

E SERIES 2-POST LIFTS

Challenger's E Series lifts provide symmetric lifting capability with adjustable height to accommodate higher profile vehicles. The E12 model features a pulley-less jacketed single-point lock release system designed to last. All necessary adapters are included. Available in red or blue. ALI/ETL certified.

Stack adapter set and single screw footpad with engineered frame engagement included

E12 | 12,000 LB. CAPACITY

» 2-post symmetric lift

E15 | 15,000 LB. CAPACITY

» 2-post heavy-duty symmetric lift

CL Challenger Lifts

FEATURES & BENEFITS

- » ALI certified
- » 12,000/15,000 lb. lift capacity
- » Heavy-duty 2-stage arms enable a wide range of symmetric lifting
- » Single point mechanical lock release allows technician to disengage both columns simultaneously
- » Heavy-duty polyurethane screw pads accommodate a wide range of recommended lifting points
- » Adjustable column height accommodates higher profile vehicles and provides maximum headroom to work underneath vehicles
- » Padded overhead shut off system prevents vehicle damage
- » Powder coat finish provides long-lasting durability
- » Plated arm restraints and arm pins inhibit rust and provide long-lasting durability
- » Standard dual integrated rubber door guards help protect vehicle panels from inadvertent damage
- » Jacketed pulley-less single-point mechanical lock release system that was once exclusive to our CL Series (E15 only)
- » Adjustable footpads, stack adapters, and organizer rack come standard

OPTIONAL ACCESSORIES

- » 2' column height extensions available for E12 model to accommodate higher profile vehicles
- » Air/electric work station
