#### **Piecing the Blocks**

Arrange the pieced units according to Fig. 1. Piece the Strip Set 2 unit to the top of one Fabric B 3 ½ x 12 ½-inch rectangle.

Next piece two Strip Set 1 units to either side of one Fabric A 6 ½ x 7 ½ inch rectangle. Piece the two units together to create a 12 ½-inch square. Repeat with all remaining units to create a total of 15 blocks.

Piece the blocks together in rows of 3 blocks, rotating alternative blocks 180 degrees to create the basket weave effect. Piece the rows together, carefully matching seams.

## Piecing the Border

Piece one Fabric C 3 ½ x 40-inch strip to the top and bottom edges of the quilt. Trim the corners square. Next piece the remaining four Fabric C 3 ½ x 40-inch strips together with a diagonal seam. Cut two 3 ½ x 68-inch strips from this long strip and piece to both sides. Trim the corners square and give the quilt a final press and it will be ready for quilting.
