MINERAL SOLVENT

DESCRIPTION

MINERAL SOLVENT water conditioner and softener is designed for use in all areas with hard water problems. It removes calcium and magnesium hardness from water, so detergents work more effectively – and also eliminates water spots and mineral haze.

Regular use of MINERAL SOLVENT makes glasses perfectly clean and crystal clear, for beer with rich aroma, superb taste, and creamy head that holds to bottom of the glass!

DIRECTIONS

To eliminate hard water deposits and water spotting on glassware, add 3/4 ounce of MINERAL SOLVENT to the first tank before adding the detergent. Use with every water change to assure sparkling clean, clear, spot-free glasses with every wash.

DISPOSAL

Dispose of contents/container to comply with local/regional/national/international regulations.

Please Recycle.

DANGER

Causes severe skin burns and eye damage.

Do not breathe mist, spray. Wash thoroughly after handling. Wear eye protection, protective clothing, protective gloves.

IF SWALLOWED: rinse mouth. Do NOT induce vomiting.

IF ON SKIN (OR HAIR): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

IF INHALED: Remove person to fresh air and keep comfortable for breathing.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor, a POISON CENTER.

Store locked up.

⚠ WARNING: This product can expose you to ethylene oxide, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
