

"I can see our company having these grass flaps on all our mowers. Works great to keep grass clippings from getting in our mulching beds and is safer when people are around" - Rob

Can be used with Drop-on Baggers

GrassFlap, LLC

OCDC
Foot operated chute blocker
for professional lawn mowers

The GrassFlap can be operated by
the driver while moving without
letting go of the steering controls.

Features

- Foot Operated
- One easy motion to open and close
- Rugged two piece flap
- Good for mulching leaves
- No handles to get hung in bushes or limbs
- Operate flap and still cut on straight line
- Stands up to commercial use
- Easy to operate when turning

"Install was quick and simple. Saves lots of time, and prevents grass from being blown on walks, drives, and buildings. I now have two Grass Flaps. Will never have another mower without one." - Todd

Increase productivity and reduce clean up time.

If you save five minutes a yard and cut 40 yards a week, you gain three hours a week. You would pay for the GrassFlap in a month!

Keep grass out of flowerbeds, off driveways, and away from other workers
