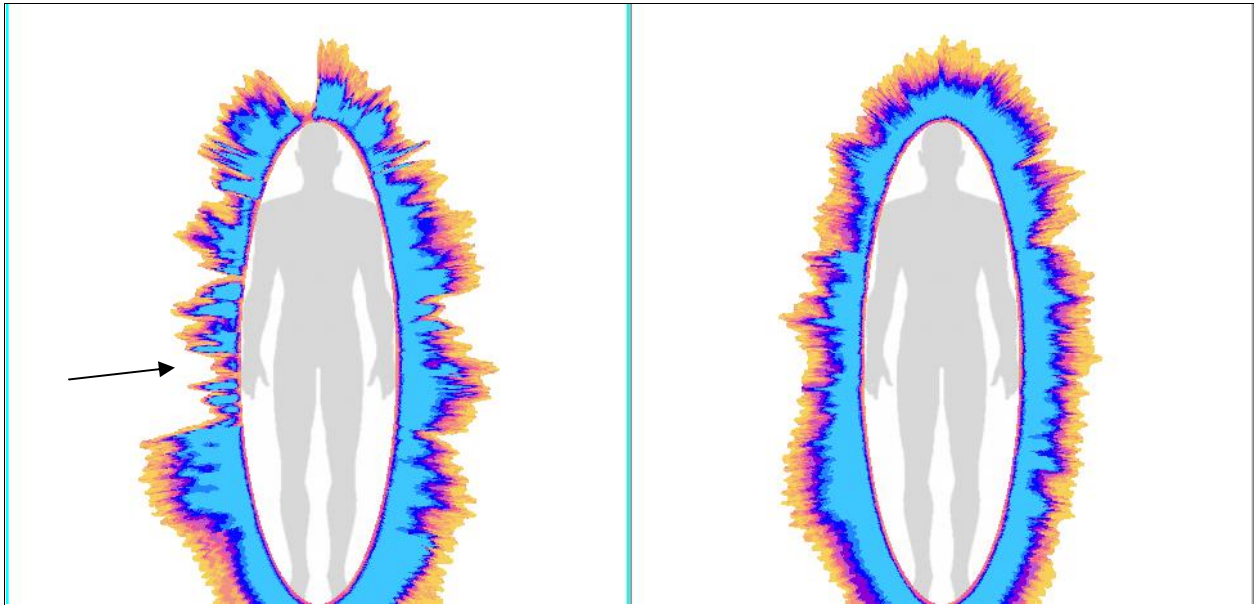

HGH1234460623Before

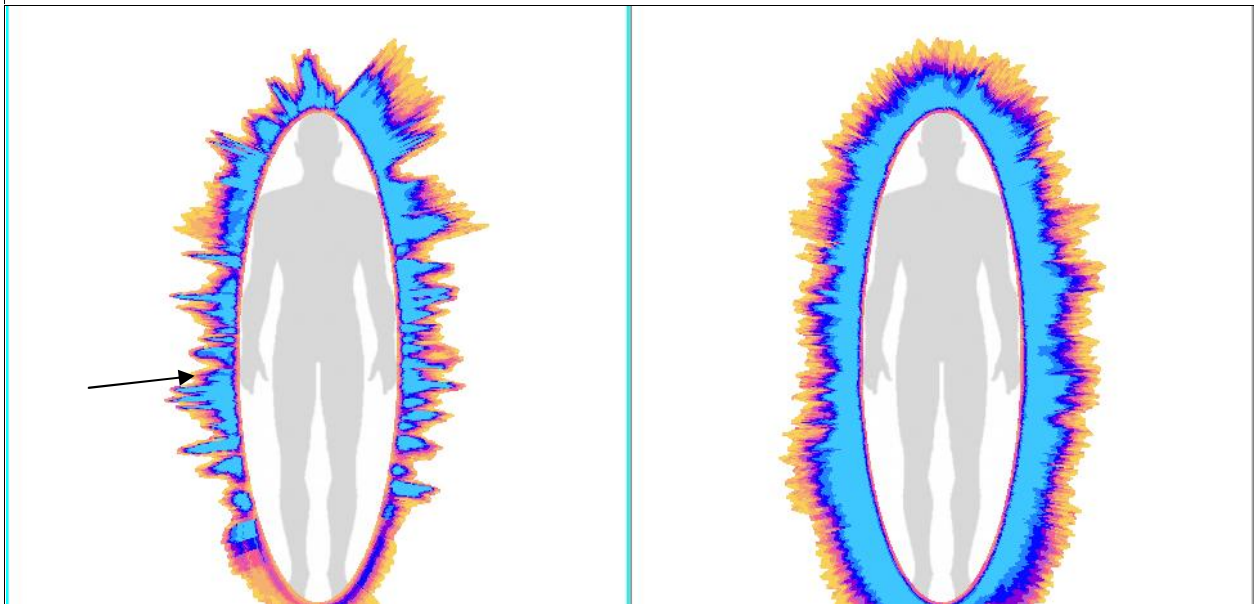

HGH1234460623After

Analysis: Negative change can be seen in the after scan.

CASE 18

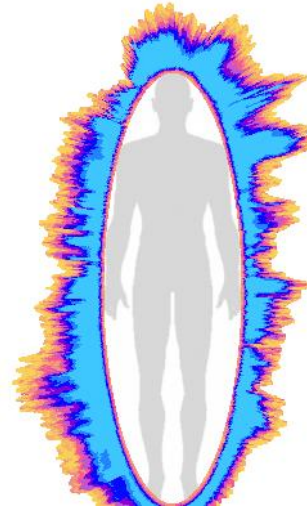

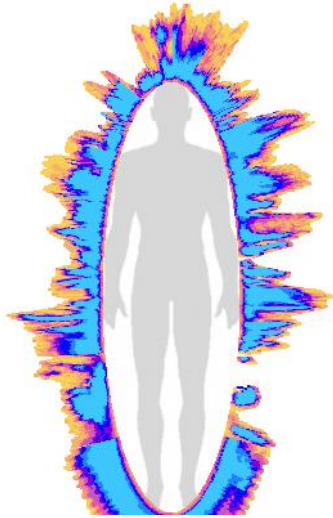

HGH7172949458Before

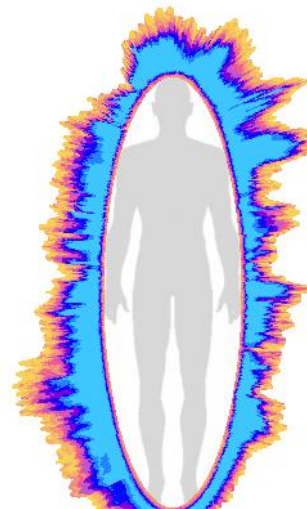

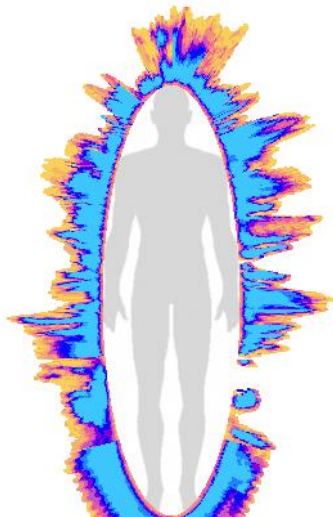

HGH7172949458After

Analysis: Minimal positive change can be seen in the biofield.

