Selfie Stick Model: SJ01

Contains

1. Selfie stick with built-in Bluetooth shutter and phone mount
2. Wrist strap
3. Water-proof carry bag
4. USB cable
5. User manual

Selfie Stick User Manual

1. Long press the power button for 2 seconds to turn on the Bluetooth Selfie Stick. Slow flashing of blue light indicates matching status, when the device is searchable by cell phones. Device name is "Selfie SJ01".
2. The blue light stops flashing when the matching is completed successfully. Short press the shutter button to take photos.
3. Long press the power button for 3 seconds to power off.
4. If no action is taken place within 3 minutes after successful connection, the Bluetooth Selfie Stick will enter standby mode to save power. Short press the shutter to wake it up. If no action is taken place for 1 hour, the selfie stick will automatically be turned off.
5. If you are unable to take photos successfully, please check the battery level. Please recharge the Bluetooth Selfie Stick with USB cable if necessary.

Warning

1. Do not dismantle or modify the product;
2. Do not store the product in wet conditions;
3. Do not keep or use the product near the heat sources;
4. Do not let water or any other liquid flows into the inside part of the products' interface. This would cause damages to the product.

Disposal of Electronic Products

1. Do not place the product as household wastes;
2. Please dispose of discarded electronic products properly according to local regulations;
3. We encourage you to participate in electronics recycling program.
