COMPANY PROFILE

Founded in 1946 by Eng. Antonio Santangelo, BESA has consolidated its presence on the national market and fixed basis for the foreign market activity development.

Always leaning towards improvement and to guarantee customer satisfaction, BESA is constantly carrying out investments to optimise its production, technical and commercial activities.

Today the company proposes itself as a landmark, both regarding the production and development of its own traditional product, the « service » (through an after-sales scheduled maintenance program) and the commercialization of new products in order to meet a wide range of requirements.

Upon request BESA offers, at its headquarters, complete assistance to carry out all kind of witnessed tests.

Besa safety valves are made in a great variety of diameters and materials suitable for all major applications.
