GREETINGS CARDS

Athena in bespoke stationery mode.

Hello delightful stationery fan,

We've all seen immense change over the last few years and we are immensely grateful for still being here, running our presses, opening the shop doors and making the wonderful letterpress stationery we love.

The catalogue has had an update and we've streamlined our wholesale selection to concentrate on our most popular category - our lovely letterpress greeting cards.

We hope this will make it easier for you to choose and fill your own shops with stationery delights!

Please note, we are currently phasing out our lined envelopes to be replaced with lovely solid colour envelopes, carefully selected to match the card design. Don't hesitate to ask if you would like more information about the cards in your order.

ATHENA
Founder
