# COOPER 2- SEATER SOFA

SPECIFICATION SHEET

---

## DESCRIPTION

With its thickly padded seat, back and arm cushions, the Cooper is a lesson in class and sophistication. Deep buttoning in the back harks back to a time when the ultimate in refinement was a Chesterfield sofa and 10,000 acres. Don't be fooled though, the rest of this sofa is extremely modern, with its integrated cushions providing a very contemporary silhouette. Upholstered in a soothing oatmeal colored fabric and fitted with sumptuous foam-filled cushions.

## DIMENSIONS

Width	1850mm
Height	780mm
Depth	880mm

**CODE** SO1021
