

Fox and Trove Gift Kindness Curriculum to over 100 Elementary Schools in Lake County

FOR IMMEDIATE RELEASE: Libertyville, IL (January 23, 2018) - Fox and Trove is gifting 106 Kindness Curriculum to schools in Lake County, thanks to a generous donation from Community Purse, a local giving circle, and complimentary shipping from Best Courier and Delivery Service.

Fox and Trove is on a mission to empower kids to change the world by teaching them how to be kind and brave. Their **Kindness Curriculum**, '*World Changers in the Classroom™*', compliments their current program of **Kindness Assembly Programs** for preschools and kindergarten classrooms, **World Changer Club**, an after school program, and **World Changer Camp**, a summer camp for kids ages 3-6.

"We are thrilled to receive this donation from Community Purse! Inspiring children to be World Changers is at the heart of everything we do at Fox and Trove, and it's the reason we wrote this kindness curriculum. We want to help raise a new generation of little activists; peaceful and empowered World Changers who use their voice for positive social change!", shared Jami Schaer, Founder and President of Fox and Trove.

World Changers in the Classroom™ is a kindness curriculum designed to help young learners develop the skills necessary for positive social-emotional development. In age-appropriate, play-based lessons, the kindness curriculum focuses on the important kindness and bravery skills of empathy, self-calming, emotion regulation, conflict resolution, resilience, inclusion, acts of kindness and the concept of being a world changer. Teaching these skills to children during the early formative years of 3 - 6 helps to instill positive behaviors before negative behaviors take shape, and provide children with the tools they need to succeed socially, emotionally and academically.

The program is currently being used by a few area schools. “We have seen such a positive change in our students who attended Fox and Trove’s summer camp, and just ecstatic that the program will be distributed to over 100 schools. The more kids it touches the better! Who doesn’t want to teach children about being kind, and solid core values?” says Peggy Coleman, a Libertyville teacher who is a huge advocate of Fox and Trove’s program.

Fox and Trove believes every child should have access to their kindness program no matter their circumstance or demographic. Their ultimate goal is to have their Kindness Curriculum online for free to all children - globally. Donations, Grants and Partnerships will help Fox and Trove achieve this goal.
