PNMP ENROLLMENT FORM

(Potatoes)

Complete this form to enroll fields in the Potato Nutrient Monitoring Program (PNMP). Please submit a separate form for each grower/location. The Plant Monitoring ID (PMID) is a sample identifier for a particular field or location and will be assigned by the lab during enrollment setup. Each PMID will be unique for this account number. We will enter the information provided on this form and then create pdf versions of of a PNMP submittal form and bag labels to print as needed.

A&L Account:

Company Name: Grower/Location:			
PMID	Field Name	Variety	Emergence Date