CASE 19

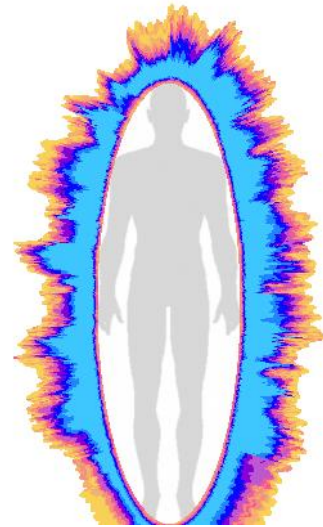

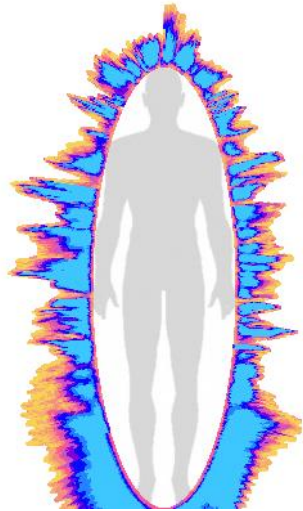

HGH8161385233Before

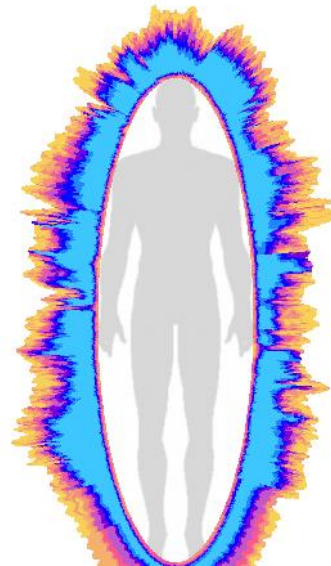

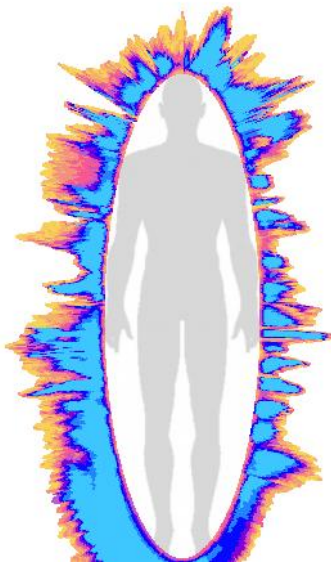

HGH8161385233After

Analysis: No significant positive change can be seen in the after scan.

CASE 20

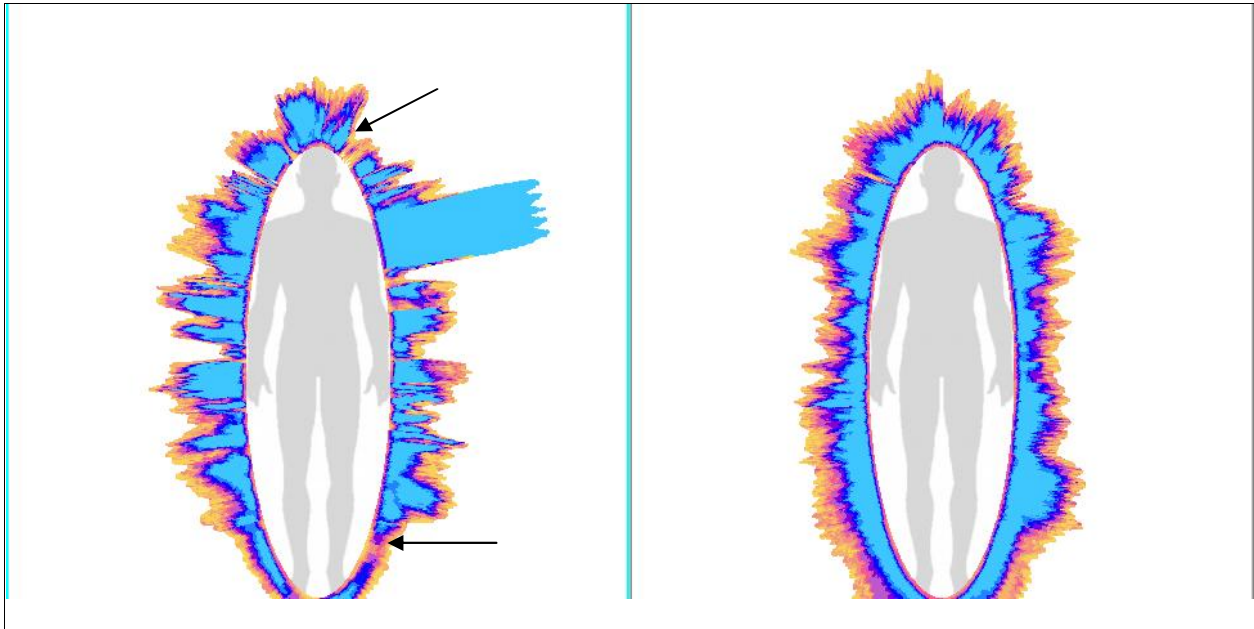

HGH2034897174Before

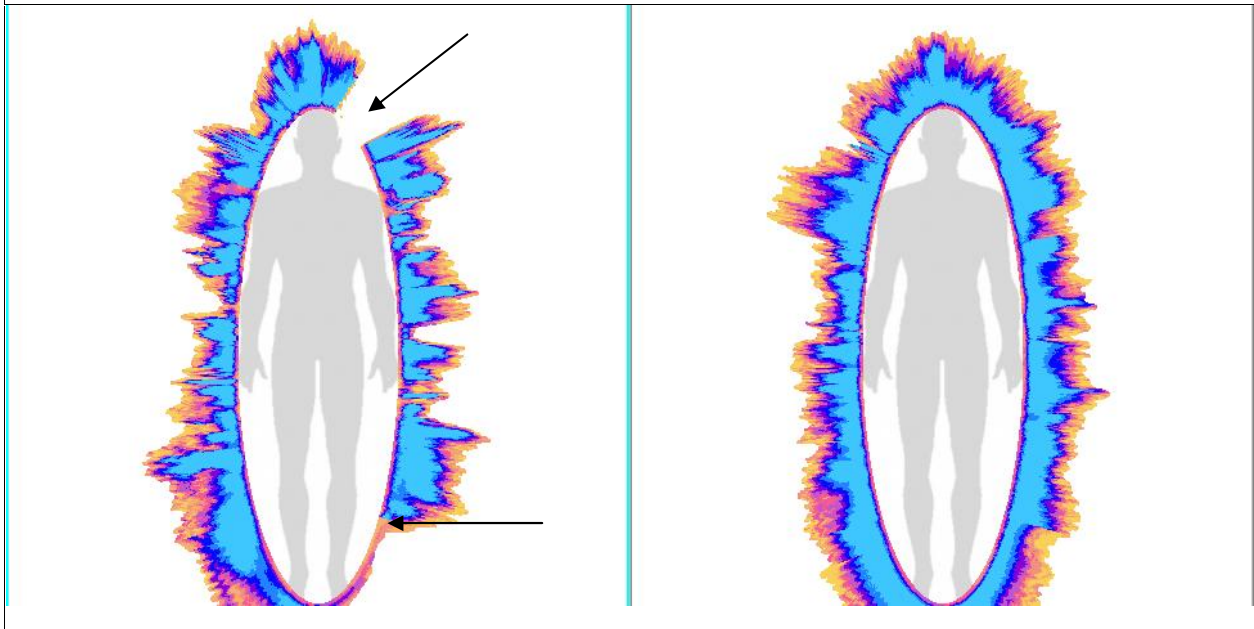

HGH2034897174After

Analysis: No significant positive change can be seen in the after scan.

