# CATENA MODULAR SOFA

The embracing, beanbag-inspired shape of our low-slung Catena sofa is generously dimensioned for all-out relaxation and cosiness: we call it low living. Distinguished by soft curves and top-stitched seams, the homely, module-based designs are made with innovative microcellular foam that ensures maximum comfort as well as durability. The series comprises twenty individual modules that can be combined in multiple ways to create the desired expression. Made to order in Italy, it comes upholstered in a range of fabrics and colours.

## Life is full of contrasts

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.
