Charging Jackery Bolt 10050
To charge the Jackery Bolt 10050, use the micro USB charging cable to connect the Bolt 10050 to a USB AC adapter or computer USB port. The LED indicator will show on or start blinking.
When all four LEDs are on solid, charging is complete.
It takes about 5 hours to fully charge the Bolt 10050.

or

Charging Your Device
To charge your device, use the built-in Lightning or Micro USB cable to connect the Bolt 10050 to your device, then press the power button once to initiate charging.

You can also get charging from the universal USB port with charging cable of your mobile device.

Check the Battery Level
Press the power button once to check the battery level by reading the LED indicators.
1 LED blinking: level < 5%
1 LED on: level in 5%-25%
2 LEDs on: level in 26%-50%
3 LEDs on: level in 51%-75%
4 LEDs on: level in 76%-100%

LED Flashlight Function
Press the power button two times to turn on the LED flashlight. Press it again two times to turn off.

When there is one LED light blinking, it's time to recharge the battery. We highly recommend you to recharge the battery at least once a month.