CASE 21

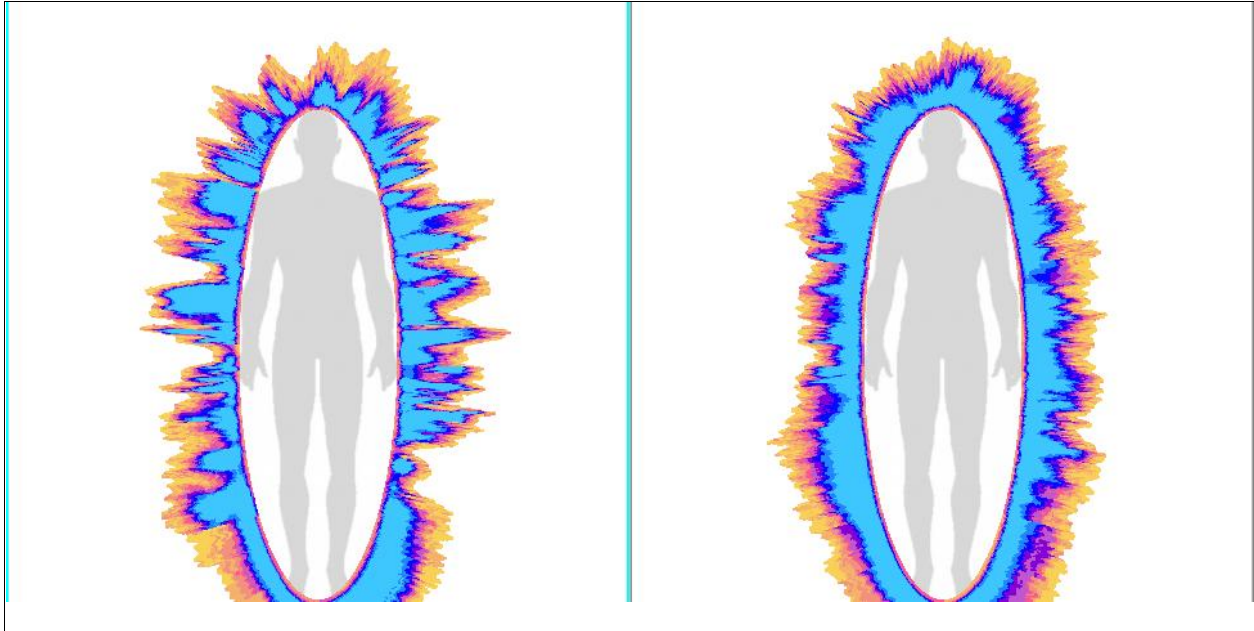

HGH3099602419 Before

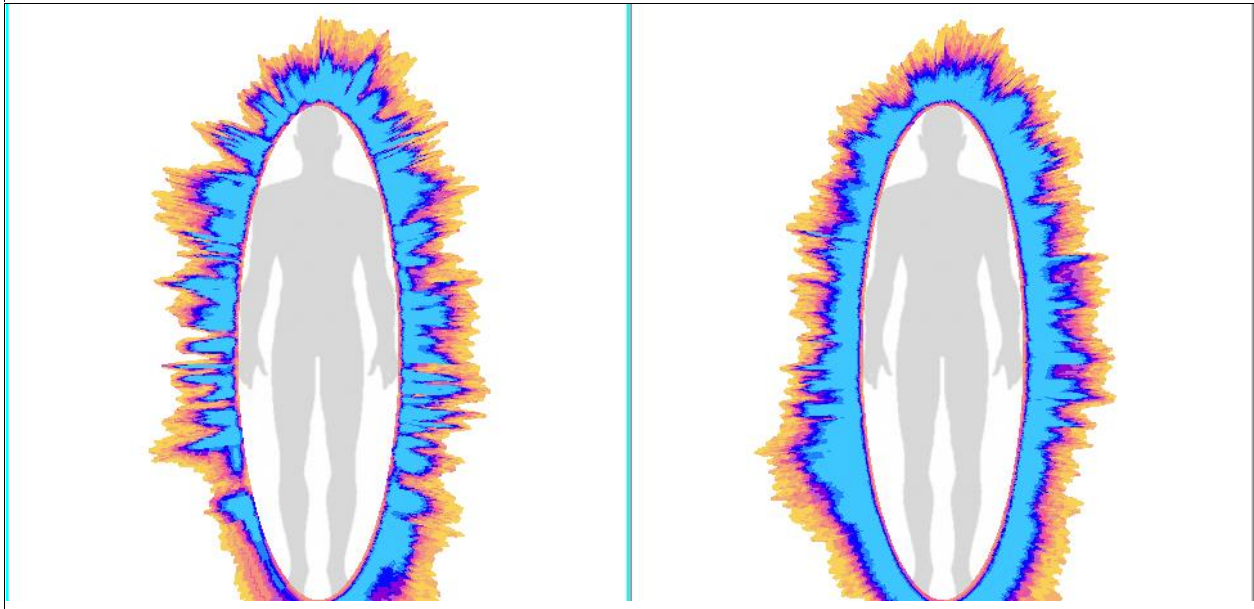

HGH3099602419 After

Analysis: Negative change can be seen in the after scan.

