

### DESCRIPTION

Use a fresh approach to the difficult problem of controlling offensive odors in sewage plants, lagoons, aerators, sewer mains and laterals and for garbage containers and dumps. It effectively neutralizes odors without harming bacterial action in digesters, lagoons, filters, septic tanks or drain fields.

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat, open flames, sparks. - No smoking. Keep container tightly closed. Ground/Bond container and receiving equipment. Use explosion-proof electrical, lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wear eye protection, protective clothing, protective gloves.

**IF ON SKIN (OR HAIR):** Take off immediately all contaminated clothing. Rinse skin with water/shower. **If exposed or concerned:** Get medical advice/attention.

**In case of fire:** Use carbon dioxide (CO2), dry extinguishing powder, foam to extinguish.

Store in a well-ventilated place. Keep cool. Store locked up.

**WARNING:** This product can expose you to Cocoamide DEA, which is known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**DISPOSAL:** Dispose of contents/container to comply with local/regional/national/international regulations.

*For industrial and commercial use only.  
For additional information, see Safety Data Sheet.*

# TOTAL SOLUTIONS®

WASTEWATER and SEWAGE TREATMENT

## CHERRY SEWER SWEETENER

Formulated to Control Obnoxious Odors

- CONTAINS NO HARMFUL SOLVENTS
- WILL NOT DISRUPT BACTERIAL ACTION
- FORMULATED TO CONTROL OBNOXIOUS ODORS IN SEWAGE PLANTS, LAGOONS, MAINS & LATERALS ALSO GARBAGE CONTAINERS, HAULERS & DUMPS

### WARNING

Flammable liquid and vapor.  
Suspected of causing cancer.

**KEEP OUT OF REACH OF CHILDREN**

**NET CONTENTS:** One Gallon (128 fl. oz.)

Manufactured By: Total Solutions®  
PO Box 240014 • Milwaukee, WI 53224 • 1-800-743-6417

### DIRECTIONS

To control odors in aerators, lagoons, open digesters and filter beds, inject undiluted into the line leading to the source of odor. The amount required will vary with the temperature, air movement and intensity of odor to be removed.

Also spray or mist undiluted over the source of odors, allowing air motion to carry it over the area.

To control odors in sewer mains and laterals, pour, spray or drip undiluted into the lines. Also thoroughly spray manholes and drains.

For garbage containers, trucks and dumps, spray liberally over the source of the odor.

### NFPA® RATINGS

Health: 1; Flammability: 2; Reactivity: 0

### CONTAINS/CAS NUMBER:

Water/7732-18-5; Isopropanol/67-63-0; Cherry Fragrance/Mixture; Cocoamide DEA/68603-42-9; Diethanolamine/111-42-2
