

# Plug & Play Ceiling Fan

Outdoor-rated ceiling fans

VES-Artex offers a 120 Volt/60Hz Plug-and-Play ceiling fan which can be installed outdoors when used with a certified GFI electrical branch. It is connected to an electrical plug and is available in white with a 56" or 60" diameter. The downrod for this fan is 24" (0.61m). Connect multiple ceiling fans to an overarching control system to automate their usage year-round. Ideally used in facilities with ceiling heights ranging from 10' to 30' (3m to 9m). [This style utilizes a J-hook for installation.](#)

Item Number	Description	CFM at High Speed	CFM/Watt	Blade Material	Downrod Length	Wires
