NEWS RELEASE: SARI BARI RELEASES 2018 ANNUAL REPORT

Fort Wayne, IN March 4, 2019 – Sari Bari USA, Inc. announces the release of their 2018 Sari Bari Annual Report sharing important information demonstrating the impact of supporters in the USA and programming available to women employed by Sari Bari in Kolkata, India.

Sari Bari offers employment to women who have been exploited by the sex industry or who are vulnerable to human trafficking. Women who accept employment with Sari Bari are trained as artisans and create beautiful, hand-made products made from recycled saris. Additionally, the women of Sari Bari have access to programs to support them on their freedom journey. Individuals choose to partner in the work of Sari Bari by purchasing Sari Bari products or by donating to support these programs. In an effort to celebrate the partnership of the women of Sari Bari with donors and customers, the 501(c)3 based in Fort Wayne, Sari Bari USA, and the for-profit operations in India, Sari Bari Private Limited, release an annual report highlighting the successes of the past year.

“This year’s annual report feels particularly significant to me.” Says David Grant, Executive Director of Sari Bari USA, Inc. “Each year, our team assembles important data from the women of Sari Bari to allow them to share their own experience. After all, if the women of Sari Bari do not believe they are succeeding, we are not accomplishing our mission. I’d encourage anyone interested to flip to page seven of the report to see how they responded when asked important questions about their employment with Sari Bari. Not to spoil the surprise, but when 100% of the women believe they are finding freedom and would recommend Sari Bari as an employment option to others, that is worth celebrating. Check it out for yourself.”

Follow Sari Bari on Facebook, Instagram, Twitter, and at saribari.com for ongoing news and updates. Additionally, you are invited to visit the Sari Bari wells street location at:
1008 North Wells Street
Fort Wayne IN 46808
