

Back Bar Protocol

There are no rules... merely suggestions.

All of our collagen products contain Aloe Vera, Marine Plant Collagen, Vitamins C & E and Hyaluronic Acid. **They do NOT contain any Parabens or Dyes.**

Product Usage

When using **EYES, FACE, NECK or LIPS by ToGoSpa™** during a treatment:

- Open the package prior to the treatment, before you have any other products on your hands. Simply leave mask in clear tray with silver film covering pad until ready for use.
- When using **FACE**, take care to detach the eye area of the package to avoid tearing the mask.
- When using **EYES**, if slippage is a issue, squeegee the mask between two fingers to remove excess serum. This will help keep the mask in place.
- Eye pads are reversible. If targeting crow's feet, place the larger portion to the outside of the eye. If dark circles are the target, place the larger side under the eye towards the nose.
- Eye pads are also flippable. Use above and below the eye for a full 360° de-puffing effect.
- **NECK** is slippery and should only be used lying flat.
- For the best effect, leave **EYES** and **LIPS** in place for 15 - 20 minutes, and **FACE** and **NECK** in place for 20 - 40 minutes.
- When treatment is complete, simply remove mask and discard. Massage remaining product into skin.

Product Tips

- **EYES** can be refrigerated, (but NOT frozen) for an extra cooling and de-puffing experience.
- **EYES** are great for jet lag, hangovers, fatigue, sunburns, a pre-photo quick fix, and bad attitudes! They offer instant visible results. If your client has chronic dark circles and/or under eye bags, we do recommend daily use for maximum results.
- Back bar ToGoSpa products are available for back bar/professional use as well as retail sales. Utilizing ToGoSpa products in salon and spa services is a perfect way to introduce your clients to ToGoSpa products, prolong the spa experience and make your spa stand out.
- ToGoSpa masks are the perfect service enhancement for massages, manis, pedis, facials, blow outs, post-injectables, post-waxing and chatty clients.

Formulas

Here's some tips to help you decide which one might be your favorite, but remember - **there is no wrong formula!**

Ice Water - The De-Puffer

Cool soothing relief for dry, tired and puffy eyes. This formula is especially good for headaches, allergies, fatigue and bad attitudes.

Available in EYES and FACE & NECK Packs

Green Tea - The Dark Circle Warrior

Taurine and Green Tea Extract promote circulation for that extra tingly stimulation. This formula is particularly good for dark circles as well as dark moods.

Available in EYES

Coconut & Vitamin D - The Sunshine Mask

Coconut Extract and Vitamin D make this formula super hydrating to soothe and repair dry eyes or lips. The intoxicating aroma provides the perfect staycation.

Available in EYES and LIPS

Bamboo Charcoal - The Hangover Mask

Bamboo Charcoal absorbs impurities and detoxifies the skin leaving skin bright and re-energized.

Detox to Retox. **Available in EYES**

Pomegranate - The Time Traveler

Resveratrol and Pomegranate Extract make this formula the anti-aging powerhouse. Good for wrinkles, crows feet and sagging under eye bags.

Available in EYES

Gold - The Baggage Handler

24K Nano Gold promotes a healthy and radiant complexion. This formula is perfect for those that want to brighten tired eyes and reverse the signs of aging.

Available in EYES

Rose Gold - The Sparkle Bomb

This formula does it ALL with Resveratrol, Rose Extract and Gold. Soothe, hydrate, reduce fine lines and wrinkles and leave skin glowing.

Available in EYES, LIPS and FACE & NECK Packs

Silver - The Illuminator

Silver hydrates and nourishes skin with Resveratrol and Silver Powder. This formula promotes wrinkle reduction and overall skin health.
