2004 JANZEN

TO KALON VINEYARD CABERNET SAUVIGNON

“We have been fortunate to have a long term lease on the To Kalon Vineyard, one of Napa Valley’s most heralded Cabernet Sauvignon vineyards. In the past, we used most of our Beckstoffer To Kalon fruit in our Bacio Divino blend, and will continue to do so. In 2004, I was impressed enough with the individuality and ‘terroir’ of the fruit that we decided to create a vineyard designate Cabernet from a portion of our yield.

The To Kalon achieves an incredible delicacy, finesse and elegance we have not found in any other Napa Valley vineyard. It offers a profound silkiness on the palate that continues to provide pleasure long after being swallowed. True to form, it is as honest to its varietal and location as can be.

In keeping with our wine-making style, we have ensured that this wine can be enjoyed now, yet will live a long, long life in your cellar.”
