

Compact mobile hot water high pressure cleaners

The Gerni NEPTUNE 2 series combines an innovative highly mobile design with great performance levels and ground breaking features. The NEPTUNE 2 series ensures low cleaning costs with reduced running costs, low storage requirements due to the compact design, and yet a high level of reliability thanks to the many safety functions and professional materials used. It is an unbeatable addition to the hot water range. The vertical design of the NEPTUNE 2 reduces machine footprint considerably, making storage and transport easy. The unit will fit easily into the corner of a workshop, a commercial vehicle or can even be hung on the wall, well out of harm's way. The ECO Power boiler offers unmatched efficiency and reduced fuel consumption for a green and cost effective way to clean.

Gerni. The only Gerni.

- EcoPower boiler with >92% efficiency and reduced fuel costs
- Robust steel frame
- Compact, vertical design reducing storage footprint
- Easy to use control panel... all controls in one place
- Ergo accessory system for additional user comfort.
- Machine protection against through low fuel safety, exhaust gas sensor, flame sensor.
- Duo Motor system
- High pressure detergent with removable detergent tank

Picture shown may not represent model quoted

Innovative compact hot water unit with unique vertical design, high performance and great reliability.

The Gerni NEPTUNE 2 series is ideal for everyday, occasional cleaning tasks in the automotive segment, for tradesmen or around small farms.
