

Zitto Focus Station

The Zitto Focus Station is a compact, acoustic-backed study desk designed for quiet, independent work in educational environments. Ideal for classrooms, libraries, exam areas and breakout nooks, it combines durable construction with sound-absorbing panels to create a private, focused hub for students.

Features:

- Purpose-built for focused, individual work
- PET acoustic screen reduces noise and visual distractions
- Customisable finishes, dimensions, and configurations
- Durable steel frame for long-lasting performance
- Suitable for primary, secondary, and tertiary environments
- Designed and manufactured in Australia

Specifications

Desk:

- 18mm melamine top with matching ABS edging
- Powder-coated steel frame (White or Black finish)
- Fully assembled or flat-pack delivery options

Acoustic Screen

- Made from 100% polyester (minimum 60% post-consumer recycled content)
- Acoustic rating: NRC ~0.76
- Available in multiple colours and shapes
- GECA certified
- 100% recyclable

Highly customisable in size and finish, Zitto offers flexibility to suit any school layout or learning style.
