

DESCRIPTION

This flushing aid is designed to break up and disperse all types of organic debris and inorganic deposits that accumulate in sewer and drain pipes.

When used in conjunction with a program of regular inspection, cleaning and flushing, it helps to keep piping, wells and basins unobstructed, free-flowing and clear of deposits.

DISPOSAL

Offer empty container for recycling. If recycling is not available, discard container in trash.

⚠ WARNING: This product can expose you to acrylamide, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

*For industrial and commercial use only.
For additional information, see Safety Data Sheet.*
