

CarBuddy™ Installation Instructions

STEP 1 Secure the base to the car headrest by adjusting the hooks to grasp the metal bars of the headrest. Twist the knobs clockwise to tighten.

STEP 2. Once the base is secure, attach the mount to the base, insert the mount into the allocated slots and **PUSH DOWN** firmly to lock until "CLICK" is heard.

STEP 3. Adjust the mount to your desired orientation - portrait or landscape. Once selected turn the center knob **COUNTER CLOCKWISE** until tight and secure.

100% Satisfaction Guarantee and 1 Year Warranty

CarBuddy™ Installation Instructions

STEP 4. Spread the adjustable arms & insert the tablet making sure the arms hold the tablet from the top & bottom not from the sides.

STEP 5. Please regularly check the tightness of knobs and the clamp to make sure it is secured each time. They can loosen with regular use in a normal driving environment.

As a rule of thumb, anything in your car that is not installed by the manufacturer can become a projectile risk during an accident. Please use all products including ours in a safe manner.

If you have any issues or need any assistance, please call us at 1.866.291.8635 or email us at support@lil-gadgets.com Thank you!
