

Product feature

- Specially design for COB spot light,tigh & simplified,unique concept image guarantees and outanding visual element..
- Adopting ADC12 die-casting aluminium integrated radiator with good heat dissipation.
- Anti-glare plastic front cover design, integrated die-casting aluminium body combination with high efficiency PC reflector to ensure that the light is more soft and comfortable.
- 3-phase track adaptor compatible with global Nordic track, single phase track compatible with HALO track, easy to maintain and replace COB chip and driver.
- Famous brand chip and cUL listed isolated power supply, safe and reliable.
- Constant current and Dimming are available.

- Finish color: White, Black
- Socket type: COB LED
- Volts: 120V -277v
- Maximum wattage: 20 watt
- Lumen: 1600lm
- PF: >0.9
- CRI: 80+/90+
- CCT: 2700-6000K
- Triac Dimmable Optional and Constant current
- Switch: hardwired
- Reflector lens material and color: frosted opal / clear
- Beam angle: 15D & 24D & 36D
- Photometric: IES file & optical sphere file are separate

Mounting:

Compatible with L style track system, 2wire 7/8 inch
aprt

Electrical:

Input Voltage: 120V/277V AC 50/60 Hz

Location :

Dry

Certificate:

ETL & cETL.

Warranty:

Five-years warranty.

DIMENSIONS:

Accessories are available

Frosted

Clear

Honeycomb