CASE 22

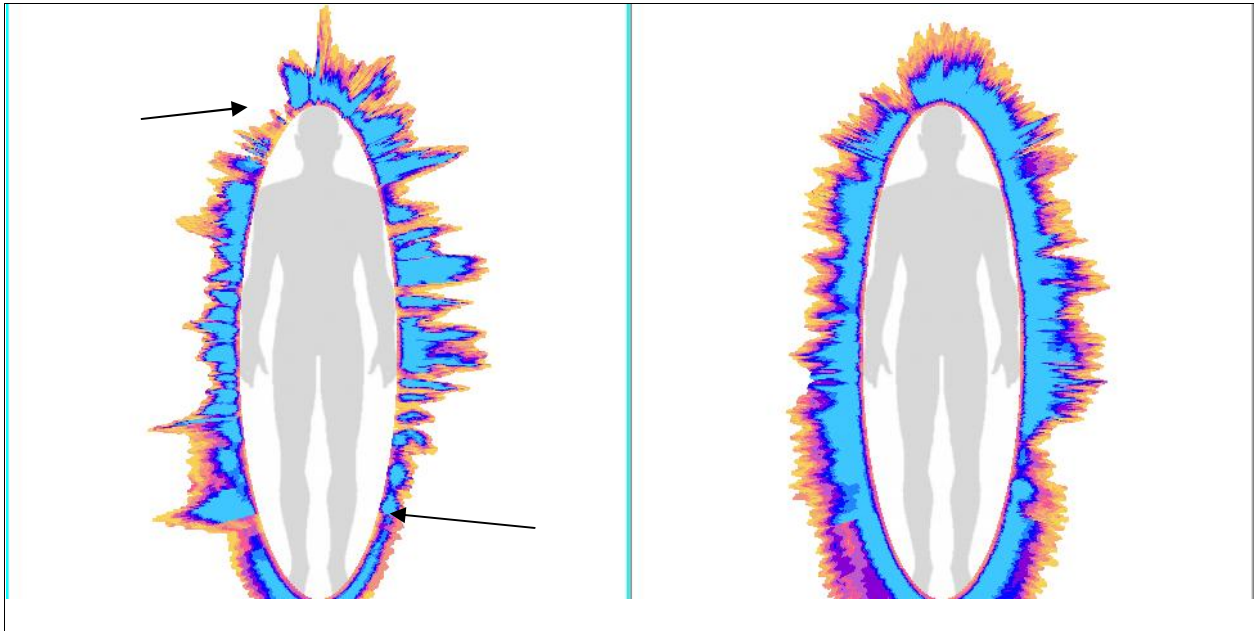

HGH5577162183Before

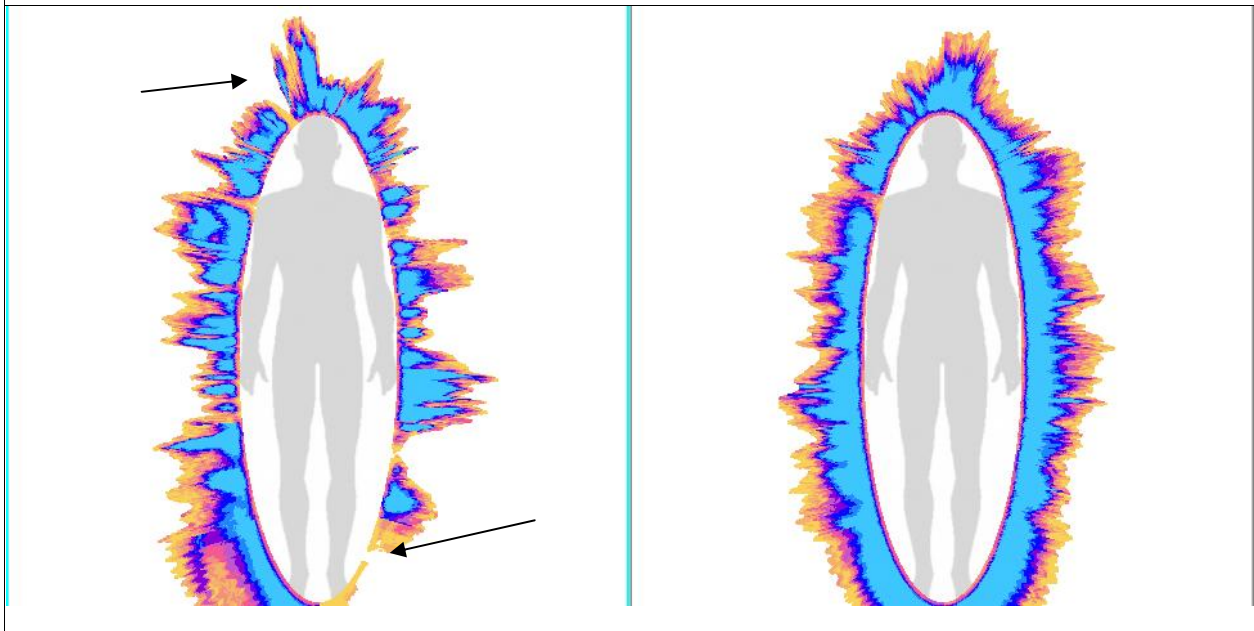

HGH5577162183After

Analysis: Mixed changes can be seen.

CASE 23

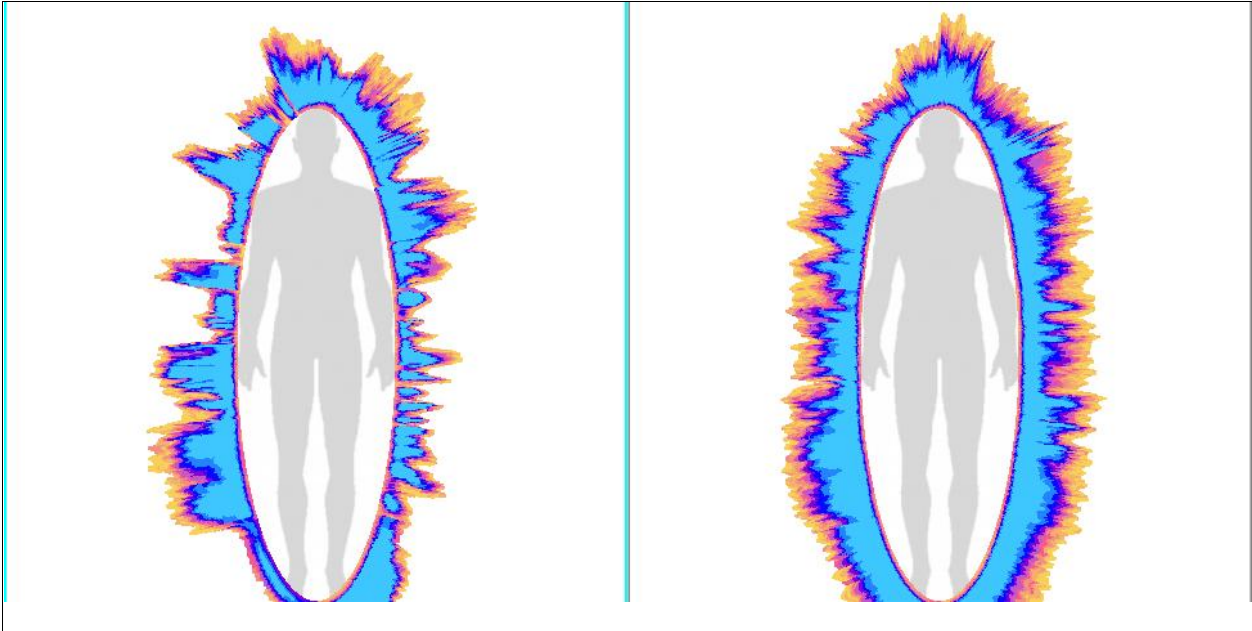

HGH4727285043Before

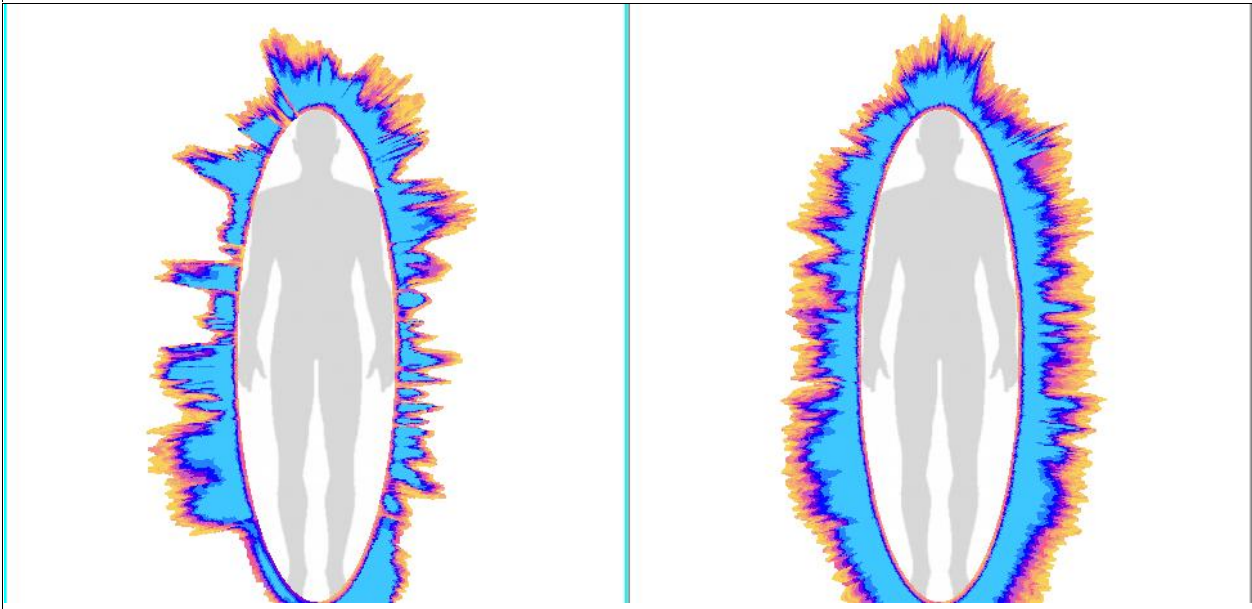

HGH4727285043After

Analysis; Mixed changes can be seen.

