People. Passion. Performance.

# Get the job done

The CP range of diesel driven compressors offers the best value for money and makes sure to get the job done. They are equipped with an in-house element and high performing mechanical engine. Thanks to an additional fuel filter and heavy-duty air filters, these compressors can manage any harsh working environment, with temperatures up to 50 °C. The Global Service Net guarantees parts availability and short lead times.

## 4 Main reasons to choose

### High reliability

- High quality in-house element
- Safety cartridge
- Integrated coolant expansion tank
- Oil temperature operating status monitoring

### Easier to use

- Analog control panel
- Compact design
- Adjustable towbar
- 8-hours fuel autonomy

### More robust

- Additional fuel filter
- Heavy duty air and oil filter
- Maximum running ambient temperature up to 50°C
- -25°C cold start option
- Air outlet protection

### Easier to service

- Global service net
- Easy service access thanks to wing door design
- Free-maintenance undercarriage

## Construction equipment portfolio

### Air compressors

- Small air**
- 2-5 m<sup>3</sup>/min
  - 5.5-12 bar

- Medium air**
- 7-26 m<sup>3</sup>/min
  - 7-17 bar

- Large air**
- 16-51 m<sup>3</sup>/min
  - 7-28 bar

### Handheld tools

- Pneumatic tools**
- Breakers (13.5-43.5 kg)
  - Hammers (4.3-15.4 kg)
  - Rock drills (14.7-29.5 kg)
  - Additional air tools

- Hydraulic tools**
- Hammers and Breaker (12-39 kg)
  - Power packs
  - Additional hydraulic tools

- Motor driven tools**
- Breakers (22.5 kg)
  - Motor drills (25 kg)
  - Tie tampers (22.5 kg)

### Generators

- Mobile
- Stationary
- Portable

### Light towers

- Diesel LED and MH
- Electric LED

### Dewatering pumps

- Surface
- Submersible
- Small package
