FOR DAY TO NIGHT

'I can never resist beautiful white lace, in whatever form it comes. So the Zimmermann midi dress with endless layers of floral lace is irresistible to me. It's actually the ideal day-to-night number. Wear with flat sandals by day and then a heel and some costume jewels to jazz it up for night.'

FOR ROMANCE

'Erdem is like the jewel in the crown. His dresses are endlessly beautiful and I love the Victoriana style of this floral maxi. High-necked, long-sleeved and yet decidedly un-prim. This floral dress will carry over beautifully from the darkness of winter to the lightness of spring.'