CASE 24

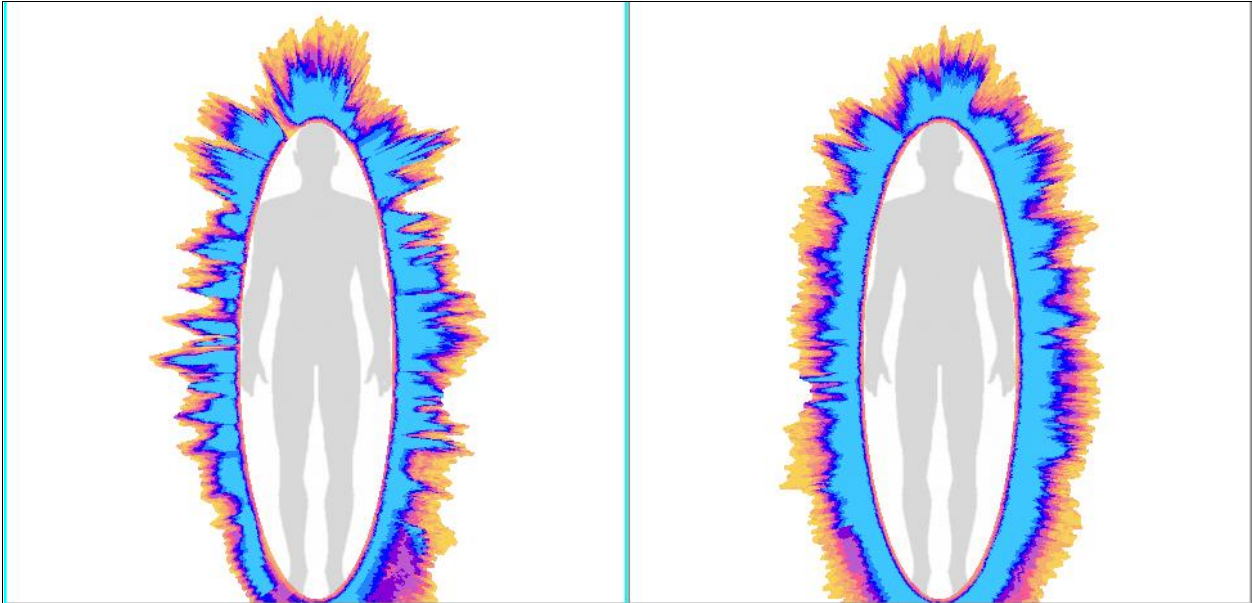

HGH7091883682Before

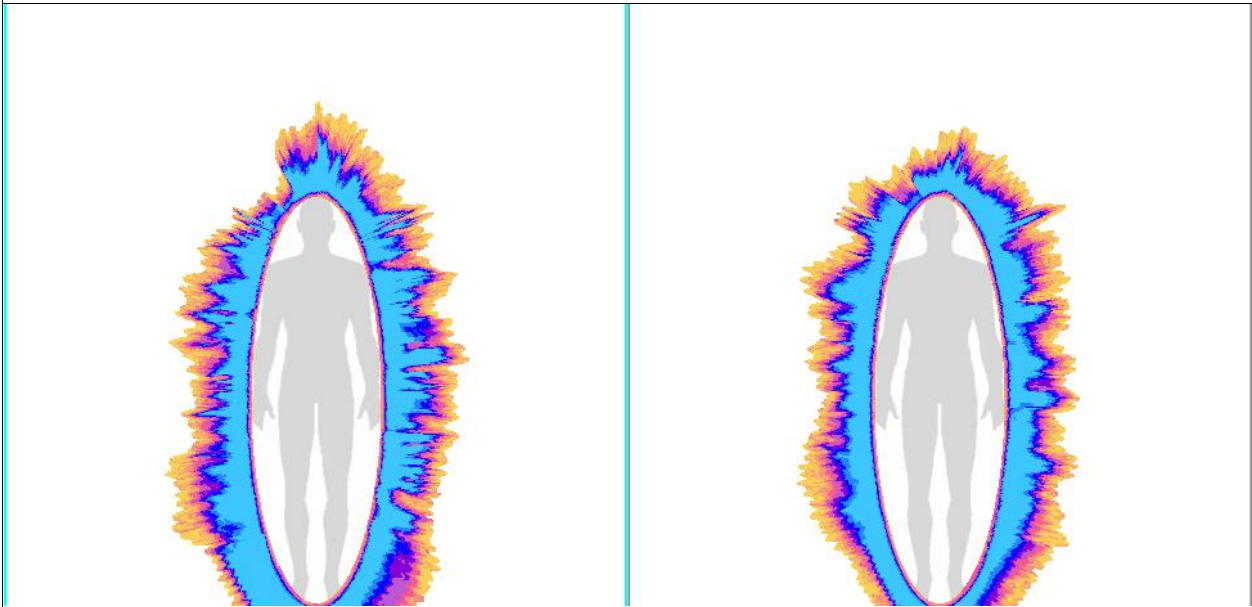

HGH7091883682After

Analysis: No remarkable positive changes can be seen.

