

ROXANNE ASSOULIN

find your RA bracelet size!

We made it easy....

- Print out this page at 100%
- Cut along the dotted lines
- Wrap the paper around your wrist, the way you'd wear a bracelet
 - we like ours to fit a little loose, enough to fit a pencil between the bracelet and wrist comfortably
- See where the RA bead meets with chiclets
- Pick the size closest to your preferred fit

Don't have a printer?

No problem....

Get a piece of paper, mark it up, and use the measurements above
