

## FIT SYSTEM SPECS

So, here's the best part of our parasols: our Fit System. You can change its shape with a simple swap of four of its ribs, which we promise is really easy. Also, a new shape calls for a new design, so bring a new light to your Mills parasol without having to change its frame by purchasing a different canopy.

## [ FIT SYSTEM ]

Flexible & interchangeable technology

unique design by Mills

Using the key substitute the ribs to change between a square and a round shape parasol

### MODULAR

easy to change pieces

### PERSONALISABLE

different forms and dimensions with one structure
