INCHES

Option 1

If you have a ring, place it on top of one of these circles to find the one that matches your size. Align the ring with one of the circles, with the inside edge of the ring fitting against the matching circle

Option 2

1. Cut along the dotted lines and a small slit next to the arrow
2. Place the sizer on your finger and slip the pointed end through the slit with the numbers pointing out
3. To tighten the ring sizer, gently pull on the pointed end, ensuring the fit is snug but comfortable
