

Flod Tables

Flod Tables

With their intriguing, asymmetrical profile, the Level Tables presents a modern expression based on a solitary geometric form: its frame made from a single continual line. With two levels that offer ample surface space, the table is ideal for extra storage. The Level Tables crafted from powder coated steel, and can be used both indoors and out.

Life is full of contrasts

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.

Space to feel comfortably you
