

Aurora Ministries is a 501(c)3 public charity and we serve the Lord by making His Word available in accessible formats to those who are blind, visually impaired & print handicapped.

In addition to our ministry to the blind and print-handicapped, we serve missionaries, short-term mission teams, churches, humanitarian, and educational organizations with solar powered tools to share the gospel in nearly any language, through our partnership with Megavoice.

Matthew 28:19-20 – The Great Commission

After his resurrection from the dead, Jesus told his disciples, “Go therefore and make disciples of all the nations, baptizing them in the name of the Father and the Son and the Holy Spirit, teaching them to observe all that I commanded you; and lo, I am with you always, even to the end of the age.”

For almost 2,000 years, Jesus’ words have directed His followers to reach people everywhere with the Good News. By 2015, 2.3 billion people, almost a third of the world’s population, identified itself as Christian. While that is certainly an encouraging figure, the task assigned to the Church to reach every language group is yet to be completed.

The world’s 7,100 languages are spoken by 7.4 billion people, more than half of whom are oral learners – people who are unable to read or prefer to learn by listening. If people cannot read, or choose not to, the Bible’s redemptive message remains silent. That is why, in 1988, our founders felt called to break the silence by creating the first solar powered audio Bible. 30 years later, thanks to distribution efforts by hundreds of partnering ministries, God’s redemptive message on MegaVoice audio Bibles has been heard by millions of people speaking thousands of languages.

Finishing the task – Together we can do it!

MegaVoice serves the global Church with affordable, technologically advanced solar powered audio Bibles and digital accessories.

By God’s grace, and working for His glory, together we will help finish the Great Commission.

If you or your ministry would like to know more, please contact our Media Center in the United States, which is operated by Aurora Ministries.

The Envoy 2 Audio Bible Player

This rugged, little, solar audio Bible is being used worldwide to communicate with non-readers, illiterate, visually impaired and blind people.

Because the MegaVoice is solar powered, our audio Bibles are totally independent of electricity. Solar powered is a valuable feature in countries like India where millions are without electrical power. And as the natural disasters occur, the MegaVoice audio Bible keeps on speaking the comfort of God’s Word in spite of the fact that most electrical systems in the country can be badly damaged.
