
DANILO CUSHION

SPECIFICATION SHEET

DESCRIPTION

Each and every one of our plush cushions had a life before us. We search the country for materials to recycle, ensuring nothing goes to waste. We then design each cushion from scratch, choosing the piping colours, fabric combinations and composition before sending them to our manufacturer in East London to get them made. They've been on quite the adventure before they land on your sofa.

CODE CSH013

DIMENSIONS

450mm x 450mm
