- CLEANS KITCHENS AND RESTROOMS
- REMOVES PET STAINS
 - CAMPING AND R.V.
- YARD AND OUTDOOR
 - MARINE AND AUTO

DESCRIPTION

This product is a versatile oxygen-based powdered cleaner that cleans virtually any surface, removes deep, set-in stains and completely eliminates harsh, foul odors.

An extremely powerful cleaner, this product is also very gentle and can be used on almost any water-washable surface including fabrics, plastics, fiberglass, porcelain, ceramics, wood, concrete, glass, carpet, canvas, rubber and metal.

NOTE: Test in an inconspicuous area for colorfastness, allowing product to dry. Do not leave a diluted solution in a sealed container for a long time, as the solution continues to give off oxygen causing the container to leak. Do not use on silk, wool or leather. Do not mix with bleach.
