Charging Jackery Bolt
To charge the Jackery Bolt, use the micro USB charging cable to connect the Bolt to a USB AC adapter or computer USB port. The LED indicator will show on or start blinking.
When all four LEDs are on solid, charging is complete. It takes about 4 hours to fully charge the Bolt.

Warranty

This product is covered by a limited warranty from Jackery for the original purchaser that covers the product from defects in workmanship and material for 18 months from the date of purchase (damages through normal wear and tear, alteration, misuse, neglect, accident, service by anyone other than the authorized service center, or act of God are not included).

During the warranty period and upon verification of defects, this product will be replaced when returned with proper proof of purchase.
