GrassFlap, LLC
OCDC
Foot operated chute blocker for professional lawn mowers

Can be used with Drop-on Baggers

Fits most zero-turn mowers - standers, riders and walk-behinds.
Visit www.grassflap.com for a complete list of models available

The GrassFlap can be operated by the driver while moving without letting go of the steering controls.
Features
- Foot Operated
- One easy motion to open and close
- Rugged two piece flap
- Good for mulching leaves
- No handles to get hung in bushes or limbs
- Operate flap and still cut on straight line
- Stands up to commercial use
- Easy to operate when turning

Increase productivity and reduce clean up time.

If you save five minutes a yard and cut 40 yards a week, you gain three hours a week. You would pay for the GrassFlap in a month!

“Install was quick and simple. Saves lots of time, and prevents grass from being blown on walks, drives, and buildings. I now have two Grass Flaps. Will never have another mower without one.” - Todd

Keep grass out of flowerbeds, off driveways, and away from other workers.