CASE 25

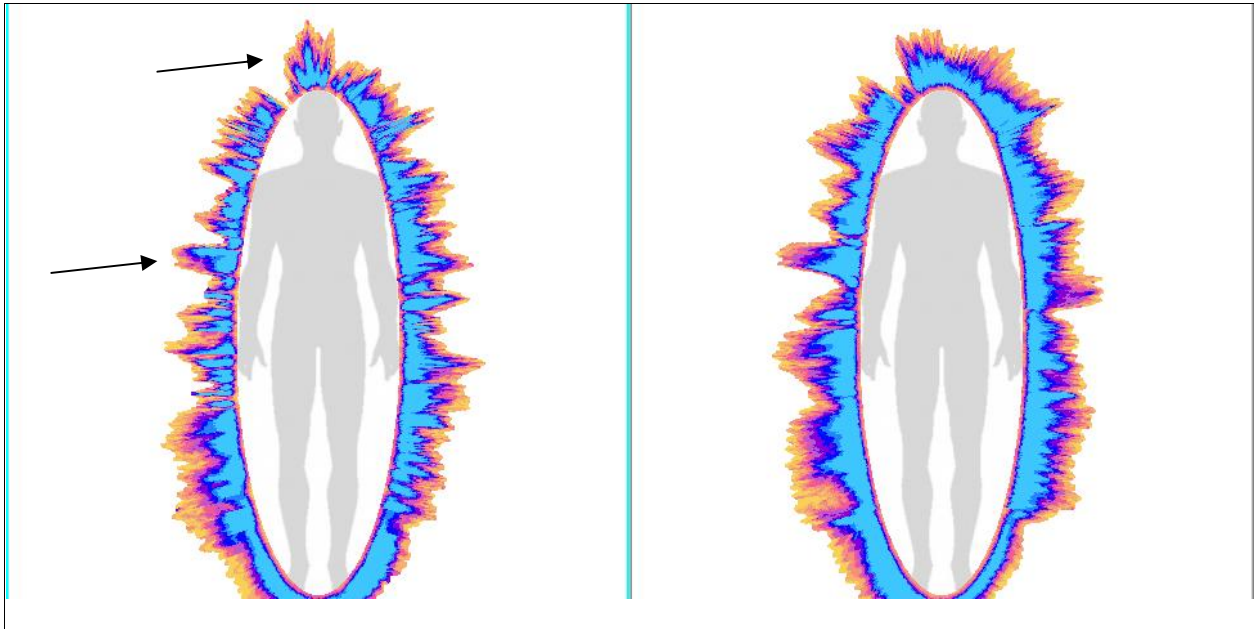

HGH4480386976Before

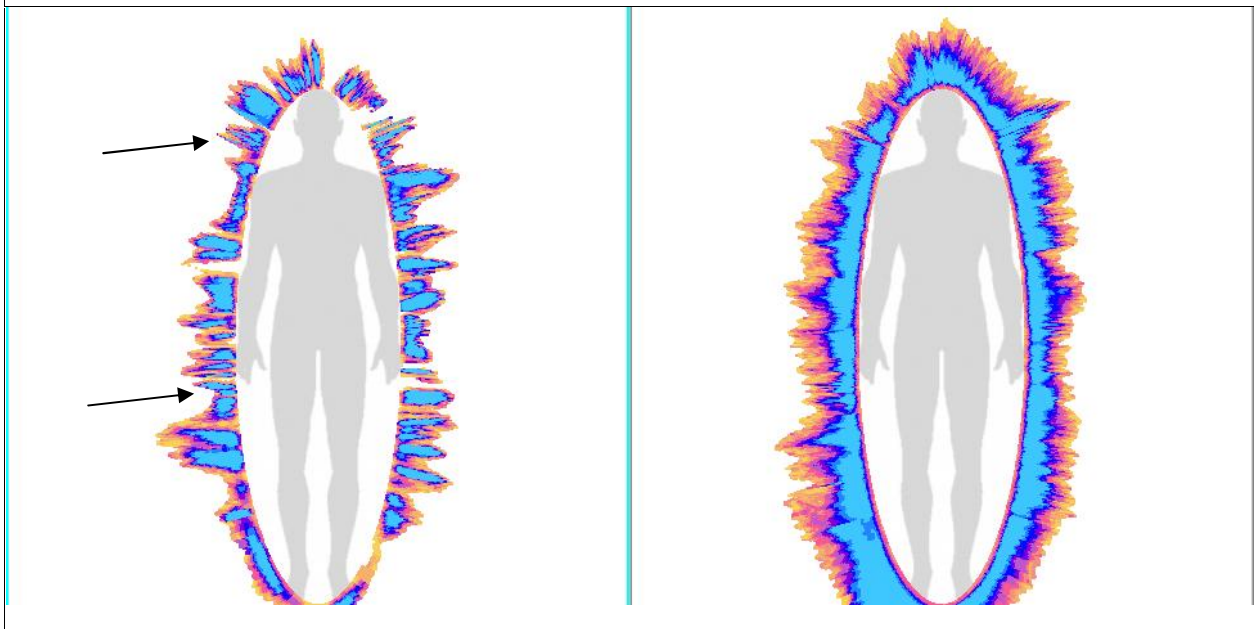

HGH4480386976After

Analysis: No remarkable positive changes can be seen.

CASE 26

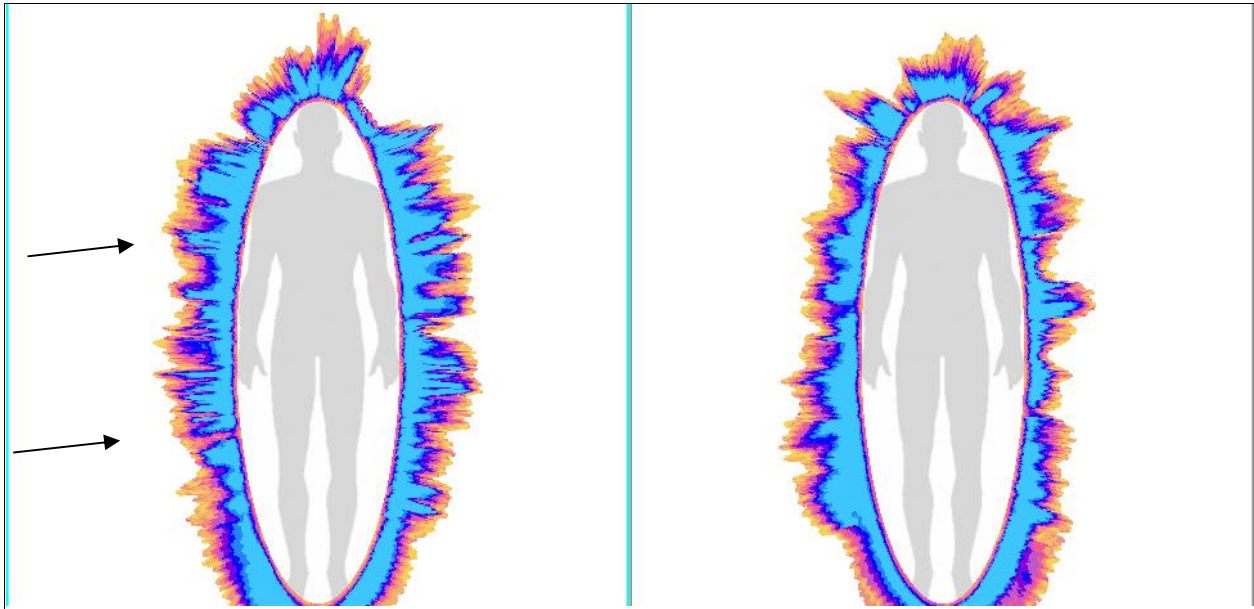

HGH7260246198Before

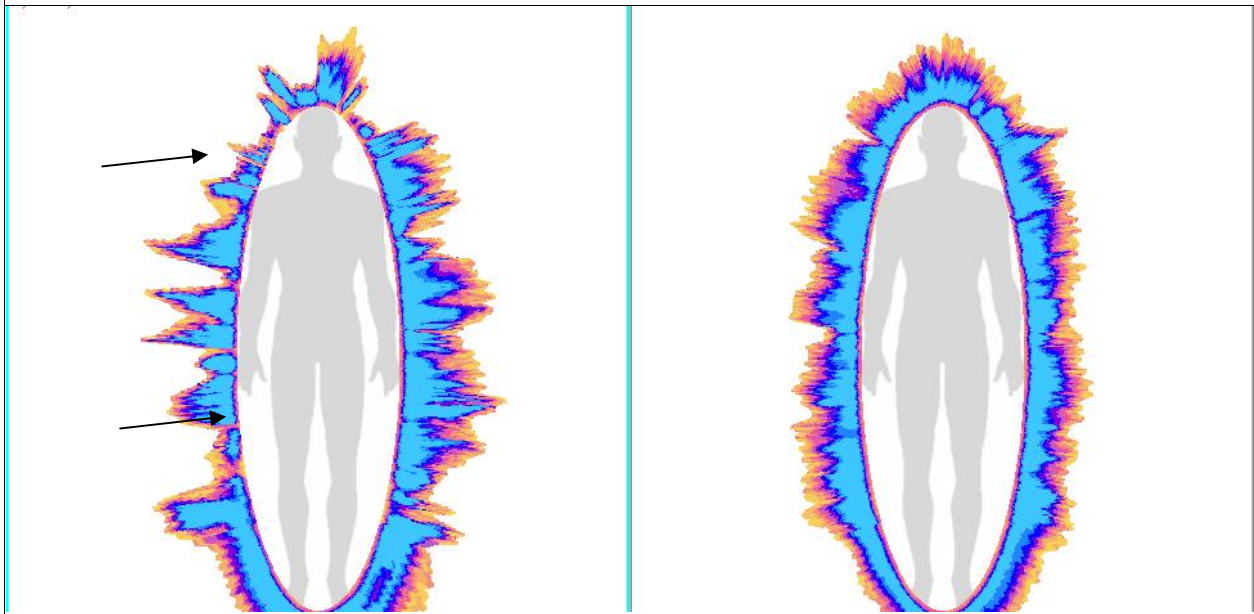

HGH7260246198After

Analysis: Minimal negative changes can be seen.

