Blickle

Series: LK-POTH, BK-POTH, BH-POTH

Pressed steel castors, medium heavy duty brackets, with top plate fitting, wheel with thermoplastic polyurethane tread

子 200 - 600 kg

√RoHS

Brackets: LK/BK/BH series - Made of heavy pressed steel, swivel bracket with double ball bearing in the swivel head, strong central kingpin (wheel-Ø 150-200 mm), swivel head seals. The special Blickle dynamic riveting process of the swivel head results in minimal swivel head play and smooth rolling characteristics with an increased service life achieved by the work hardening of the ball race grooves. Bolted wheel axle.

Zinc-plated, blue-passivated, Cr6-free. Bracket overview: Page 66 Top plate drawings: Page 77 Wheel and swivel head 'stop-fix' brake: Page 80

Wheels: POTH series - Tread: Made of high-quality thermoplastic polyurethane, 94° shore A, dark grey, non-marking, non-staining.

Wheel centre: Made of high-quality, impact-resistant nylon, natural white.

Bearing types: Plain bore, roller bearing, two pressed-in ball bearings or a centrally encapsulated ball bearing (C). Detailed description: Page 213 and 47
