- Hand adjustable windage/elevation adjustments
- Quick target acquisition
- 600 yards laser visibility at night
- Up to 50 yards laser visibility in daylight

INCLUDED ACCESORIES

- Battery
- Adjustment tool

About

Designed to mount to most compact or subcompact pistols, the Firefield Compact Green Pistol Laser Light Combo is a multi-functional laser and flashlight aiming device. Featuring an ambidextrous digital switch activation, it's ideal for both right- and left-handed shooters to use. Powered by a CR2 battery, the device features three modes: laser only, flashlight only, and a combo of the two. The 5mW green laser and 180 lumen flashlight deliver clear visibility of the target and precision accuracy, perfect for home defense application.
