Safety

- Use to remove pore-clogging debris and provide a deep, relaxing cleansing experience.
- Use only distilled water or pure water in the tank. Do not add other liquids.
- Before adding water, you must turn off and unplug the unit. Then add water to the water tank.
- Do not immerse the machine body, power cord, or plug in water. Do not place the machine near the heat source and its surface. Do not keep in a damp climate to avoid short circuit.
- Only dried flowers and water-soluble essential oils can be added to the aromatherapy basket. Do not add other objects.
- Do not place hands inside machine when adding dried flowers or essential oils. Do not overflow the aromatherapy basket when adding essential oils. Do not touch the aroma basket during or after operation because it will be very hot.
- New machines may have a slight aroma. It is recommended to use distilled or purified water and let the steamer run a few times prior to your first use.

- Use caution during high-temperature steam. Adjust the distance between your face and the steam nozzle according to your skin's sensitivity.
- When using hot and cold steam alternately, avoid discomfort of skin due to rapid temperature change by adjusting your face slowly to each temperature.
- If you feel any pain or discomfort after using this product, please immediately refrain from using it. Seek medical advice if necessary.
- Please keep your steamer stable and in safe place. Refrain from moving your machine often, especially when in use.
- Clean fragrance basket after each use to avoid the accumulation of residue. When cleaning the outside of the machine, wipe the machine with a damp towel before drying it with a dry towel.
- Not for use for individuals with heat-sensitivity issues or equipped to avoid burns such as the elderly and children.
- Unplug the power immediately after use and while cleaning or maintaining your device.
- This product contains a water tank and other electronic components, which are recommended to be checked-in when flying.

A Closer Look

Boost your skincare routine with blissful, aromatic steam. Our hot and cold smart facial steamer combines a luxurious cleansing treatment with a euphoric sensory experience using Smart Steam Technology. Six customizable modes purify the skin for an indulgent at-home spa treatment. Just add water for a dual-temperature spa steam to epically cleanse, hydrate, and glow.

Modes

Cold Mode

Closes pores, helps tighten skin and locks in moisture.

Hot Mode

Opens pores so skin is more receptive to serums, masks and treatments.

Hydrating Mode

Keeps skin moisturized and hydrated for a radiant glow.

Oil Control Mode

Regulates oil balance, clarifying clogged pores.

Cleansing Mode

Remove makeup before steaming - acts as a double-cleansing process to remove stubborn makeup and dirt remaining on the skin.

Alternating Mode

Cold steam refreshes and wakes up the skin then hot steam opens your pores and preps them for your treatment.

Modes

 **Cold Mode:** Adjust according to your skin's cold sensitivity by taking a distance between the face and the steam nozzle. After steaming for 2-3 minutes, apply masks and/or skin care. Steam for up to 20 minutes.

 **Hot Mode:** In about 80 seconds the machine will spray hot mist - adjust according to your skin's heat sensitivity by taking a distance between the face and the steam nozzle. After steaming, apply masks and/or skin care products. Steam for up to 20 minutes.

 **Hydrating Mode:** Hot 6 mins → Cold 1 min → Hot 3 mins → Cold 1 min → Hot 3 mins → Cold 1 min. Shuts off automatically.

 **Oil Control Mode:** Hot 6 mins → Cold 3 mins → Hot 3 mins → Cold 2 mins → Hot 2 mins → Cold 1 mins. Shuts off automatically.

 **Cleaning Mode:** Shuts off automatically after 4 mins hot steam.

 **Alternating Mode:** Cold 3 mins → Hot 3 mins. Shuts off automatically in 3 mins.

A beautiful
world starts
with you.

