

ICEBERG SERIES

KwiKool is making history with the introduction of the Iceberg Series, which is several steps ahead of the competition. At KwiKool we believe that products should evolve, improve, and innovate. In fact, our customers have come to expect this from KwiKool. The Iceberg Series is so small and full of features, you won't believe it!

“ We do not use the latest technologies, we **invent** them.”

- **Attractive Hi-Tech appearance with Quadirectional front louvers**
- **Dual Duct I/O Condenser Air Flow for Balanced Air Pressure**
- **Microprocessor controlled with self-diagnostics**
- **THD - Twin Hyperdrive Technology (some models)**
- **Incredibly small and durable HD cabinet**
- **Available in air and water cooled**
- **Units in sizes from 1-10 tons**
