## DESCRIPTION

This concentrated cleaner and degreaser combines water softeners and biodegradable low-phosphate surfactants to power away heavy dirt, grease and grime from most surfaces.

## DIRECTIONS

Dilute this concentrate in warm or hot water for best performance. Spray, brush or mop onto surface and allow to penetrate and loosen deposits, then flush away with clean water.

For stubborn deposits, allow solution to remain on surface for 5 minutes, agitate with steel wool or sponge, then rinse with warm water.
