

NEU 12

PRODUCT FACT SHEET

NEU 12

DESIGN BY HAY, 2019

Neu 12's ergonomically moulded shell is reinforced with an aluminium construction under the seat to provide extra strength and durability. The inelygrained plastic adds textural interest, while the rim detail gives the design structure and solid wooden legs complete the perfectly defined profile. In the upholstered version, a delicate stitching line runs across the seat, while a piping detail accentuates the chair's raised rim. Its robust, comfortable structure and flexible design options make it the ideal choice for both private and public environments.

HIGHLIGHTS

- Robust and comfortable chair.
- The chair is reinforced with an aluminium construction under the seat to provide extra strength and durability.
- Variety of shell colours and base finishes.
- FSC™ certified.
- Available with plastic shell and solid oak legs (Neu 13) and full upholstery in a large selection of fabrics and leathers.
- The chair is also available with swivel base (Neu 10).
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

DIMENSIONS

WIDTH 46 CM

DEPTH 52,5 CM

HEIGHT 82 CM

SEAT HEIGHT 46 CM

SEAT WIDTH 40 CM

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
