## NAND GATEWAY

Instead of making a Moving action, this squad may immediately go into Holding. Any held objectives are dropped before this squad is put into holding.

#### WARBAND

At the start of the game, before deployment, this unit may join any other squad of Shaltari Infantry. For all purposes it is treated as part of their squad and battlegroup, taking on their category too (although a Commander may still be mounted in it due to the Command Centre special rule).

#### WARSUIT

This unit's Active Countermeasures only take effect against weapons of E6 or less. In addition, re-roll successful Collateral Damage hits against this unit.

## WEB PROJECTOR

When this weapon deals damage, instead of causing damage you may place the target squad in coherency outside the Garrison within 2" of a wall.

## CLAIRVOYANCE

When drawing Command Cards, draw one extra to your highest CV and discard 1 of your choice from your hand.

#### EJECT!

If this unit is destroyed, roll a 4 dice. Place the Command Module within that many inches, no higher than 8" above ground level. The Command Module is best represented by the turret top of the Lynx or a small token. If there was a Commander in this unit, it survives in the Command Module. The Command Module is counted as the same Battlegroup as this unit.

#### TELEPORT BEAMER

This unit can choose to target friendly or enemy units, but not units in the same squad. Scenery pieces and Behemoths cannot be targeted.

If this weapon hits, it does no damage, but every unit in the targeted unit's squad in coherency must teleport.

Move **friendly** units up to 6" per hit, or **enemy** units up to 3" per hit. This does not count as moving for the purposes of Move & Fire.

The units must be placed in coherency, although may be placed facing any direction, and ignore all scenery in the path of the move (although must be able to be placed on Passable terrain). It's easiest to roll all hits first, and then teleport the squad a total distance in one go.

V1.

Remember: always ask your opponent to move their own miniatures!

This unit may move onto scenery pieces up to 8" high as part of its Moving action. Simply measure horizontally, ignoring the vertical distance.

# MIRROR PROJECTORS

While this Unit is in coherency, when another friendly Unit within 6" of this Unit rolls for Passive Countermeasures, each dice result of a 6 causes 1 damage to the shooting Unit as if successfully damaged by a Shooting action. Each Passive Countermeasures result of a 6 can only be affected by this rule once (regardless of the number of nearby Mirrorwalkers) and this ability cannot be used on Passive Countermeasures made against damage caused by Indirect weapons.

#### TRANSMATTER BEAM

This weapon may target enemy Infantry that are in Garrisons, whether they have moved to an edge or not, measuring to the edge of the Garrison they are occupying.

### TRANSMATTER TELEPORT

Friendly squads may use this unit's Access rule, even if they are not part of this unit's Battlegroup. Friendly squads using this unit's Access rule may be placed in line of sight within 12" of this unit. Only units with a transport requirement of 2 or less may use this unit's Access rule.

### TELEPORT

When a unit carrying an Objective embarks into this unit, their Objectives are passed to this unit (even if this unit could not usually carry Objectives).
