* Only available with the NL wattage option.

Unique Lighting Systems® reserves the right to modify the design and/or construction of the fixture shown without further notification.

SPECIFICATIONS

Our Commitment

Unique Lighting Systems' highest commitment is to set the standard for manufacturing innovative and quality products. This commitment is evident through our detailed inspection processes and extensive field testing. From the initial design process of each product, to the final assembly of each custom-made individual part, our manufacturing process accomplishes the highest level of performance and durability carried through to final delivery to the end user. Durable construction and beautiful styling make Unique™ fixtures the ideal solution for any residential or commercial application. Unique Lighting™ already holds numerous product patents and we are constantly developing innovative ideas to help expand the lighting industry.

Body

Precision formed from brass. Body design provides enclosed, water resistant wireway to protect wires.

Gasket

High temperature silicone o-ring (2) for water-tight seal.

Knuckle

Machined brass knuckle with a solid brass adjustable thumb screw. Vertical tilt of 270° and horizontal rotation of 360° for easy aiming. The Orbital Lock Nut™ allows for locking the horizontal rotation without adjusting the stake.

Shroud

Precision formed and comes with a factory sealed shock resistant glass lens to prevent water intrusion. Accepts up to one additional lens/hex cell accessory.

Lens

Convex lens creates additional water deflection and improves water resistance. Offering a clean debris free lens area and improved light output.

Lamp

For use with a halogen lamp up to 35W MR16 lamp. **FLEX™** Series LED lamps are available in 3W, 4W, 5W or 6W MR16. LED lamps are available in 2700K and 3000K color temperatures.

Electrical Requirements

A remote 12V or 24V transformer required, may be ordered separately from Unique Lighting Systems®. Voltage range for 12V halogen lamps is 10.8V to 12V. Voltage range for 24V halogen lamps is 20V to 26V.

Lamp Connection

FLEX™ Series LED MR16 Specification grade, beryllium copper lamp holder. GU5.3 base.

Wiring

Exclusive UF Intelli-Flex wire with anti-moisture migration connections.

Mounting Hardware

Standard mounting stake is injection molded PVC with a ½" NPS threaded female fitting.

Finish

Exclusive Weathered Brass finish is standard. Unique™ Lightings' Weathered Brass finish is a "living finish" and will naturally patina and change over time. Polyester powder coat finishes are also available (see chart above).

Warranty

The Valor product from Unique Lighting Systems® carries a limited five year warranty against manufacturer's defects.

Manufacturing

Manufactured to ISO 9001-2008 Quality Systems Standard.
