PERFECTLY UNREFINED

## STONE GROUND CHOCOLATE

The hand carved granite stones in our traditional stone mills lightly grind our cacao, to preserve all the bright, bold flavors. When you use the best cacao, why process out everything that makes it unique? With irresistible textures that range from gloriously gritty to silky smooth, our stone ground chocolate is the real deal: simple, organic, and perfectly unrefined.

**TAZA CHOCOLATE**  
**DIRECT**  
**TRADE**  
**CERTIFIED CACAO**

We pioneered the first third-party certified Direct Trade cacao sourcing program. We have real, face-to-face relationships with growers who respect the environment and fair labor practices. They partner with us to produce super high quality cacao, and in exchange we pay higher prices than Fair Trade.