CASE 27

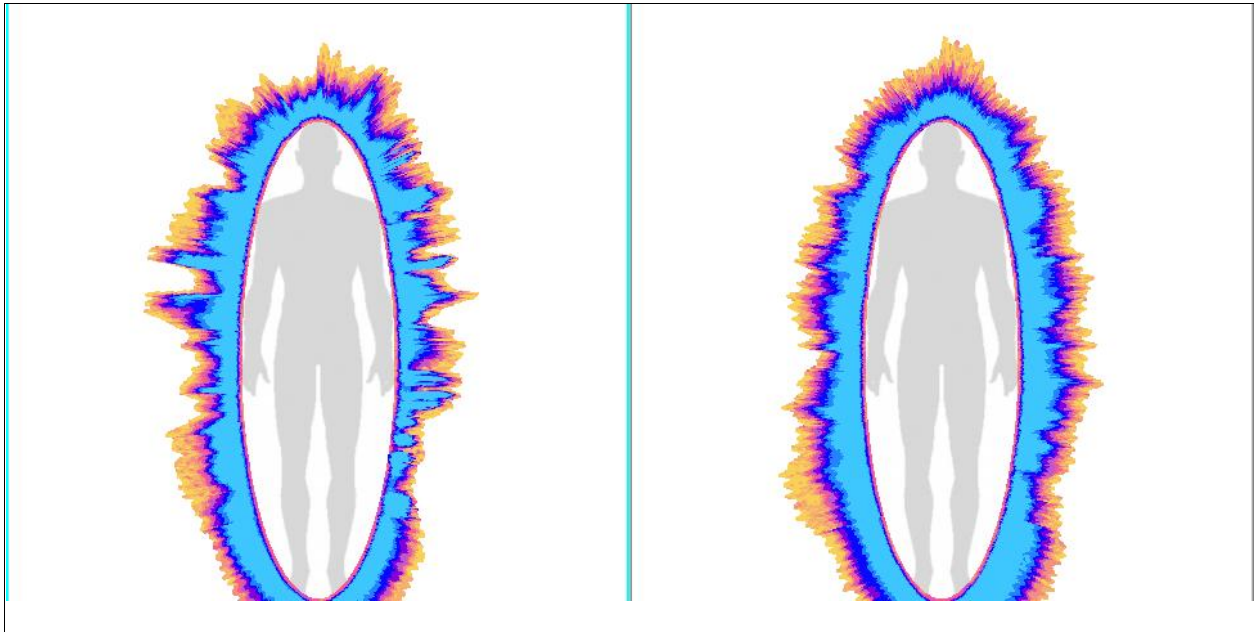

HGH6680526319 Before

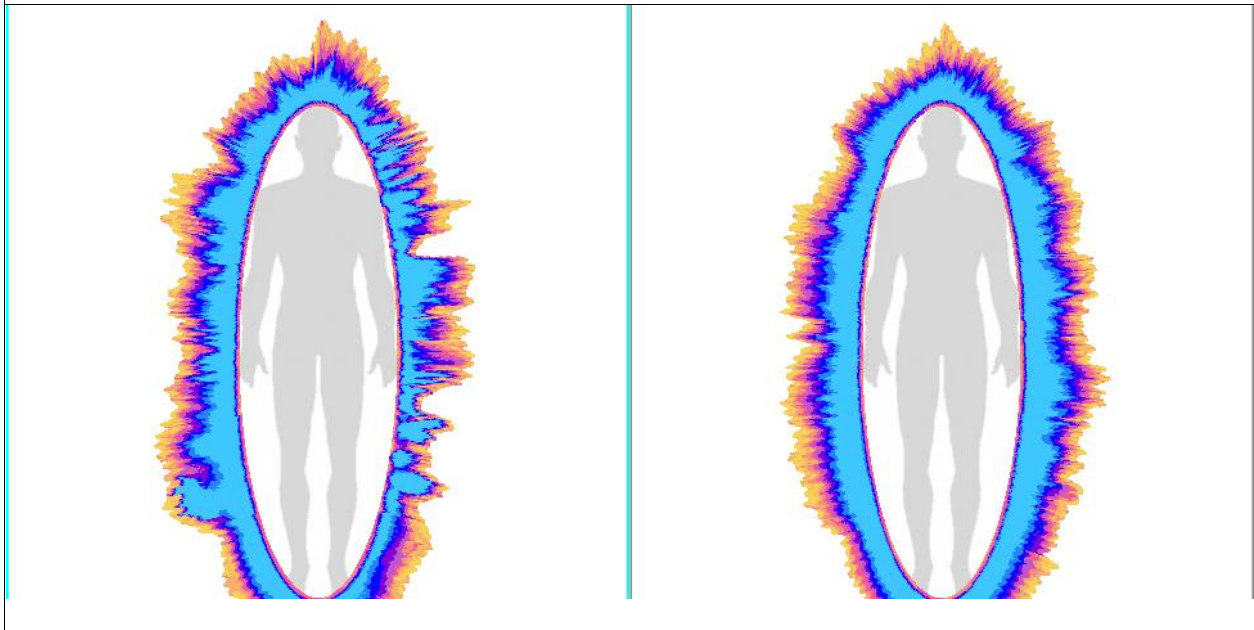

HGH6680526319 After

Analysis: Minimal negative changes can be seen.

