# ANTI-STATIC SPRAY

*Removes Static Electricity*

This professional strength anti-static spray protects valuable data, eliminates memory loss, and other costly computing errors caused by static electricity. It provides long lasting residual protection for reduced downtime and fewer glitches, and helps to reduce attraction of dust to computer screens. Designed for use in offices, static sensitive computer areas, word processing and other electronic environments. This non-staining formula is made to be used on fabrics and hard surfaces found on and around computers.

## Stops static electricity on:

- Upholstery
- Work surfaces
- Floors
- Computer screens
- Rugs and carpets
- Computer equipment

*\*\* Do not spray directly into vents on mechanical or electrical equipment.*

## Features and Benefits

- Aids in protecting valuable computer data and prevents computing errors due to static electricity.
- A non-toxic, non-staining formula.
- Ideal for treating computer cabinets, screens and other equipment.
