THE A/W 2014 FASHION ISSUE ♦ 10 SEPTEMBER 2014

WELCOME TO THE AUTUMN /WINTER FASHION ISSUE

For anyone who grew up in the UK, September has always signified a period of renewal. As children, that meant a new teacher and a new pencil case. For teenagers, it signalled a total reinvention – after a six-week hiatus, returning as a goth seemed perfectly acceptable.

As an adult, that autumnal desire to redesign ourselves hasn't diminished. The new protractor may have been replaced by a coat, but there's no denying that urge to start afresh. It's no coincidence that this ties into the biggest fashion period of the year, when designers take to the catwalks and the stores restock with tempting new pieces. So this issue we celebrate the key designers, trends and looks that will define a/w 2014 and help us to satisfy that urge to invent the new.