Instructions

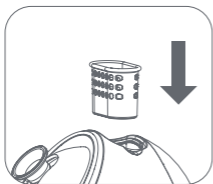

USING THE AROMA BASKET

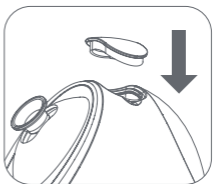

1. Remove aroma basket and cover

2. Put essential oils or dried flowers in

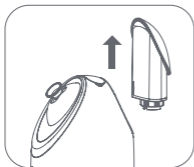

3. Put back the aroma basket

3. Cover the basket cover

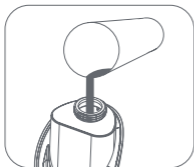

GETTING STARTED

1. Take out the water tank

2. Open the tank cap counterclockwise

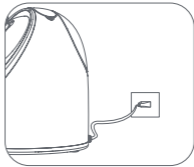

3. Fill the tank with 180ml of distilled water

4. Close the tank cap clockwise

5. Place the water tank back into place

6. Plug the steamer in

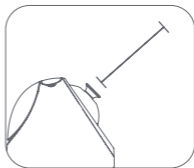

PREPARE BEFORE USING

Wash your face before steaming. This will make the detoxifying session even more effective.

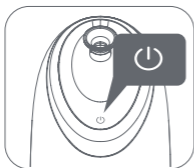

COLD MODE

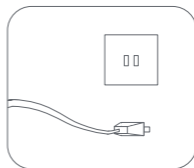

1. Press the power button shortly for cold mode (blue LED display)

2. Adjust the distance between face and the steam nozzle as you like

3. Long press the power button to shut the device off once you finish steaming

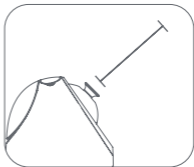

4. Plug off after use

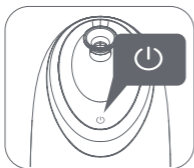

CHANGING MODES

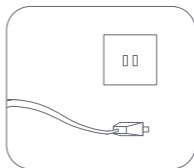

1. Press the power button shortly to choose the mode

2. Adjust the distance between face and the steam nozzle as you like

3. Choose the mode and time according to your requirement

4. Plug off after use

- Shuts off automatically when the time finishes
- To turn off, hold the power button in for 3 seconds
- When the water is low, the steamer will automatically shut off.

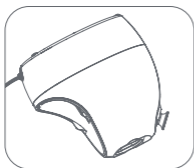

HOW TO CLEAN

1. After use, let it sit for 3 minutes until the residual water temperature drops.

2. Remove aroma basket and water tank.

3. Turn it upside down and pour out the residual water.

4. Wipe the device down with a damp cloth or fabric.

Troubleshooting

Problem	Problem	Solution
Device is not heating up	The switch is not turned on	Turn on the switch
	Not connected to power supply	Connect socket
	Household power fuse is broken	Reset or replace fuse
Device does not give any steam	No more water in the tank	Fill with water
	Tank not placed back into the steamer correctly	Check to see if the water tank is clicked in properly
	Deposits in the device	Clean with distilled water 2-3 times

Specs

Senia Hot & Cold Smart Facial Steamer	Power: 320W
Model No: VP59363-0100	Frequency: 50 hz
Working time: 16 ± 5min Hot 60 ± 10min Cold	Capacity: 220ml

Maintenance

1. Only add distilled or pure water to the tank. Do not add any other liquids.
2. When adding water, it is necessary to turn off the power switch, unplug the power source and then add water to the water tank.
3. When using hot mode, high-temperature steam will be sprayed. Please adjust the distance between the face and the nozzle (about 25cm) according to the degree of heat sensitivity to avoid scalding the skin.
4. When the machine is in use, use caution to prevent the danger of scalding with hot steam.
5. Do not soak the unit, power supply or plug in water.
6. Please use the correct supply voltage of 120V/60Hz.
7. Do not add detergent or other chemical solvents into the water tank.
8. Keep the power cord away from hot surfaces and water.

9. If the power cord is damaged, a replacement must be made by the manufacturer.
10. After using the machine, unplug the power cord before cleaning or storing the machine.
11. Do not use steel balls, abrasive cleaners, or corrosive liquids (such as gasoline or acetone) to clean the product.

One-Year Warranty

Visit vanityplanet.com/warranty
to register your product and
