

*Singer
Featherweight
Handle
&
Leaf Pattern*

Outer black line
is the cutting
line.

I used a size
16 needle and
#69 weight
thread. You
can use regular
sewing thread
but your
stitches will
not stand out
as much.

Red dotted
lines are
stitch lines,
use your
longest
stitch
length. Test
stitch length
and tension
on the test
leaf pattern.

1 inch