CASE 28

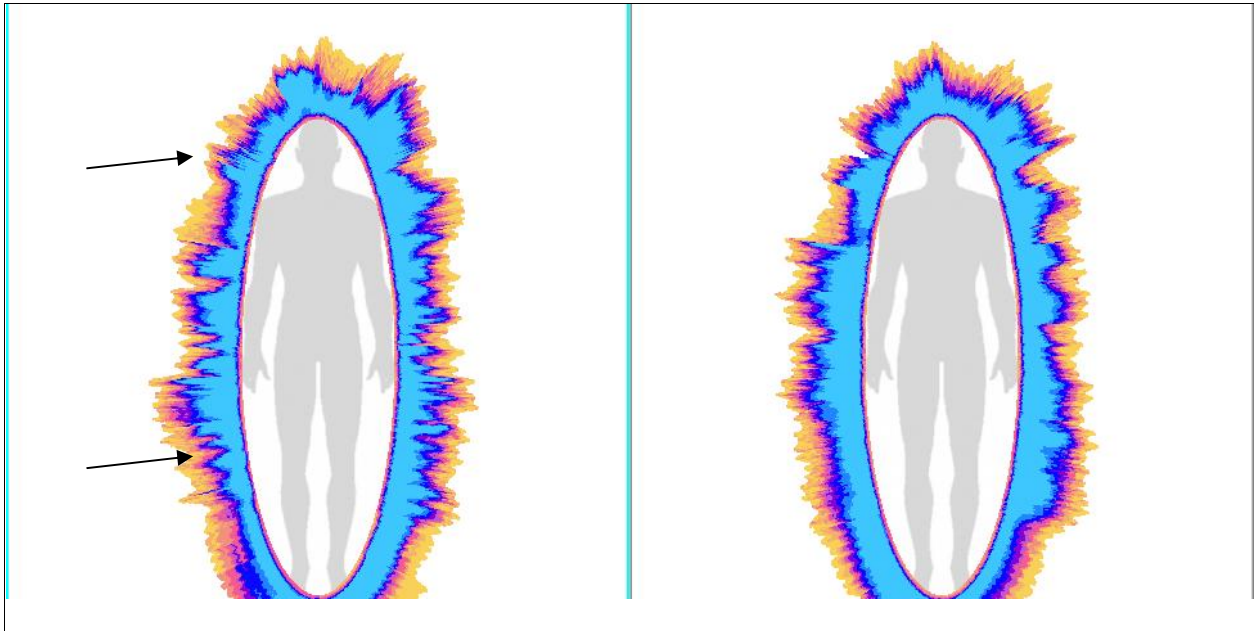

HGH9089865438Before

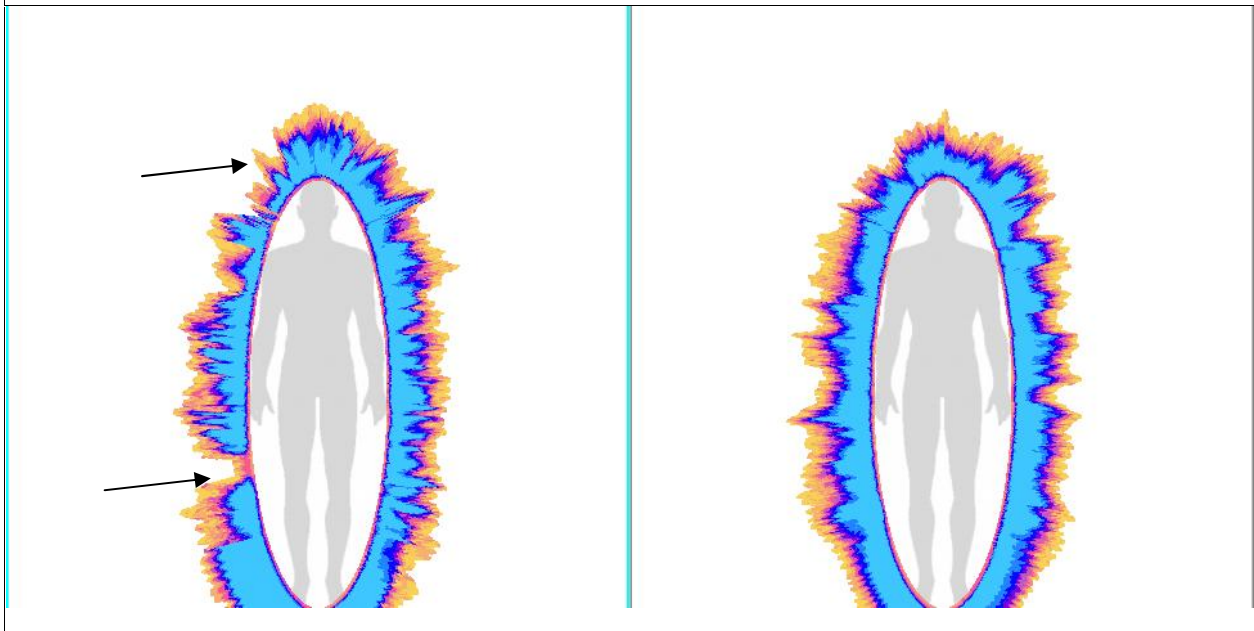

HGH9089865438After

Analysis: No remarkable positive changes can be seen.

CASE 29

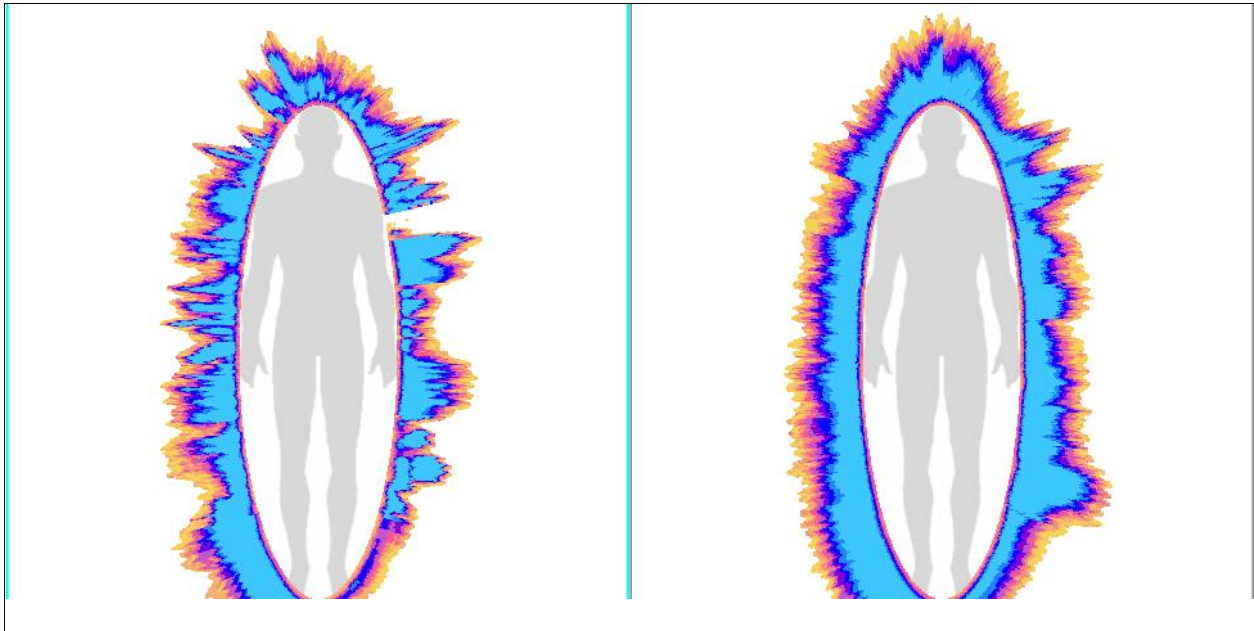

HGH5303081588Before

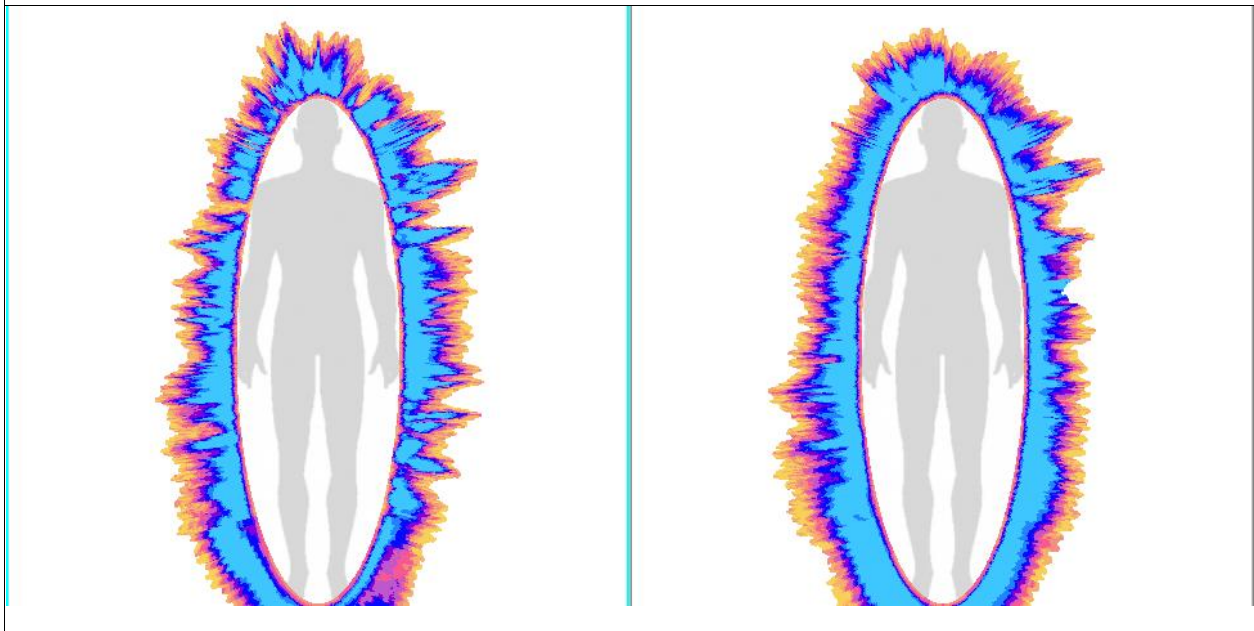

HGH5303081588After

Analysis: Minimal negative changes can be seen in the after scan.

CASE 30

HGH4397540961 Before

HGH4397540961 After

Analysis: No remarkable changes can be seen.
