HAY

Palissade Collection New Variants

Designed by French brothers Ronan and Erwan Bouroullec, Palissade is a collection of outdoor furniture for HAY in powder coated steel. United by a common principle of symmetrical geometry, the Palissade collection is engineered to reproduce the same visual simplicity and core strength throughout.

Originally designed in a classic tone of olive green and other neutral colours, Palissade is now available in a new shade of iron red that brings a fresh slant to the existing selection. The rich colour is to integrate into most outdoor settings, bringing warmth to its surroundings while becoming more beautiful over the years. The collection is suited to a wide variety of environments, from cafés and restaurants to gardens, terraces, and balconies.

PALISSADE CUSHION COLLECTION

Adding extra comfort and functionality to the Palissade and Palissade Park collections, the Palissade Cushion is specially formed to fit each Palissade model perfectly. Available in two variants depending on the model – a thin, slightly padded variant and a quilted version with Velcro® fastening. All variants feature an anti-slip bottom to keep them securely in place and are crafted in Teflon®-coated fabric for a water-repellent finish. The fabric has a high UV resistance, meaning it is fade-resistant with good colour fastness properties. The cushions are available in four colours and can be used all year round.

HAY

PALISSADE HOT GALVANISED COLLECTION

DESIGN BY RONAN & ERWAN BOURULLEC, 2018

Designed by French brothers Ronan and Erwan Bouroullec, the range of hot-dip galvanised Palissade chairs, benches and stools were developed to supplement the existing Palissade collection of outdoor furniture. United by a common principle of symmetrical geometry, the collection is engineered to reproduce the same visual simplicity and core strength throughout. Designed in colour and form to integrate effortlessly into a natural landscape or urban setting, Palissade is intended to be used over a longer period of time and become more beautiful over the years. The furniture's longevity is greatly extended by the hot dip galvanisation process, where the steel frames are dipped in molten zinc, forming a resilient coating over the entire steel surface, protecting against corrosion and offering a maintenance-free finish. The collection is particularly suited for outdoor cafés and restaurants, public gardens or urban spaces.

HIGHLIGHTS

- An outdoor collection of hot galvanised tables, benches, chairs, stools, lounge chairs, chaise longue and sofas in varying sizes.
- Hot-dip galvanisation involves immersing steel in a liquid zinc bath to prevent rust, ensuring items a longer, maintenance-free lifetime.
- Chair and Armchair are stackable up to 8 pcs.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

PALISSADE CONE TABLE

DESIGN BY RONAN & ERWAN BOUROLLEC, 2017

Based on the desire to develop a series of tables to complement the Palissade outdoor furniture collection, French design duo Ronan and Erwan Bouroullec teamed up with HAY to create the Cone Table. Its solid base and ultra-thin steel tabletop share the same graphic design idiom as the rest of the series, enabling the table to be strong without being bulky and elegant without being fragile.

The series comprises various sizes with round and square tabletops; all featuring a stabilising concrete base. Specifically designed for outdoor use, the powder-coated steel has a protective outdoor primer for optimal durability and resilience. The collection is available in selected colours and is ideal for terraces, balconies, gardens, cafés and public spaces.

HIGHLIGHTS

- Part of the Palissade family collection comprising dining chairs, lounge chairs, stools, benches and tables.
- The table's two-component coat primer and protective coating provide a barrier against corrosive elements, making it suitable for outdoor use.
- Available in various shapes and sizes in selected colours.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

TABLETOP	COLUMN	BASE
4 mm powder coated steel.	Powder coated steel.	Concrete base.

CONSTRUCTION

The table has a spun base, sharing the same construction as the feet on the rest of the collection. The base is pre-mounted with an internal concrete stabiliser as the tabletop and base come in separate packages. The tabletop needs to be mounted to the base using 5 stainless screws with a nylon disc between. A hook has been mounted onto the base, enabling multiple tables to be securely linked together by wire.
