

## Ensuring you productive and powerful cleaning with green scope

Productivity and efficiency is optimised through scrubbing and sweeping in one single pass, using the widest scrub deck on the market in its class. Power and reliability have reached a new level thanks to the introduction of the superior Kubota 1.6L LP engine. While the green aspects of cleaning, including limited use of water and detergent can be controlled to perfection using the optional Ecoflex system, guiding the operator in every situation.

The high efficiency and productivity make this machine suited for cleaning contractors, manufacturers, warehouses, parking garages, distribution centers, bus terminals, aircraft hangars, government & national accounts. Now powerful scrubbing and sweeping are made greener.

- The widest counter rotating dual cylindrical scrub deck in its class increasing the efficiency.
- Time-saving high volume tanks of 380 litres to enable cleaning of more than 9.200 m<sup>2</sup> without refill.
- Safe and easy operation with One-Touch™ control panel, front steering system and clear-View™ design providing an excellent view of the floor.
- Kubota powered engine provides superior reliability with gear driven valve train.
- Reduced maintenance costs as there is no downtime due to repair of belts or chains on the engine.
- The optional Ecoflex system provides the user with a greener and more cost-effective cleaning mode, limiting the use of water and detergent.
- Eligible for 3 year warranty (conditions apply)

Ref. no.	56108126PA	56108127PA

## PRODUCT FEATURES

Adjustable steering and seat  
 Tip out recovery tank  
 Headlights and tail lights  
 Automatic squeegee lift in reverse  
 Power steering  
 Horn  
 Cylindrical deck: 2 brushes  
 Misting system  
 Dual sweep units  
 Right scrub unit  
 Debris tray  
 Squeegee
