

RANDOM SHORES®

HOW TO MEASURE

WHAT YOU WILL NEED

A smile
A soft tape measure
Your lovely body and soul

Chest: Measure the circumference around your chest/bust at the fullest part . Bring the tape measure together and bring it tight enough so that it is comfortable, but not lose in anyway.

Waist: Measure the circumference around your natural waistline (narrowest/slimmest part of torso)

Sleeve length will be the length from the shoulder and the hem,

the neck size shoulder is the distance between two edges of neck on the shoulder

Body length is measured in the front from highest point of the shoulder down..
